Independent Auditor's Report

To Plan Administrator
VP Racing Fuels, Inc. Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of VP Racing Fuels, Inc. Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of VP Racing Fuels, Inc. Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VP Racing Fuels, Inc. Profit Sharing Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VP Racing Fuels, Inc. Profit Sharing Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VP Racing Fuels, Inc. Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VP Racing Fuels, Inc. Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — *Supplemental Schedules Required by ERISA*

The supplemental schedule of assets held at end of year as of December 31, 2025 and schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VP Racing Fuels, Inc. Profit Sharing Retirement Plan

Notes to Financial Statements

December 31, 2025

1. Description of the Plan

The following brief description of the VP Racing Fuels, Inc. Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information. The Plan is a defined contribution 401(k) plan covering all eligible employees of VP Racing Fuels, Inc. (the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and qualifies under Section 401(a) of the Internal Revenue Code (the “IRC”).

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until December 31, 2026 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Eligibility

Employees are eligible to participate in the Plan upon attainment of age twenty-one after two months of service. The entry date is on the first day of the month coincident with or next upon meeting eligibility requirements. Union employees and certain nonresident aliens are excluded from participation. All newly eligible employees are automatically enrolled in the Plan with a deferral percentage of 4% as soon as administratively feasible following the employee’s eligibility date, unless the employee elects to opt out of the Plan. The deferral rate will increase by 1% each year following automatic enrollment up to a maximum of 6% of eligible compensation.

Contributions

Each year, participants may contribute a percentage of their eligible compensation, as defined in the Plan, on both a pre-tax basis and after-tax (“Roth”) basis, not to exceed the annual limit established by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

VP Racing Fuels, Inc. Profit Sharing Retirement Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Company makes a safe harbor matching contribution of 100% of the participant's deferral up to 3.5% of compensation. The Company may make discretionary profit-sharing contributions which will be allocated in accordance with the plan document provisions. Participants must be employed on the last day of the plan year and have earned 1,000 hours of service to be eligible to receive discretionary profit-sharing contributions. The Company did not make any additional discretionary contributions during the year ended December 31, 2025. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and losses, and is charged with withdrawals and applicable administrative expenses. Plan earnings are allocated based on the participant's share of the net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Administrative Expenses

All reasonable expenses of administration of the Plan may be paid from the assets of the Plan. The Company may, at its discretion, pay such expenses.

Vesting

Participants are immediately 100% vested in their salary deferrals, rollover contributions and employer matching contributions plus actual earnings thereon. Vesting in the safe harbor contributions plus earnings thereon is on a 2 year cliff schedule. Vesting in the Company's profit sharing contributions plus earnings thereon is based on continuous service, as defined. Vesting is according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

VP Racing Fuels, Inc. Profit Sharing Retirement Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan, lump sum payment or installments. Hardship withdrawals are also available. For terminated participants' account balances that are less than \$5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than \$5,000, the participant may elect to maintain the vested portion in the Plan.

Forfeitures

Forfeitures are used to reduce future employer contributions or pay administrative expenses. At December 31, 2025 and 2024, forfeited account balances totaled \$16 and \$8,214, respectively. For the year ended December 31, 2025, \$44,049 of forfeitures was used to reduce employer contributions.

Notes Receivable From Participants

Participants are permitted to borrow the lesser of \$50,000 or 50% of their vested account balance. The minimum that can be borrowed is \$1,000 and two loans can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of 2 percentage points above the prime rate. Notes receivable from participants' terms range from one to five years or a reasonable amount of time for the purchase of a primary residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the balances of all individual accounts will be distributed as soon as administratively practicable after the Plan terminates.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Contributions and contributions receivable

Contributions from the employer and the participants are due to the Plan in the period the contributions are earned and deducted from the paycheck. Contributions receivables are contributions earned and withheld as of December 31 which were transferred to the Plan subsequent to year end.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedules. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value, except for fully benefit responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VP Racing Fuels, Inc. Profit Sharing Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

3. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Trust Company (“TTC”) and Transamerica Financial life Insurance Company (“TFLIC”), the custodians.

The Plan is in a benefit-responsive group annuity contract where the contributions are maintained in a general account. The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

4. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

VP Racing Fuels, Inc. Profit Sharing Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The Plan's investments in shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Common collective investment trusts are valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These securities are redeemable at fair value on a daily basis. There are no unfunded commitments as of December 31, 2025 or 2024.

The following tables represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

.

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits

5. Party-in-Interest Transactions

Plan investments are managed by TTC and TFLIC. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Notes to Financial Statements (continued)

7. Delinquent Participant Contributions

During the year ended December 31, 2025, the Company did not remit to the Plan's custodian certain employee contributions totaling approximately \$46,578 within the required timeframe prescribed by the Department of Labor Regulation 29 CFR 2510.3-102. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator has taken corrective action, including payment of lost interest and related taxes and penalties.

8. Subsequent Events

The Plan has evaluated subsequent events through June 23, 2026, the date the financial statements were available to be issued.
