(1) Name: **MELISSA G. CRITCHER, CPA, PC**

(2) EIN: **27-1654932**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Baucom's Nursery Company
Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Baucom's Nursery Company Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Baucom's Nursery Company Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Baucom's Nursery Company Retirement Savings Plan and to meet my other ethical

responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baucom's Nursery Company Retirement Savings Plan's ability to continue as a going concern for the twelve months following the date the financial statements were available to be used.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baucom's Nursery Company Retirement Savings Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baucom's Nursery Company Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end at December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified

institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAUCOM'S NURSERY COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

1. PLAN DESCRIPTION

The following description of the Baucom's Nursery Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a single employer defined contribution plan covering substantially all full-time employees of Baucom's Nursery Company (the "Company"). All employees of the Company are eligible to participate in the Plan upon reaching 21 years of age and completion of one year of service. Upon meeting the eligibility requirements, employees may enroll at the beginning of the next pay period. The Plan was amended and restated as of January 1, 2022, in accordance with Cycle 3 Restatement requirements in order to bring the Plan into compliance with legislative, regulatory and other legal requirements. The Plan was amended and restated to amend the safe harbor percentage to be 100% of the first 5% of a participant's compensation effective January 1, 2023. The Plan was amended in March of 2024 and May of 2024 to update the directed trustee. The Plan was amended effective February 1, 2025 to allow for Roth deferrals.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2024 and forward. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

Contributions – Participants may voluntarily contribute up to 100% of their base compensation, as defined by the Plan, not to exceed \$23,500 and \$23,000 in 2025 and 2024, respectively, subject to certain discrimination tests prescribed by the Internal Revenue Code ("IRC"). Participants age 50 and over may elect to defer additional amounts ("catch-up contributions") to the Plan. The Plan allows for participants to contribute on an after-tax basis in accordance with the Roth contribution provisions in the Plan document. The Company will provide for a safe harbor matching contribution equal to 100% of the first 5% of a participant's compensation. Safe harbor matching contributions for the years ended December 31, 2025 and 2024 totaled \$245,436 and \$197,930 respectively. The Company may provide a discretionary contribution on behalf of each eligible participant. The discretionary employer contribution is determined annually and is equal to 1% of the participant's compensation. For the years ended December 31, 2025 and 2024, the Company made a discretionary contribution of \$95,420 and \$71,633, respectively. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants may also contribute rollover amounts representing distributions from other qualified

defined benefit or defined contribution plans.

Participant Accounts – Each participant's account is credited with the participant's contributions, company safe harbor contributions, as well as allocations of the Company's discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Vesting - Participants are vested immediately in their contributions and the safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of employment.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various forms of annuities, as provided in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce future employer discretionary contributions to the Plan. For the years ended December 31, 2025 and 2024, forfeitures used were \$555 and \$0, respectively and the forfeited non-vested account balance as of December 31, 2025 and 2024 was \$0 and \$555, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Contributions - Contributions from participants are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period in which the related participant contributions are due.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan or by the Company, as provided in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. INVESTMENTS (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at year end at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, and interest and dividends, for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodian and trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ Quoted prices for similar assets or liabilities in active markets; ▪ Quoted prices for identical or similar assets or liabilities in inactive markets; ▪ Inputs other than quoted prices that are observable for the asset or liability; ▪ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2025 and 2024:

Pooled Separate Accounts: These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV, as provided by Mass Mutual Life Insurance Company, is used as a readily determinable fair value to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This readily determinable fair value is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

<u>Assets at Fair Value as of December 31, 2025</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	<u>\$ 5,338,742</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,338,742</u>
 <u>Assets at Fair Value as of December 31, 2024</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	<u>\$ 4,457,989</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,457,989</u>

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian and trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

6. CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Mass Mutual Life Insurance Company (MML) totaling \$268,184 and \$246,033 at December 31, 2025 and 2024, respectively. MML maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 2.80% and 1.35% for the years ended December 31, 2025 and 2024, respectively. The crediting rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MML, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. FEDERAL INCOME TAX STATUS

The Plan is structured and follows a volume submitter plan document pre-approved by the IRS. The IRS issued an advisory letter dated July 13, 2021, that the volume submitter Plan is acceptable with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the advisory letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENTS

For the year-ended December 31, 2025, the Company has evaluated subsequent events for potential recognition and disclosure through September 15, 2026 the date of financial statement issuance.
