Employees Primary 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employees Primary 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements are comprised of the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at Year End) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees Primary 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note A - Description of Plan

The following description of Employees Primary 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined contribution plan operated by Petroleum Transport Company, Inc. (the "Plan Administrator") and covering participating employers and controlled groups which have adopted the Plan (collectively, the "Participating Employers"). The Plan covers substantially all employees of the Participating Employers who have one year of service and are age 21 or older. The Board of Directors of the Plan Administrator controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may authorize the Participating Employers to withhold up to 100% of pre-tax annual compensation, not to exceed the maximum contribution allowed by Internal Revenue Service ("IRS") regulations as defined in the Plan. The Plan permits participants over the age of 50 to make additional contributions known as catch-up contributions to the maximum amount allowed by IRS regulations as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. During 2025 and 2024, the Participating Employers elected to make safe harbor matching contributions equal to 100% of the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, based on employee pretax and Roth contributions to the Plan each payroll period. Additional amounts may be contributed at the discretion of the Participating Employers' Board of Directors. During the years ended December 31, 2025 and 2024, the Participating Employers did not make additional discretionary contributions to the Plan. Contributions are subject to certain IRS limitations.

Investment Options

Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Participating Employers contributions into various investment options offered by the Plan. The Plan currently offers a series of varied risk pooled separate accounts and a guaranteed interest account as investment options for participants.

Employees Primary 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note A - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Participating Employers' contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own and safe harbor contributions plus earnings thereon. Vesting in the Participating Employers' discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested when they attain normal retirement age or if a participant terminates employment on account of death or as a result of becoming disabled. Before obtaining two (2) years of continuous service, the participant is 0% vested. A participant's interest in the contributions of the employers become vested 20% after two (2) years of service and is 100% vested after three (3) years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures

Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. The nonvested portion of terminated participants' account balances is used to reduce future employer contributions and/or administrative expenses. As of December 31, 2025 and 2024, no forfeited nonvested accounts were available to reduce employer contributions. During 2025, forfeitures were not utilized to reduce employer contributions or pay administrative expenses.

Notes Receivable From Participants

The Plan does not allow for loans to participants.

NOTES TO FINANCIAL STATEMENTS

Note B - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Participating Employers, as provided by the Plan Document. Certain administrative functions are performed by employees of the Participating Employers. No such employees received compensation from the Plan.

Income taxes

The IRS has determined and informed the Plan's volume submitter on June 30, 2020 that the Non-Standardized Pre-Approved Profit Sharing Plan With Cash or Deferred Agreement ("CODA"), as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Employees Primary 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note B - Summary of Accounting Policies (Continued)

Income taxes (Continued)

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized as of December 31, 2025 or 2024.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine tax audits by jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to informational return examinations for years prior to 2022.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2026, the date which the financial statements were available to be issued.

Note C – Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company, the Custodian.

	<u>2025</u>	<u>2024</u>

Net appreciation in fair value of investments	1,945,368	

Employees Primary 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note D – Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 Fair Value Measurement, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Pooled separate accounts: Units held in the pooled separate accounts are valued at the Net Asset Value (“NAV”) based on the fair market value of the underlying investments of the account less its liabilities. The NAV is used as a practical expedient to estimate fair value.

Guaranteed interest account: Investment option valued at fair value by discounting the related cash flows based on guaranteed return of principal plus compound interest earned over a defined term of 3, 5, or 10 years; provided all contributions remain in the account until the end of the guaranteed period.

Employees Primary 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note D – Fair Value (Continued)

Investments measured at the NAV practical expedient are summarized as follows:

	2025 <u>Value</u>	2024 <u>Value</u>	Redemption <u>Frequency</u>	Redemption <u>Notice Period</u>
Pooled separate accounts:				
Equities	\$ 1,276,995	\$ 2,066,237	Daily	None
Lifecycle	8,699,509	5,813,742	Daily	None
Fixed income	624,091	786,630	Daily	None
International	633,211	591,166	Daily	None
Small cap	267,834	401,275	Daily	None
Mid cap	232,139	337,570	Daily	None
Large cap	2,300,164	1,359,163	Daily	None
Aggressive growth	<u>631,640</u>	<u>348,491</u>	Daily	None
Total	<u>\$ 14,665,583</u>	<u>\$ 11,704,274</u>		

There were no unfunded commitments for these investments as of December 31, 2025 and 2024.

The investment objectives for the registered investments measured using the NAV are as follows:

Equities: To invest in a broad diversified portfolio of foreign and domestic common stocks to meet a specified favorable long-term rate of return.

Lifecycle: To invest in a diversified asset allocation which adjusts over time to be more conservative as retirement nears.

Fixed income: To invest in a broad range of fixed income securities with high income yields, returns that outpace inflation, or returns that are designed to track a specified inflation index.

International: To invest in equity securities of foreign issuers, generally in at least three countries other than the United States to meet a specified favorable long-term rate of return.

Small cap: To invest in small cap equity securities within its benchmark index or in small cap equity securities focused on companies across a wide range of sectors, growth rates and valuations that have favorable prospects for significant long-term capital appreciation.

Mid cap: To invest in mid cap equity securities that have the potential for strong earnings or sales growth or that are undervalued based on various financial ratios.

Employees Primary 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note D – Fair Value (Continued)

Large cap: To invest in large cap equity securities focused on companies in new and emerging areas of the economy with distinctive products or promising markets or large cap equity securities that are deemed undervalued by the fund's management team.

Aggressive growth: Aggressive growth investors have very long time horizons and/or are very comfortable with volatility exposure necessary to generate long term equity returns. As a result, in addition to large cap U.S. equity, U.S. small cap and foreign developed equity, the additional asset classes used consist of emerging market equity and U.S. technology. Large cap U.S. exposure will range from 40-60% whereas all other asset classes referenced herein will range from 10-15% each.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

* Certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

Note E – Related Party and Party In Interest Transactions

Certain Plan investments are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays third party administrative fees, investment advisory fees, and custodial fees. Fees paid using Plan assets during the year ended December 31, 2025 totaled \$26,794. These fees were based on customary and reasonable rates for such services. The Plan Administrator directly pays any other fees related to the Plan's operations. The Participating Employers also provide certain accounting and administrative services to the Plan for which no fees are charged.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
