INDEPENDENT AUDITOR'S REPORT

To the Plan Committee Members and Plan Administrator of
Cibes U.S. Holding 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed audits of the accompanying financial statements of **Cibes U.S. Holding 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H Line 4a—Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agree to or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cibes U.S. Holding 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

Note A – Description of Plan

The following description of Cibes U.S. Holding 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Cibes U.S. Holding, Inc. And its participating Employers (collectively, the “Company” or the “Employer”). The Plan was originally established effective January 1, 2020 and was amended and restated effective April 1, 2024. The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2025, the Company merged four plans into the Plan and added the corresponding employers as participating employers, as follows: the Engage PEO Retirement Savings Plan (covering employees of Morning Star Elevator, LLC) merged effective January 1, 2025; the Homelift, LLC 401(k) Profit-Sharing Plan merged effective February 1, 2025; and the Construction Industry 401(k) Plan (covering employees of Access Elevator & Lift) merged effective May 19, 2025. CHESL Holdings, Inc. was also added as a participating employer effective August 1, 2025, with predecessor service recognized for eligibility and vesting purposes.

In connection with these mergers, the Plan preserves certain protected benefits under IRC §411(d)(6). Participants who were employees of Morning Star Elevator, LLC and merged into the Plan continue to vest in non-elective (profit sharing) contributions under a 3-year cliff schedule. Participants who were employees of Access Elevator & Lift and merged into the Plan continue to vest in non-elective and discretionary matching contributions under a 5-year graded schedule. All other participants vest under the Plan's standard vesting schedule described below.

Effective May 19, 2025, the Plan's Normal Retirement Age was changed from age 65 to age 62.

Employees become eligible to participate in the Plan upon attaining age 21 and completing 90 days of service. Eligible employees enter the Plan on the first day of the calendar quarter coinciding with or next following the date they satisfy the eligibility requirements. Employees covered by a collective bargaining agreement (union employees) and residents of Puerto Rico are excluded from participation. For eligibility purposes, the Plan recognizes prior service with Morning Star Elevator, LLC, Access Elevator & Lift, and CHESL Holdings, Inc. Employees of CHESL Holdings, Inc. employed on October 1, 2025 had the service requirement (but not the age requirement) waived and entered the Plan on that date. For eligibility and vesting purposes, the Plan uses the elapsed time method to determine service.

Administration

The Plan is administered by the Company. The Plan's assets were held and managed by Transamerica Life Insurance Company and Transamerica Trust Company (the “Custodians”). Contributions are held by the Custodians, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to the maximum allowed by law of their pre-tax annual compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Code (“IRC”). Eligible participants may also make catch-up contributions as permitted by the IRC. The maximum participant deferral for the year ended December 31, 2025 was \$23,500. A participant who has attained the age of 50 may also make catch up contributions, subject to Internal Revenue Service (“IRS”) limitations of \$7,500 for the year ended December 31, 2025. For participants aged 60 to 63, they are permitted to make a catch-up contribution up to \$11,250. Participants may also contribute amounts representing distributions from other qualified plans. Participants also have the option to make Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Cibes U.S. Holding 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

Note A – Description of Plan (continued)

Contributions (continued)

The Company makes a traditional enhanced safe harbor matching contribution equal to 100% of each eligible participant's elective deferrals up to 5% of eligible compensation, determined each payroll period. In addition, the Company may make discretionary employer matching contributions and discretionary employer nonelective contributions in accordance with the terms of the Plan. Effective May 19, 2025, the Plan added a discretionary prevailing wage contribution provision applicable to participants performing services subject to the Davis-Bacon Act or similar prevailing wage statutes. This contribution is 100% vested and is not subject to the Plan's otherwise-applicable age or service eligibility conditions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in their own salary deferral, rollover contributions and earnings thereon. Employer matching contributions are immediately 100% vested upon entering into the Plan. Employer nonelective contributions are subject to a six-year graded vesting schedule based on Years of Service.

Years of Service	Vesting Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become fully vested in employer contributions upon death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, subject to the limitations of the Plan. A participant may only have one loan outstanding at any given time. Loans are available only from fully vested account balances and are treated as participant-directed investments. The maximum repayment period is 60 months for general-purpose loans and 180 months for loans used to purchase a primary residence. All outstanding loan balances become immediately due and payable upon the occurrence of a distributable event, except as otherwise permitted under the Plan.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the first day of the second calendar quarter following the calendar quarter in which the participant failed to make a required installment payment.

Notes to Financial Statements December 31, 2025 and 2024

Note A – Description of Plan (continued)

Distribution of Benefits

Upon termination of service due to death, disability, retirement, or other severance from employment, a participant may elect to receive distributions in the form of a lump-sum payment, partial withdrawals, substantially equal installments, or an annuity contract, as defined in the Plan agreement, less any applicable taxes. Participants may also request in-service distributions upon attaining age 59½, provided the amounts distributed are fully vested. If a participant's vested account balance exceeds \$5,000, participant consent is required before distribution.

Forfeitures

Non-vested amounts, remaining after the distribution of a participant's vested account balance, are forfeited. Forfeitures may be applied to reduce Employer contributions and Plan expenses. On December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately \$20,000 and \$49,000, respectively. During the year ended December 31, 2025, the Company used approximately \$46,000 to reduce Plan expenses and Employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and nonforfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. If available, quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Upon death, total and permanent disability, normal or early retirement, severance of employment, or termination of the Plan. Participants may request service distributions at the normal retirement age of 65.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Cibes U.S. Holding 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The Financial Accounting Standards Board (FASB) has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

<i>Level 1</i>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
<i>Level 2</i>	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
<i>Level 3</i>	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Pooled separate accounts: Valued at the net asset value ("NAV") provided by the Custodians. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments on December 31, 2025 and 2024. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy. As all of the Plan's investments are exempt from the fair value hierarchy, the table has been excluded.

Notes to Financial Statements December 31, 2025 and 2024

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Life Insurance Company and Transamerica Trust Company, (the “Custodians”). As of December 31, 2025 and for the year ended December 31, 2025, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by Transamerica Life Insurance Company and Transamerica Trust Company, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Income Tax Status

The Plan has received a determination letter from the IRS dated June 30, 2020 for its proto-type plan stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended, and the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2022.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest Transactions

Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain Plan investments and the related transactions as of December 31, 2025, and for the year then ended, were in investment funds managed by the Custodians; therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately \$54,000 during the year ended December 31, 2025.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investment(s):

<u>Investment Type</u>	<u>Investment name</u>	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Guaranteed interest contract	Transamerica Stable Value Ascend Account	\$ 704,621	\$ 752,685

Cibes U.S. Holding 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note G – Fully Benefit-Responsive Investment Contracts (continued)

The Plan invests in a guaranteed interest contract (Transamerica Stable Value Core Option, “the Fund”) provided through a group annuity contract. Under the Fund a crediting rate is established and is credited with contributions and charged for participant withdrawals and administrative expenses charged by the Custodian of the Fund. The guaranteed interest contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different for each issuer and can be found in the contract of the Fund. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

Note H – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	\$ 11,406,308	\$ 7,016,735
Add: refunds payable	4,523	-
Net assets available for benefits per the Form 5500	<u>\$ 11,410,831</u>	<u>\$ 7,016,735</u>

The following is a reconciliation of deductions per the financial statements to the Form 5500 for the year ended December 31, 2025:

Deductions per financial statements	\$ 1,174,906
Less : changes in refunds payable	(4,523)
Total deductions per the Form 5500	<u>\$ 1,170,383</u>

Note I – Subsequent Events

Subsequent events have been evaluated through September 17, 2026, which is the date the financial statements were available to be issued.

Effective January 1, 2026, compensation and employee deferrals used to calculate the safe harbor matching contribution are determined on an annual basis rather than based on the participant’s deferral percentage during individual pay periods.
