INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Participants of
NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
Ayer, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nasoya Foods USA, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note A - Description of Plan

The following description of Nasoya Foods USA, LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Nasoya Foods USA, LLC. (the "Company"), except leased employees, certain nonresident aliens and union employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to defer any percentage of their compensation not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415; \$23,500 and \$23,000 per annum for 2025 and 2024, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to contribute an additional \$7,500 in both years of 2025 and 2024. For 2025, participants ages 60 to 63 are eligible to make increased catch-up contributions up to \$11,250 under the SECURE 2.0 Act. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contribution into various investment options offered by the Plan. Employees become eligible to begin receiving matching contribution when employees have attained age 18 and completed three months of eligible service. The Company may make discretionary employer matching contributions as well as discretionary profit sharing contributions. For 2025, the Company contributed 50% of participant contributions up to the first 6% of Plan Compensation. In order to share in discretionary profit sharing contribution, a participant must have attained age 18, completed six months of eligible service, completed 1,000 hours of service during the Plan year, and be employed on the last day of the Plan year. There were no discretionary profit sharing contributions for 2025. Plan participants may direct their entire account balances to any of the various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and the Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on equivalency method and vesting Year of Service. Vested percentage in participant's account attributable to employer matching and profit sharing contributions are determined under the following schedule.

Vesting Schedule	
Years of Vesting Service	Percentage
Less than one year	0%
One year	25%
Two years	50%
Three years	75%
Four years or more	100%

1,000 hours of service constitute a year of vesting service.

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of one-half of their vested interest in the Plan or \$50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan. Participants may have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at prime rates on the issuance date plus 2%. As of December 31, 2025, interest rates on loans to participants ranged from 5.25% to 10.50%. Principal and interest are paid ratably through each pay period's payroll deductions.

Top-Heavy Plan

If more than 60 percent of assets in the Plan are held by employees who are considered key employees, the Company may need to make an additional contribution to the Plan for participants who are not key employees.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a single lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

If an employee is terminated before fully vested in the Company's contribution portion of his or her account, such unvested amount is forfeited. Forfeitures may be applied first to payment of plan administration expenses. Any remaining forfeitures are used towards the Company's matching contributions. As of December 31, 2025 and 2024, the balance of unallocated forfeiture totaled \$8,376 and \$10,344, respectively.

SECURE 2.0 Act of 2022

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE 2.0") was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates. Significant provisions include the following:

- The required minimum distribution (the "RMD") age was increased from 72 to 73, effective January 1, 2023, and to age 75, effective January 1, 2033;
- The excise tax for failure to take RMDs was reduced from 50 percent to 25 percent of the RMD amount that was not taken, beginning January 1, 2023; and
- Beginning in 2026, catch-up contributions for certain participants whose prior-year FICA wages from the employer exceed the applicable indexed threshold are required to be designated as Roth 401(k) contributions.

The Plan will incorporate changes in its Plan document and administration to the extent required by the SECURE 2.0 Act.

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments including mutual funds and investment contracts. These investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract described in Note E, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The fair value of the Plan's mutual fund investments is determined by quoted market prices on the last day of the Plan year. The Plan's common/collective trust fund investments are valued at net asset value per share (or its equivalent) as of year-end. Investment transactions are recorded as of the trade date. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note C - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, as applicable (collectively, "Empower").

The investments included in the certified information consisted of the following:

	2025	2024
Common/collective trust funds	\$ 4,301,762	\$ 3,557,087
Registered investment companies	1,231,949	896,751
Insurance company general account	23,442	21,608
Total investments	<u>\$ 5,557,153</u>	<u>\$ 4,475,446</u>

Note D - Fair Value Measurements

Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value as it relates to financial assets and liabilities and to nonfinancial assets and liabilities measured at fair value on a recurring basis. That framework provides a three-level valuation hierarchy based upon observable and unobservable inputs, with preference given to observable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

* In accordance with Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820)*, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient for fair value, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note E - Group Annuity Contract

In 2023, the Plan entered into a custodial guaranteed interest option group annuity contract that has been issued by Empower as custodian. The custodian of the Plan maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a semiannual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events, such as a merger, acquisition, partial plan termination, or other employer-initiated events, may limit the Plan's ability to transact at contract value with the issuer. The Plan administrator believes that the occurrence of any such event that would limit the Plan's ability to transact at contract value with participants is not probable.

The guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

Note F - Party-in-interest Transactions

The Plan invests in the EI Fixed Account – Series Class I, a group annuity contract issued by Empower. The Plan also permits loans to participants. These transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are exempt from the prohibited transaction provisions of ERISA, provided applicable conditions are met.

Note G - Federal Income Taxes

The Plan has adopted a pre-approved plan document sponsored by Pentegra Services, Inc. The IRS has issued a favorable opinion letter to Pentegra Services, Inc., indicating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the issuance of the IRS Opinion Letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the related trust is exempt from federal income taxes under Section 501(a) of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In such event, all participants would become fully vested in their account balances.

NASOYA FOODS USA, LLC 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note I - Subsequent Events

The Plan Administrator has evaluated subsequent events through September 14, 2026, the date the financial statements were issued under FASB ASC Topic 855, *Subsequent Events*.
