Independent Auditors' Report

Plan Administrator, Plan Trustee and Plan Participants
Scranton Counseling Center Health Benefit Trust
Scranton, Pennsylvania

Opinion

We have audited the financial statements of Scranton Counseling Center Health Benefit Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

190 Lathrop Street, Kingston, PA 18704 Phone: 570-283-2727 Fax: 570-283-1670

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2025 and supplemental schedule H, Line 4j – schedule of reportable transactions for the year ended December 31, 2025 are presented for the purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the

audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2025
(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2024)

NOTE 1 Description of plan

The following description of the Scranton Counseling Center Health Benefit Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The trust related to the Plan was established on July 1, 2019.

General

The Plan provides medical and prescription drug benefits. The Plan covers full time employees and their covered dependents of Scranton Counseling Center (the Center). Enrolled employees may select individual or tiered family coverage and may withdraw from the plan at any time. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

The Plan provides medical and prescription drug benefits.

Stop-loss coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits for medical and prescription drug benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). The Plan's stop-loss coverage amount is $110,000 per individual and provides coverage up to a maximum of $1,000,000 for the year.

Stop-loss insurance proceeds netted against stop-loss insurance premiums paid totaled $1,685,466 of net stop-loss insurance proceeds received for the year ended December 31, 2025.

Self-insured benefits

All other plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processor under an administrative service only (ASO) arrangement. The Center funds the health benefits through the use of a trust established by the Veris Benefits Consortium, LLC (Consortium) for the Plan. Monthly contributions are made to the trust in an amount sufficient to cover expected claims and administrative expenses of the Plan, in excess of participant contributions. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Contributions

The Plan is contributory. Participants are responsible for copayments, deductibles, and coinsurance amounts, if applicable and dependent on the level of coverage. Employees pay a flat rate toward their coverage and that of their dependents, which varies depending upon which medical plan options are selected. The Center makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Center on a pay-as-you-go basis.

COBRA

The Plan offers continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA) for a specified period of time to qualified employees and their dependents, if they so elect. Each qualifying individual pays the applicable premium directly to the service provider.

Administrative expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and actuary. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Center on behalf of the Plan.

Plan administration

The Plan provides health benefits through the Consortium for private sector employers. The Center is a participating member of the Consortium and executed an agreement to administer the Plan through the Consortium. The Plan trustee is the fiduciary of the Plan, with full authority to control and manage the operation and administration of the Plan.

The Center has engaged third parties to act as service providers. The Center also entered into a membership agreement with the Consortium whereby the manager of the Consortium will perform administrative services on behalf of the Plan including development of the program with respect to eligibility and underwriting standards, placing stop-loss insurance, coordination of regulatory compliance and document preparation.

The Center also entered into an agreement with an insurance provider to administer the health benefits under the Plan in accordance with its policies and procedures. The insurance provider invoices the Plan for claims paid on a weekly basis.

The service providers charge an administrative fee related to the services performed, of which certain administrative expense is paid from the Plan's trust account. These service providers noted above are considered parties in interest under ERISA.

In addition, the Plan's other administrative expenses are paid either directly by the Center or by the Plan.

Plan termination and modification

Although it has not expressed any intention to do so, the Center has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the Center must pay the claims incurred and expenses of the Plan due up to the date of termination plus extended benefits, if any, provided under the Plan.

NOTE 2 Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Claims incurred but not reported

Plan obligations at December 31, 2025 and 2024 for claims incurred but not reported are estimated by the Plan actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. These claims incurred but not reported are not recorded in the financial statements, as they are reported within Note 4.

Payment of benefits

Claims payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as claims payable in the accompanying statements of net assets available for benefits.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

Management has evaluated subsequent events through August 20, 2026, the date which the financial statements were available to be issued.

NOTE 3 Investments and fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest-bearing cash, money market - valued at cost which approximates fair value.

At December 31, 2025 and 2024, the Plan's interest-bearing cash, money market account of $469,333 and $241,334, respectively, is classified as Level 1 within the fair value hierarchy.

NOTE 4 Benefit obligations

Benefit obligations consist of claims payable and currently due and claims incurred but not reported. The following Plan obligations at December 31, 2025 and 2024 were:

	December 31, 2025	December 31, 2024
Plan's benefit obligations:		
Claims payable and currently due for active participants	$ 62,735	$ 119,652
Claims incurred but not reported to the Plan for active participants	354,142	276,440
	$ 416,877	$ 396,092

	December 31, 2025	December 31, 2024
Claims payable and currently due and claims incurred but not reported:		
Balance at January 1:	$ 396,092	$ 265,556
Claims incurred	4,820,478	3,116,270
Claims paid	(4,799,693)	(2,985,734)
Balance at December 31:	$ 416,877	$ 396,092

Plan obligations at December 31, 2025 and 2024 for claims incurred by participants but not reported at that date are measured by the Plan's actuary at the estimated ultimate cost to the Plan of settling the claims. Estimated ultimate cost reflects the Plan's obligation to pay claims to or for participants, regardless of status of employment beyond December 31, 2025 and 2024, pursuant to the provisions of the Plan. The method used to derive the estimated unpaid claims liability applies the reserve factor to a monthly average of the past several months of medical and drug claims, which is then adjusted as needed based on actual subsequent period claims paid.

The Plan does not offer postemployment benefits and, thus, they are not included in the above calculations.

NOTE 5 Risks and uncertainties

Plan assets include cash, which is held at a bank insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000.

The actuarial value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare and prescription drug costs and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 6 Tax status

The Plan is an employee welfare benefit plan as defined in ERISA, as amended. The Plan benefits are funded out of the general assets of the Center and employee contributions. The health benefits are paid in part from the trust established by the Veris Benefits Consortium, LLC and in part by pre-tax contributions made by the employees.

The trust established under the Plan to hold the Plan's assets is a taxable trust.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 Related party and party-in-interest transactions

The Plan engages third parties to perform administrative functions and process claims. Fees paid by the Plan for these services are included in administrative expenses on the statement of changes in net assets available for benefits. These transactions are party-in-interest transactions under ERISA.
