Independent Auditor's Report

The Plan Administrator
Montebello 401(k) Plan
Lebanon, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Montebello 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Montebello 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Montebello 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Montebello Packaging, Inc. (the Employer, Company, or Plan Sponsor). Collectively bargained employees, non-resident aliens, and leased employees are not included in the Plan. Employees are eligible to participate in the Plan after 90 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The administrator of the Plan is the Company. The trustee of the Plan is Empower Trust Company, LLC. The recordkeeper of the Plan is Empower Retirement, LLC. Collectively, in addition to other affiliates of the trustee and recordkeeper, these entities are Empower Retirement (Empower).

Contributions

Each participant may contribute up to 100% of eligible compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer contributes a Safe Harbor matching contribution equal to 100% of the amount contributed by a participant up to the first 3% of eligible compensation, plus 50% of participant contributions up to the next 3% of eligible compensation.

Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Payment of Benefits

A participant's account is distributed to him/her based on his/her election under the Plan document upon normal retirement (age 65), death, disability, or termination of employment. The Plan allows for hardship distributions and in-service withdrawals upon attainment of age 59½ from all vested account balances. Distributions may be paid to qualified participants in a lump sum or installment payments in the form of cash or a rollover to a qualified Plan. Vested account balances below \$7,000 may be automatically rolled into an individual retirement account at the discretion of the Employer.

Vesting

Participants are immediately vested in their participant contributions and in the Employer Safe Harbor matching contributions, plus accumulated earnings and losses thereon.

Montebello 401(k) Plan

Notes to Financial Statements

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$31,000 and \$37,000, respectively, and pertain to prior matching contributions or unclaimed property. Forfeitures may be used to reduce future Employer contributions and to pay Plan expenses, although none were used during the year ended December 31, 2025.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances. The minimum loan is \$1,000 and the maximum loan is \$50,000. The loans are secured by the balance in the participant's vested account and bear interest at the prime rate. Loan terms may not exceed five years. Participants may only have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions. These loans are subject to retain restrictions as deferred by the Plan document and applicable restrictions under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer Safe Harbor matching contributions, and an allocation of net plan earnings or losses. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or participant requested services, as defined. The benefit to which participants are entitled is the vested portion of their account.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The investments of the Plan, with the exception of the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract is valued at contract value. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. See Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Montebello 401(k) Plan

Notes to Financial Statements

Contributions Receivable

Participant contributions and any related Employer Safe Harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Some contributions receivable relate to the Company's routine timing and remittance of participant withholdings and Employer Safe Harbor matching contributions to the Plan that are in the ordinary course of business when applicable as well as true up matching contributions. Other contributions receivable relate to certain corrective action in response to historical operational errors that the Company intends to remit on behalf of the Plan and its participants. As of December 31, 2025 and 2024, approximately \$4,000 and \$6,000, respectively, of Employer Safe Harbor contributions receivable pertain to the Company's true up matching contributions. Employer contributions receivable pertaining to certain corrective contributions is approximately \$169,000 as of December 31, 2024, and were remitted during the 2025 Plan year at amounts that approximated the prior year estimate.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. The Plan pays administrative expenses including investment advisory fees and recordkeeping fees specific to participant requested services. The Plan earns revenue credits from Empower and uses them to pay investment advisory fees. During 2025, the Plan paid approximately \$6,300 for investment advisory fees using the revenue credits. Investment management fees are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Montebello 401(k) Plan

Notes to Financial Statements

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution.

4. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company (MassMutual) referred to as the Fixed Interest Fund (also referred to as the SAGIC Core Bond I). MassMutual maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Fixed Interest Fund is managed by Great West Investments.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

The average yield earned by the Plan during 2025 was 2.79%, and the interest credited during the 2025 Plan year was approximately \$53,000, which is recorded in interest and dividend income on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Montebello 401(k) Plan

Notes to Financial Statements

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used as of December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts (CCTs) - CCTs are valued at the NAV of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCTs held by the Plan are direct filing entities. There are no unfunded commitments or liquidity restrictions related to the CCTs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Montebello 401(k) Plan

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 718,916	\$ -	\$ -	\$ 718,916
Total Investments , measured at the NAV as a practical expedient				3,844,061
Total Investments , at fair value				\$ 4,562,977

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,274,886	\$ -	\$ -	\$ 2,274,886
Total Investments , measured at the NAV as a practical expedient				3,561,388
Total Investments , at fair value				\$ 5,836,274

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Empower or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also receives revenue credits from Empower. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

During 2023, 2022, 2021, and 2020, Plan management identified instances of untimely remittances of participant contributions and loan repayments totaling approximately \$146,000, \$75,000, \$35,000, and \$60,000, respectively. These untimely remittances constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. A portion of the untimely remittances, pertaining to Plan years 2022 and 2023 were self-corrected with lost earnings in 2023. The remaining untimely remittances from those years and the untimely remittances from Plan years 2021 and 2020 were corrected with lost earnings in 2025.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Montebello 401(k) Plan

Notes to Financial Statements

8. Tax Status

The Plan uses a pre-approved Plan document sponsored by Empower. Empower received an opinion letter from the IRS, dated November 14, 2022, which states that the pre-approved Plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts will remain fully vested and nonforfeitable.

10. Subsequent Events

The Plan has evaluated subsequent events through September 22, 2026, the date the financial statements were available to be issued.
