Independent Auditors' Report

To the Administrative Committee and Management
Hill ASC, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hill ASC, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Robert Kimelman, CPA
Thomas J. Frank, CPA
Vanessa R. Talley, CPA

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The statement of net assets available for benefits as of December 31, 2024, is presented for comparative purposes only and was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion, a conclusion, nor provide any assurance on it.

2025 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a – Schedule of Delinquent Participant Contributions and Schedule H, line 4i – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HILL ASC, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Note 1 – Plan Description

The following description of Hill ASC, Inc. 401(k) Plan (the “Plan”), provides only general information. The Plan was established in January 2011. Participants should refer to the Plan Agreement for a more complete description.

General

The Plan is a participant-directed, defined contribution plan covering substantially all of Hill ASC, Inc.’s (the “Company” or “Employer”) employees. Employees become eligible to participate in the Plan on the first day of each month immediately after being hired and attaining the age of 21. Matrix Trust Company is the trustee and plan custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company (Plan Sponsor) and Human Interest. Human Interest shall provide defined contribution plan set-up and certain recordkeeping for the Plan Sponsor. The Plan’s assets are held by Matrix Trust Company (the “Custodian”). The Custodian has responsibility to administer, manage and control the assets of the Trust that are held for the benefit of the Plan at Matrix Trust Company. Contributions are held by the Custodian, who invests cash received, interest and dividend income, as directed by participants, and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions

Plan participants may voluntarily contribute, on a pre-tax basis, up to 90% of their compensation to the Plan as allowed by the Internal Revenue Service and may designate all or a portion of their elective deferrals as Roth contributions, which are made on an after-tax-basis. All investments are participant directed. The maximum allowable pre-tax voluntary contribution, as determined by the Internal Revenue Service, for the years 2025 and 2024 was \$23,500 and \$23,000, respectively. Participants age 50 and older were eligible to make additional catch-up contributions of up to \$7,500 in 2025 and 2024. Participants who attained ages 60 through 63 during 2025 were eligible to make enhanced catch-up contributions of up to \$11,250 in accordance with applicable Internal Revenue Code provisions.

In accordance with the Plan document, the Company matches participant contributions at a rate of 50% of elective deferrals, subject to a maximum employer contribution of \$4,000 per participant per Plan year.

Employee deferrals are remitted to the Plan on a semi-monthly basis and are invested in accordance with each participant’s elected investment allocations.

Roth contributions are matched in the same manner as non-Roth contributions. Matching Roth contributions must be allocated to a pretax account. Participants may also contribute (rollover) amounts representing vested distributions from other qualified plans.

HILL ASC, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Note 1 – Plan Description – continued

Contributions – continued

Certain participant contributions were not remitted to the Plan within the timeframe prescribed by Department of Labor regulations. During 2025, participant contributions totaling approximately \$1,690 were remitted late. The Plan Sponsor corrected the late remittances and contributed the related lost earnings. The delinquent remittances are reported in the supplemental Schedule H, Line 4a, Schedule of Delinquent Participant Contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of Company contributions, an allocation of Plan earnings (including market value adjustments on Plan investments) and administrative charges, if any. Allocations of earnings are based on account balances, as defined in the Plan agreement.

Investment Options

The contributions to the Plan, from both employee and employer, are allocated to the various funds at the direction of the participant. Plan participants have various investment options offered by several mutual fund companies. Under the Plan, participants may currently direct investments to any of 25 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Vesting

All participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Company's contribution to the participants' accounts is as follows:

<u>Years of credited service</u>	<u>Percent vested</u>
Less than 1 year	0%
1	33%
2	67%
3	100%

A participant who becomes totally disabled or dies while employed by the Company shall be 100% vested on that date.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other acceptable collateral, and bear interest at a rate of prime plus 1%. The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

HILL ASC, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025

Note 1 – Plan Description – continued

Notes Receivable from Participants – continued

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon terms of the Plan document. Loans are considered in default as of the end of the quarter subsequent to the quarter in which the payment was due.

Forfeited Benefits

Forfeitures occur when a participant terminates employment before becoming fully vested in employer contributions. Available forfeitures were approximately \$49,000 and \$30,000 at December 31, 2025 and 2024, respectively. During 2025, employer contributions were not reduced by forfeitures and no administrative expenses were paid from forfeiture accounts. In accordance with the Plan document, forfeitures may be used to reduce future employer contributions, pay eligible Plan expenses, or be reallocated to participant accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported changes in net assets during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All reasonable expenses of administering the Plan, including, but not limited to, the cost of retaining necessary professional assistance, may be paid from Plan assets. Alternatively, the Employer may, in its discretion, pay any or all of these expenses. If an Employer does not pay these expenses, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all Participants in the Plan. These expenses will be allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of Participants in the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate risk, credit risk, and overall volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value in Accounting Standards Codification Topic 820, Fair Value Measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair Value Measurements – continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the Plan years ending December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2025	(Level 1) Quoted Prices in Active Markets
Mutual funds	\$ 11,130,738	\$ 11,130,738
Investment at fair value	<u>\$ 11,130,738</u>	

Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2024	(Level 1) Quoted Prices in Active Markets
Mutual funds	\$ 8,943,882	\$ 8,943,882
Investment at fair value	<u>\$ 8,943,882</u>	

Note 3 – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agrees to or derived from information certified as complete and accurate by Matrix Trust Company, a qualified institution. As of December 31, 2025 and 2024, and for the year ended December 31, 2025, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by Matrix Trust Company, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020 (approved as a prototype), that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

The Plan adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification 740-10, *Accounting for Uncertainty in Income Taxes*. The Plan is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, and the decision not to file a tax return. The Plan has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

The Plan files an income tax return in the U.S. federal jurisdiction and is not subject to U.S. federal income tax examination by tax authorities for three years in general prior to the current year end.

Note 5 – Concentration of Credit and Market Risk

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rates, credit and overall volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 – Excess Contributions Payable

At December 31, 2025 and 2024, there were payables of \$6,288 and \$0, respectively. Excess contributions payable represent elective deferrals that exceeded Internal Revenue Code limitations and are expected to be distributed during subsequent plan year.

Note 7 – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. As of December 31, 2025 and 2024, the Plan Sponsor maintained employee theft and ERISA fidelity bond coverage of \$500,000.

Note 8 – Party-In-Interest Transactions

Several assets of the Plan are invested with and valued by the Custodian, which is considered a party-in-interest as a provider of administrative, investment management, and accounting services to the funds. Compensation paid to service providers that qualified as party-in-interest transactions under ERISA did not require prohibited transaction exemptions because such transactions were specifically exempted under ERISA. Notes receivable from participants are also considered to be party-in-interest transactions because they are with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately \$10,000 during the year ended December 31, 2025.

Certain administrative expenses are paid directly by the employer. Other expenses are paid by the Plan and allocated to participants' accounts.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	\$ 11,465,411	\$ 9,276,811
Plus: excess contributions payable	6,288	-
Net assets available for benefits per Form 5500	<u>\$ 11,471,699</u>	<u>\$ 9,276,811</u>

The following is a reconciliation of total additions per the financial statements to the Form 5500 for the year ended December 31, 2025:

Total contributions per financial statements	\$ 1,619,543
Increase in excess contributions payable	<u>6,288</u>
Total contributions per Form 5500	<u>\$ 1,625,831</u>

Note 10 – Subsequent Events

Management has evaluated subsequent events through September 10, 2026, the date the financial statements were available to be issued. No events requiring recognition or disclosure in the financial statements were identified.
