Report of Independent Auditors

To the Administrator of Retriever Medical Dental Payments 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Retriever Medical Dental Payments 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was

derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retriever Medical Dental Payments 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following description of the Retriever Medical Dental Payments 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan provisions.

General

The Plan was established on January 1, 2014 and is a defined contribution plan which provides benefits to all U.S. employees, as defined by Retriever Medical Dental Payments, LLC (the "Company" or "Plan Administrator" or "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company (the "Trustee") is the legal custodian and trustee of the Plan, ADP Retirement Services provides recordkeeping and participant services, and State Street Bank and Trust Company is the physical custodian of the Plan.

Participation

All U.S. employees of the Company who have reached 21 years of age with at least one month of employment, can participate and are eligible to begin making 401(k) contributions. All eligible employees can receive employer contributions as of the first pay period following the one-year anniversary of the employee's date of hire. Employees must additionally provide 1,000 hours of service by their one-year anniversary to be considered eligible to receive employer contributions.

Contributions

Participants can make voluntary pre-tax and after-tax contributions of 1% to 90% of their annual salary, not to exceed the 2024 limit of \$23,000 set by the Internal Revenue Service ("IRS"). In addition, participants age 50 or over are eligible to make additional "catch-up" contributions to the Plan of up to \$7,500 pre-tax or post-tax in 2024. The Company matches the 401(k) contribution at a rate of 100% of up to 3% of eligible compensation that the participant contributes. Participants are permitted to make rollover contributions from certain other qualified plans.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants' employer contribution account balances become 20% vested after two years of service (after the age of 21) and an additional 20% for each additional year of service. Consequently, after six years of service, account balances are fully vested. Additionally, account balances of participants reaching age 65, or becoming permanently disabled while still employed with the Company, are deemed to be fully vested.

Forfeited Accounts

Upon termination, a participant's nonvested portion of the employer contribution is forfeited on the termination date. Forfeitures may be used to reduce future employer contributions. There were \$42,175 of forfeitures during the year ended December 31, 2024 which were applied against employer contributions. Forfeiture balances were \$12,965 and \$12,396 as of December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant's account is credited with allocations of the Company's contribution and account earnings based on the investment activity in the period. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Retriever Medical Dental Payments 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

Investments

Each participant's account is credited with his/her contribution during the plan year. Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, taking into consideration the participant's vesting in the employer's contribution as provided in the Plan. Most costs of plan administration are absorbed by the Company.

Notes Receivable from Participants

Participants may borrow from their vested contributions in the Plan up to the lesser of \$50,000 or 50% of the value of their vested contributions, subject to certain other restrictions. Generally, the loan must be repaid with interest (prime rate plus 1%) within five years. However, if the loan is used by a participant to purchase a principal residence, the Plan Administrator may permit a longer repayment term. The loans bear interest at rates that range from 4.25% to 9.50% as of December 31, 2024 and December 31, 2023. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon reaching age 65 or becoming permanently disabled, a participant may elect to receive vested benefits in the form of a lump sum distribution, substantially equal installments, or partial withdrawals. If the participant is still employed at age 65, they may elect to defer receipt of benefits in accordance with IRC §401(a)(9) required minimum distribution provisions.

Upon termination of employment before age 65, a participant with a vested balance greater than \$7,000 may elect to have their vested account balance distributed to the participant or transferred to another qualified plan. Otherwise, vested account balances may remain in the Plan and earn investment income until pay-out at age 65 in the form of a lump sum distribution or a lifetime annuity.

Participants with a vested balance less than \$7,000 will have a distribution made directly to the participant. Benefits over \$7,000 can be distributed (in addition to one lump sum payment or direct rollover) either in monthly installments or the payments can be deferred in accordance with IRC §401(a)(9) required minimum distribution provisions.

In the event of the death of the participant, the surviving spouse, an alternate payee, or another beneficiary may be able to treat the payment as a lump sum distribution if the employee met the appropriate age requirements.

Effective April 1, 2024, the Plan was amended to allow active employees to take hardship withdrawals no less than \$500 and no more than \$1,000 from all participant contribution sources.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The following is a summary of significant accounting policies.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and

changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various registered investment companies (mutual funds). Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, foreign exchange rate, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or an international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investments and Investment Income

Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, "Fair Value Measurement," ("ASC 820"), which defines fair value, establishes the framework and gives guidance regarding the methods used for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

- **Mutual funds:** valued at net asset value ("NAV") of shares reported in the active market in which the individual fund is traded. The Plan considers the published NAVs of its investments to be readily determinable fair value in accordance with US GAAP.

The following tables present the placement in the fair value hierarchy of assets that are measured at fair value at December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024					
	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at Net Asset Value (NAV)	Total
Mutual funds	\$ 11,797,139	\$ -	\$ -	\$ -	\$ 11,797,139

Investments at Fair Value as of December 31, 2023

4. Related Party and Party-in-Interest Transactions

Plan investments are managed by the Trustee or related parties of the Trustee, and accordingly, these transactions qualify as party-in-interest transactions. The Company pays for most of the expenses incurred in the administration of the Plan. Fees incurred by the Plan for the investment management services are included in administrative expenses.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2024, disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from the information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company.

The following is a summary of the Plan's investment information certified by the Trustee as of December 31, 2024 and 2023 and for the year ended December 31, 2024, as complete and accurate:

	2024	2023
Assets		
Investments, at fair value	\$ 11,797,139	\$ 8,972,285
Notes receivable from participants	221,900	212,367
Investment income		
Dividends	\$ 387,495	
Net appreciation in fair value of investments	1,046,250	
Interest income on notes receivable from participants	15,504	
Total investment income	<u>\$ 1,449,249</u>	

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Federal Income Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated October 6, 2020 that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC") and is qualified under Section 401(a) of the IRC. The Plan has been amended since receiving that determination letter; however, the Plan Sponsor and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

December 31, 2024 and 2023

US GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the Statements of Net Assets Available for Benefits at December 31, 2024 and 2023 to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 12,062,815	\$ 9,223,303
Less: Employer contributions receivable	(43,776)	(38,651)
Less: Deemed distribution of participant loans	-	(6,577)
Net assets per Form 5500	<u>\$ 12,019,039</u>	<u>\$ 9,178,075</u>

The following is a reconciliation of the net increase in net assets available for benefits per the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 to net income per the Form 5500:

Net increase in net assets available for benefits per financial statements	\$ 2,839,512
Plus: Prior-year deemed distributions of participant loans reclassified in 2024 as offsets to benefit payments	6,577
Less: Employer contributions receivable as of December 31, 2024	(43,776)
Plus: Employer contributions receivable as of December 31, 2023	<u>38,651</u>
Net income per Form 5500	<u>\$ 2,840,964</u>

Transfer of assets to the plan is separately stated and excluded from the calculation of net income per Form 5500. Transfer of assets to the plan per the financial statements is included as a rollover contribution per the Statement of Changes in Net Assets Available for Benefits.

9. Subsequent Events

The Plan evaluated subsequent events after December 31, 2024 through October 15, 2025, the date the financial statements were available to be issued, and identified no additional subsequent events requiring recognition or disclosure in the financial statements other than as described below:

Effective January 1, 2025, the Plan trustee changed from Reliance Trust Company to ADP Retirement Trust Services, LLC. The trustee certification of investment information for the year ended December 31, 2024 remains that of Reliance Trust Company.
