Independent Auditors' Report

To the Plan Participants and Plan Administrator
Cargill Employee Retirement Account Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cargill Employee Retirement Account Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1 Description of Plan

The following description of the Cargill Employee Retirement Account Plan (the Plan) of Cargill, Incorporated and Associated Companies (the Company) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan began on January 1, 2007.

(a) General

The Plan is a qualified defined-contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to stimulate employee savings for future financial security.

The Plan is funded by discretionary contributions from the Company based on age and service. Contributions are held in a trust fund and are separate from the Company assets.

Participants are eligible to participate if hired or rehired by the Company on or after January 1, 2007 and are a U.S. employee with salaried benefits. Participants are automatically enrolled in the Plan on their date of hire. Unvested participants in the Cargill, Incorporated and Associated Companies Salaried Employees' Pension Plan under the age of 40 as of December 31, 2006 also became participants of the Plan on January 1, 2007. Participants are eligible to receive their vested account balance upon retirement, termination of employment, death, or total and permanent disability.

(b) Trust Agreement and Plan Administration

The investment assets of the Plan are held in the Cargill Employee Retirement Account Plan Trust (Trust), with Vanguard Fiduciary Trust Company (the Trustee).

Recordkeeping for the Plan is outsourced to The Vanguard Group (Vanguard). Participants' accounts are revalued each day the New York Stock Exchange is open for trading.

(c) Contributions

The Company may make a discretionary contribution to the Plan on participants' behalf each plan year. Participant age and service are used to determine the Company's contribution and allocation to participant accounts. Participants must be employed on the last day of the plan year to receive an allocation unless their employment is terminated due to death, disability, or retirement on or after age 55. The contribution will be made following the plan year.

1 Description of Plan (cont.)

Participants choose how to invest contributions by selecting from either the Vanguard Target Retirement Funds or the Core Funds offered by the Trustee for the Plan (see table below):

The Vanguard Target Retirement Trust Select Funds are “one decision” funds that simplify investing for retirement. The participant can choose the one fund nearest to his/her expected year of retirement (2070, 2065, 2060, 2055, 2050, 2045, 2040, 2035, 2030). As that date approaches, the fund gradually and automatically reduces risk by shifting from stocks to bonds. The Vanguard Target Retirement Income Trust Select maintains a fixed allocation intended to provide retirees with income while preserving their original investment.

Participants may invest in one or more funds in multiples of 1% to 100% of the amount being invested. Unless specified otherwise, contributions made on participants’ behalf will be automatically invested in the Vanguard Target Retirement Fund that most closely matches the year in which participants reach age 65.

1 Description of Plan (cont.)

A participant will automatically become 100% vested upon death, total disability, or upon retirement as defined in the plan document. Forfeitures of nonvested accounts are used to reduce future employer contributions. For the years ended December 31, 2025 and 2024, forfeitures used to offset employer contributions and plan expenses were $33,832 and $19,613, respectively. For the years ended December 31, 2025 and 2024, the balance of forfeitures was $1,838 and $18,667, respectively.

Participants are 100% vested in their plan accounts after completing three years of service.

(d) Benefit Payments and Withdrawals

Benefit payments and withdrawals may be made upon the members reaching the early or normal retirement date or due to termination, disability, death, or hardship. Early retirement date is the first of the month in the month that a participant attains age 55 with three or more years of service. Normal retirement date is the date on which a participant attains age 65. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments – monthly (12 payments per year), quarterly (four payments per year), semiannually (two payments per year), or annually (one payment per year), or partial payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or installment payments – monthly (12 payments per year), quarterly (four payments per year), semiannually (two payments per year), or annually (one payment per year).

2 Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investments and Income Recognition

The Plan's investments are stated at fair value with changes recorded in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation, which include realized and unrealized gains and losses, are determined and applied daily according to market changes.

(c) Expenses

Trustee and certain other administrative expenses are paid by the participants out of Plan assets. Other administrative expenses are paid by the Company.

(d) Benefits

Benefits are recorded when paid.

2 Summary of Accounting Policies (cont.)

(e) Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual amounts could differ from those estimates.

(f) Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant accounts and the amounts reported in the statements of net assets available for benefits.

3 Information Certified by Trustee

The Trustee holds the Plan's investment assets, executes and collects transactions therein pursuant to discretionary authority granted to the Trustee concerning purchases and sales of investments in the Trust fund, and collect the related net investment return.

The Trustee has provided the plan administrator with certifications as to the completeness and accuracy of investment assets, investment returns of the Plan,and other additions as of and for the years ended December 31, 2025 and 2024, as outlined in the following table:

	2025	2024
Participant-directed investments at fair value	$ 649,020,672	$ 539,952,037
Net investment returns	101,104,607	65,439,384
Other additions	234,315	81,635

Such amounts are included in the accompanying financial statements, notes thereto, and supplemental schedule of the Plan based on such certifications from the Trustee.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Basis for fair value measurement:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices of similar or identical assets in markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for investment assets held and carried at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual funds – Valued daily based on quoted prices from national exchanges and commonly used third-party pricing services. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Common/collective trusts (CCTs) – Valued utilizing the respective net asset values as reported by such trusts, which represents readily determinable fair value, and are reported at fair value.

- Brokerage Option – The brokerage option consists of actively traded mutual funds, common stock, and common/collective trusts that are valued on the basis of readily determinable market prices, and cash.

- Stable value funds – The unit value is calculated at the end of each business day. The unit value is based on the fair value of the investment contract fund's holdings divided by the total number of outstanding units to obtain a daily unit value (NAV). The NAV is considered to be the readily determinable fair value. The funds have a daily redemption frequency and a daily redemption notice period.

4 Fair Value Measurements (cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the level within the fair value hierarchy at which the investments are measured on a recurring basis as of December 31, 2025 and 2024:

	2025			
Fair value hierarchy:	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 23,101,355	$ —	$ —	$ 23,101,355

5 Tax Status

The Plan obtained its latest tax determination letter dated October 20, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, qualified under Section 401(a) of the IRC and the Trust created thereunder was exempt from federal income taxes under Section 501(a). The Plan has been amended since this determination letter. However, the Company believes the Plan, as amended, continues to meet the requirements of Section 401(a) of the Code and the related Trust is exempt from income tax under Section 501(a) of the Code. Therefore, no provisions for income taxes have been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7 Party-in-Interest Transactions

Transactions resulting in plan assets being transferred to or used by a related party are prohibited under the ERISA unless a specific exemption applies. Vanguard Fiduciary Trust Company, Trustee of the Plan, is a party-in-interest, as defined by ERISA, as a result of investing plan assets in certain of their funds. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

8 Subsequent Events

The Plan has evaluated subsequent events from the statement of net assets available for benefits date through August 20, 2026, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.
