Independent Auditor's Report

To the Plan Administrator
Fidelity Bank Employee Stock Ownership Plan
New Orleans, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fidelity Bank Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fidelity Bank Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fidelity Bank Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fidelity Bank Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fidelity Bank Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fidelity Bank Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIDELITY BANK EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the Fidelity Bank Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

FB Bancorp, Inc. (the Company) established the Plan for the benefit of eligible employees of Fidelity Bank, effective January 1, 2024 (inception of the Plan). The Plan operates as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trust under the Plan is designed to invest primarily in FB Bancorp, Inc. common stock which it may acquire on a leveraged basis.

Principal Trust Company was appointed to provide recordkeeping and compliance services for the Plan by the Administrative Committee (the Committee). The Committee has been charged with plan governance by the Board of Directors and acts as the Plan Administrator. The Committee acts as the Plan's agent for service of legal process, performs the day-to-day administration of the Plan, and is the fiduciary of the Plan. The Company is the custodian of the Plan's assets and has appointed Principal Trust Company as Trustee for the Plan.

From October through December 2024, the Plan purchased shares of Company common stock with a line of credit and term note to the Company. As the Plan makes payments of principal and interest, a proportionate percentage of stock is released and allocated to eligible employees' accounts as of each year end in accordance with applicable regulations under the IRC. The borrowings are collateralized by the unallocated shares of common stock. The lender has no rights against shares of Company common stock once they are allocated to participants in accordance with the terms of the Plan document. See Note 4.

The financial statements of the Plan as of and for the years ended at December 31, 2025 and 2024 present separately the assets and liabilities and changes therein pertaining to:

- (a) The accounts of employees with vested rights in allocated stock (Allocated) and
- (b) Stock not yet allocated to employees (Unallocated).

FIDELITY BANK EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Eligibility

Eligible employees, as defined by the Plan, who had completed one year of service and attained age 18 as of October 22, 2024, the closing date of the initial public stock offering of the Company, were immediately eligible to participate in the Plan, as of the effective date. Subsequently, eligible employees of the Company can participate in the Plan on January 1st and July 1st based on when the employee has satisfied the minimum age of 18 and one year of service requirement under the Plan. An employee is credited with one year of service for any Plan year in which the employee worked 1,000 hours. Participants who are not employed on the last day of a plan year or have not worked at least 1,000 hours during the plan year are not eligible for an allocation of Company contributions or shares for such year unless termination of employment is as a result of reaching normal retirement age, or due to death or total and permanent disability.

Contributions

The Company may contribute to the Plan an amount, determined by the Board of Directors in its sole discretion, designated as an employer contribution provided the aggregate employer contributions made in cash shall be in such amounts and at such times, as may be required to provide the Plan with funds sufficient to pay when due any principal and interest required by outstanding loans, except to the extent such payments have been satisfied by the Plan from cash dividends paid to it with respect to Company stock which has not been allocated to an account. Company contributions may be paid to the Plan in cash or securities and other property to the extent permissible under ERISA, including Company stock, as determined by the Board of Directors in its sole discretion. Employee contributions are not permitted.

Payment of Benefits

Distributions cannot be made if any part of a participant's account, which includes Company stock, that was purchased with the proceeds of a loan and such loan is outstanding unless approved by the Board of Directors of the Company. Required minimum distributions, retirement, death, and disability may be exceptions to this rule. Benefits will be distributed in cash or in shares of Company stock, at the discretion of the Committee. The Company may elect to pay for stock in five (5) equal annual installments.

Additionally, the Plan provides for cash out provisions for terminated participants with vested account balances of \$1,000 or less, as defined by the Plan. If the value of a terminated participant's vested account balance is more than \$1,000 but not exceeding \$7,000, the participant's account balance is rolled over to an individual retirement plan.

FIDELITY BANK EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Voting Rights

Each participant may direct the Trustee's voting of the Company stock allocated to their account with respect to certain matters involving a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all of the assets of the Company. The Committee will direct the Trustee with respect to the voting of the Company stock in all other matters. The Trustee is entitled to notify participants prior to the time that such rights are to be exercised. The Trustee is not permitted to vote on any allocated shares of Company stock for which instructions have been given by a participant. The Trustee is required, however, to vote any unallocated shares of Company stock on behalf of the collective best interest of plan participants and beneficiaries.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time and for any reason, subject to plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by plan terms and the IRC. Upon termination of the Plan, all participants would become 100% vested. Additionally, the Trustee will pay all liabilities and expenses of the trust fund and sell the shares of financed Company common stock held in the suspense account to the extent it determines such sale to be necessary in order to repay the loan.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

A participant gains a non-forfeitable right to the amount in their ESOP account based on years of service. Vesting is generally determined as indicated below:

Years of Service	Percent Vested
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 or More Years	100%

Note 1. Description of the Plan (Continued)

Vesting (Continued)

Participants automatically become 100% vested at normal retirement age, death, disability, or termination of the Plan.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into more diversified investments. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of his or her account, less shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify can transfer to another qualified plan, invest in other distinct investment options, if available under the Plan, or take a cash distribution as defined in the Plan Document. The election to diversify is made subsequent to year-end based upon the shares of Company common stock in the participant's account at year-end.

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the non-vested portion of the participant's account represents a forfeiture. Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. There were no forfeited shares of terminated, nonvested account balances to be allocated to participant accounts at December 31, 2025 and 2024.

Administrative Expenses

Administrative expenses are paid by the Trust or Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The investments in the Company common stock are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Due to the level of risk associated with the investment in the common stock and uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. The Plan is dependent on the Company to fund the liquidity needs of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Note 3. Investments and Fair Value Measurements

The Plan Administrator has elected 29 CFR 2520.103-8 as permitted by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As such, certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including the investments held at December 31, 2025 and 2024, and net appreciation in the fair value of the investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution.

Note 3. Investments and Fair Value Measurements (Continued)

The Plan's investment in Company common stock at December 31, 2025 and 2024, are presented in the following table:

	2025		2024	
	Allocated	Unallocated	Allocated	Unallocated
FB Bancorp, Inc. Common Stock				
Number of Shares	125,213	1,460,040	63,480	1,523,520
Cost	\$ 1,390,228	\$ 16,543,761	\$ 717,629	\$ 17,219,944
Estimated Fair Value	\$ 1,608,986	\$ 18,761,514	\$ 756,682	\$ 18,160,358

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3. Investments and Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025.

FB Bancorp, Inc. Common Stock: The Company's common stock is traded on a national securities exchange (reported on the NASDAQ national market), stated at the last reported stock price on the day of valuation.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for the Plan's investment at December 31, 2025 and 2024.

December 31, 2025	Level 1	Level 2	Level 3	Total
Investment in FB Bancorp, Inc.

Note 4. Notes Payable

The Plan was leveraged by an ESOP term loan note and line of credit to the Company, each dated October 22, 2024. The proceeds of \$5,866,550 from the term note and \$12,071,023 from the line of credit were used to purchase shares of Company common stock. Under these loans, the Plan made initial payments of principal and interest in December 2024. Effective January 1, 2025, the term note and line of credit were superseded and replaced with a new ESOP term loan for the remaining sum of \$16,616,392, payable in equal annual installments of \$1,512,635 over the remaining 24 years of the original loan documents, with interest at the Prime Rate.

Notes to Financial Statements

Note 4. Notes Payable (Continued)

At inception of the loans 1,587,000 shares of Company common stock were pledged as collateral and therefore classified as unallocated shares. Outstanding collateral and unallocated shares were 1,460,040 and 1,523,520 of Company common stock as of December 31, 2025 and 2024, respectively. The outstanding loan balance as of December 31, 2025 and 2024 was \$16,346,573 and \$16,616,392, respectively. At December 31, 2025, there was \$1,242,815 of interest expense recognized and paid to the Company related to the notes payable.

The following is a summary of future principal payments as of December 31, 2025:

Year Ending December 31,	Amount
2026	\$ 286,642
2027	308,140
2028	331,250
2029	356,094
2030	382,801
Thereafter	<u>14,681,646</u>
Total	<u><u>\$ 16,346,573</u></u>

Note 5. Administration of Plan Assets

The Plan's assets consist primarily of the Company common stock. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants, when applicable. The Trustee also administers the payment of interest and principal on the loans, which is reimbursed to the Trustee through contributions as determined by the Company. Additionally, a third-party administrator handles the recordkeeping and administrative reports.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor, by a letter dated March 12, 2026, that the Plan and related Trust are designed in accordance with the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, therefore, believe that the Plan is qualified, and the related trust is exempt.

Note 6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Note 7. Concentration of Risk

At December 31, 2025, the Plan holds 1,585,253 shares of the Company common stock at an estimated market value of \$20,370,500. This represents 100% of the assets of the Plan and represents 8% of the outstanding shares of the Company at December 31, 2025.

Note 8. Related-Party and Party-in-Interest Transactions

The Plan invests in Company common stock as discussed in Note 3 and has indebtedness with the Company as discussed in Note 4. Therefore, these represent related-party and party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

Note 9. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, September 17, 2026, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
