| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## **Our Responsibility Under U. S. Generally Accepted Auditing Standards**

In planning and performing our audit of the Benefit Plan in accordance with U. S. generally accepted auditing standards, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances, for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Accordingly, we do not express an opinion on the effectiveness of internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be *deficiencies*, *significant deficiencies*, or *material weaknesses*. A deficiency in internal control exists when the design or operation of a control does not allow Management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal controls, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *control deficiency* is a deficiency in internal control which exists when the design or operation of a control does not allow Management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A control deficiency does not rise to the level of being considered either a material weakness or a significant deficiency.

A *reportable finding* is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.

The definitions above were provided for informational purposes.

## **Our Responsibility Under U. S. Generally Accepted Auditing Standards - continued**

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you in our engagement letter. Professional standards also require that we communicate to you the following information related to your audit.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable assurance, rather than absolute assurance about whether the financial statements are free of material misstatement.

We audited your financial statements of an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) [ERISA Section 103 (a)(3)(c) audit]. As permitted by ERISA Section 103(a)(3)(c), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the trustee/custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic Examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

### **Form 5500 Procedures**

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

### **Planned Scope and Timing**

We conducted our audit consistent with the planned scope and timing we previously communicated with you.

### **Significant Risks**

Audit risks that required special consideration include definition of plan compensation, incorrect payroll deductions, and management override of controls.

## **Our Responsibility Under U. S. Generally Accepted Auditing Standards - continued**

### **Accounting Principles**

Management is responsible for the selection and use of appropriate accounting principles as described in the audited financial statements and made all required disclosures in a clear and complete manner within the financial statements, as required following U. S. Generally Accepted Accounting Principles (GAAP). The accounting principles under which the Organization prepares its financial statements are reasonable, conservative and consistent, thereby enabling such statements to be of the highest quality.

We noted no transactions which we are required to communicate to the Board and Management. And we did not note any transactions for which there is a lack of authoritative guidance or consensus.

### **Significant Accounting Policies and Accounting Estimates**

Accounting estimates, based upon Management's judgments, are an integral part of the financial statements. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from Management's current judgments. Such estimates may include allowances for bad debt, depreciation and fair value measurements, among others. We evaluate the key factors and assumptions used to develop the accounting estimates in determining that it is reasonable in relation to the financial statements taken as a whole. A description of the key factors and assumptions used are included in the notes to the financial statements.

### **Significant Unusual Transactions**

During our audit, we did not identify any significant unusual transaction that we have not discussed with you.

### **Significant Difficulties Encountered During the Audit**

There were no difficulties encountered during audit. Management and employees have been most helpful and cooperative. We were given full access to accounting records, supporting documents and other information that we requested

### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with Management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter which could be significant to the financial statements or the audit report. We are pleased to report that no such disagreements arose during the course of our audit.

### **Matters Resulting in Consultation outside the Engagement Team**

There were no consultations with other professionals outside the engagement team and other members of our Firm.

### **Circumstances that Affect the Form and Content of the Auditor's Report**

For the purpose of this letter, professional standards require that we communicate any circumstances that affect the form and content of the auditor's report. The report issued on the financial statements was unmodified.

## **Our Responsibility Under U. S. Generally Accepted Auditing Standards - continued**

### **Other Significant Auditing Findings or Issues**

We discussed a variety of matters with Management, including the application of accounting principles and auditing standards. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention as your independent auditors.

### **Corrected and Uncorrected Misstatements (Audit Adjustments)**

For purposes of this communication, professional standards also require us to accumulate all known and likely adjustments identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of Management. Adjustments, if any, recommended by us during the course of our audit were made by Management and are considered normal in the audit process. A detail of adjustments, if any, have previously been provided.

Further, professional standards require us to also communicate the effect of uncorrected adjustments related to prior periods on the relevant classes of transactions, account balances or disclosures and the financial statements as a whole. Uncorrected adjustments or matters underlying those uncorrected adjustments could potentially cause future-period financial statements to be materially misstated, even though the uncorrected adjustments are immaterial to the financial statements currently under audit. The schedule of uncorrected adjustments, if any, identified whose effect in the current and prior periods, as determined by management, are immaterial, both individually and in the aggregate, to the financial statements as a whole.

### **Management Representation**

Management has provided us with a representation letter which outlines their responsibilities for the financial statements and information provided to us during the audit.

### **Independence**

We are not aware of any relationships between our firm and you that, in our professional judgment, may reasonably be thought to bear on our independence since our last communication.

### **Consideration of Fraud in the Financial Statements**

During the course of our audit we may become aware of deficiencies while obtaining our understanding of internal control, and in assessing the risk of material misstatement of the financial statements due to error or fraud. We perform audit procedures in response to assessed risk, and communicate with Management or others (for example, internal auditors or governmental authorities). We are not aware of any errors or material misstatement which would require communication to the Board or Management. Our audit selected a sample of transactions for testing; accordingly, errors and fraudulent transactions may exist and were not detected.

### **Illegal Acts by Client**

We are not aware of any illegal acts which would require communication to the Board.

### **Management Consultations with Other Accountants**

Management has advised it did not consult with other accountants regarding auditing and accounting matters.

## **DOL Hot Buttons**

We are aware of the following *hot buttons* of The Department of Labor (D.O.L). These areas will be reviewed should they perform either a desk review or field audit of your benefit plan:

Cybersecurity: Benefit plans can hold millions of dollars in assets and maintain personal data on participants, which can make the Plans tempting targets for cyber-criminals. The Plan sponsor needs to ensure proper mitigation of cybersecurity risks by evaluating the recordkeepers and other service providers responsible for plan-related IT systems and data. Service providers should have a formal cybersecurity program that identifies and assesses internal and external cybersecurity risks that may threaten the confidentiality, integrity, or availability of stored nonpublic information. Annually these service providers should have an independent auditor assess their internal controls over financial reporting, which includes security controls, called a Service Organization Controls (SOC) Report. Ask for a copy of the report, review it and ask questions if you have any concerns regarding the testing findings identified by the SOC auditor. Also inquire if the service provider has any insurance policies that would cover losses caused by cybersecurity and identity theft breaches.

More importantly, make sure the plan administrator and anyone with administrative rights in the IT system of the plan's service provider are following best practices in regards to cybersecurity. The plan sponsor should establish a formal IT security policy with the consideration of enforcing strong and unique passwords, utilizing multi-factor authentication, allowing only password-protected Wi-Fi networks, keeping all software, including antivirus software, up to date with the latest patches and upgrades, and procedures in reporting phishing attacks and other cybersecurity incidents.

Reliance on Third Party Administrator: The Plan sponsor relies heavily on the Third Party Administrator (TPA) to perform reconciliations and other administrative duties. However, the ultimate responsibility for administration, reconciliations and record keeping rests with the Plan sponsor, Plan administrator and any others who exercise authority or control over the Plan or its assets. The sponsor, administrator and other personnel with significant roles in the Plan are considered fiduciaries. We are aware that Management reviews the reports generated by the TPA and reconciles back to the Sponsor's books and records.

Timely Remittances: Department of Labor (DOL) regulations require employee contributions and participant loan repayments withheld from the employees' wages by the employer be remitted to the Plan at the earliest date that the assets can be reasonably segregated from the employer assets. Failure to timely remit employee contributions and loan repayments violates the fiduciary responsibilities imposed by ERISA. The DOL does not have a bright line number of days; however, they have consistently taken the position the employee contribution and loan repayments should be remitted similar to the time that the employer pays the payroll taxes each month. Accordingly, *our strong recommendation is such remittances to the Plan are made on the same day the Company's payroll taxes are remitted.* We consider any departures from this timing as a control deficiency.

## **DOL Hot Buttons**

DOL Audits: The DOL is continuing to audit a large number of employee benefit plans. Although the DOL may audit any area of the Plan for compliance, their current focus appears to be centered on these areas:

- Timely remittances of deposits, as discussed above.
- Fee analysis: What fees are being paid by the Plan, in particular, the fees paid by each individual investment (i.e., by each mutual fund, etc.) held by the Plan, whether such fee is paid directly by the fund or netted against the fund earnings.
- Participant education: Are the Plan administrators and trustees providing periodic education to the participants so knowledgeable decisions may be made by the participants? Making education available to all participants on at least an annual basis is expected by the DOL.
- Annual meeting of Plan trustees and administrators: At least annually, the Plan trustees and administrators should meet to discuss various aspects of the benefit plan, including a discussion of administrative and investment fees; education for its participants; investment policy and decisions regarding changes to investments offered by the Plan; changes in laws and regulations; and the general environment surrounding the Plan sponsor and the Plan itself. This meeting should be documented in formal minutes maintained in the permanent files of the Plan.

## Best Practice Recommendations for Organizations and Their Benefit Plans

As part of our services to all our audit engagements, we have provided below some *best practices* that are beneficial to many Organizations. Not all of these *best practices* may fit your Organization due to cost constraints or other limiting parameters.

We encourage Management to address each *best practice* and discuss openly with the Finance Committee / Board of Directors.

- “Company” credit cards generally run a higher risk for abuse. Accordingly, we recommend that all organizations review their policies and procedures for use of such cards and adopt or update a formal written credit card policy. The policy should inform employees of appropriate use of cards, explain they are for business use only, require employees to submit itemized and original receipts for all purchases, require a description of the purpose to be described on the receipt or otherwise documented, and require preapproval for purchases over a pre-determined dollar threshold. The policy should state who reviews the monthly charges and state how often a representative of the board of directors review management credit card expenses. This policy should include all credit cards types, including various store branded cards. Each cardholder should be required to sign the policy.
- All organizations need to ensure proper mitigation of cybersecurity risks by evaluating their IT systems and service providers. It is recommended to establish a formal IT security policy with the consideration of enforcing strong and unique passwords, utilizing multi-factor authentication, allowing only password-protected Wi-Fi networks, keeping all software, including antivirus software, up to date with the latest patches and upgrades, and procedures in reporting phishing attacks and other cybersecurity incidents. Service providers may have an independent auditor assess their internal controls over financial reporting, which includes security controls, called a Service Organization Controls (SOC) Report. Ask for a copy of the report, review it and ask questions if you have any concerns regarding the testing findings identified by the SOC auditor. Also inquire if the service provider has any insurance policies that would cover losses caused by cybersecurity and identity theft breaches.
- Require a background check before hiring any office and accounting candidate. Red flags include personal bankruptcy within the last 5 years; lawsuits filed to prevent foreclosure of assets (by the candidate) or suits filed to demand payment (against the candidate); felony or serious misdemeanor convictions (including items such as check fraud). Background checks are simple to obtain and the cost is fairly nominal, especially in relation to the consequences.
- On an annual basis, review the Organization’s insurance policies. Specifically inquire of a crime and dishonesty policy. These policies may cover losses related to employee theft.
- When using a temporary placement agency, inquire of their process for selecting qualified candidates and if they completed a background check. Not all background checks are the same, and the conversation should include what the background check covered, as well as the findings.
- Management review of disbursements and bank reconciliations: most Organizations have policies in place requiring a management review of both disbursements and bank reconciliations. Most benefit plans remit deferrals, loan payments and employer matching contributions electronically to the custodian or trustee. Management should review the amount withheld, reconcile to the amount remitted, and initial or sign approving the remittance. Be certain the review procedures are actually being performed, and that a *sign-off* is not just occurring. Challenge the process! And if any remittances are subsequently returned in the mail, they should be investigated promptly.

## **Best Practice Recommendations for Organizations and Their Benefit Plans - continued**

- Review general ledger account coding for deferrals, loan payments, employer matching contributions and disbursements. Ask questions if the account credited or charged isn't the general ledger account where you think it belongs.
- Require vacations: And this doesn't mean just time off. It means those job functions of the person on vacation, to the extent possible, should be completed by another staff member. Questions get asked when someone subs in, and not just because new staff may not understand how to do something. As staffing allows, cross train staff to take over job functions during vacations.
- Discuss "positive pay" for disbursements with your financial institution. This tool is offered by most financial institutions, and is a good way to eliminate check fraud. We have found the service to be inexpensive, as financial institutions understand that check fraud costs money to both you, and many times, the financial institution (if they are found to have been negligent).
- Communicate directly with your engagement partner. Don't allow all conversations regarding the audit to be funneled through your accounting personnel, or through only the staff personnel of the firm. If something is on your mind, don't hesitate to contact your engagement partner. An audit isn't a cookie cutter. Your Organization is unique so you can expect to have unique circumstances and questions. And some of these questions may carry through to the audit process.
- If accounts are overbudget, don't just change the budget or change where disbursements are coded to make things appear to balance out nicely. Figure out *why* something is over budget. Dig around and see what is going on. A business that always makes the budget, for both revenues and expenses, may be changing the budget to match actual revenues and expenses, possibly without Board approval. Is your household budget always in line with expectations? Probably not, as budgets aren't that precise. When variances occur between budget and actual, ask questions, investigate and understand *why*.
- And please don't forget about revenues/receipts. Organizations focus on safeguarding disbursements, but revenues and receipts can also "disappear". Have someone outside the accounting / bookkeeping department open the mail and prepare the detail of all receipts for each day to be entered into the general ledger. And if any cash ever comes through the door, ensure a two person system to acknowledge and receipt such collections.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Plan Management  
Midtex Oil, L.P. 401(k) Profit Sharing Plan  
New Braunfels, Texas

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midtex Oil, L.P. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Midtex Oil, L.P. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, VOYA Institutional Trust Company, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

**Auditor's Responsibilities for the Audit of the Financial Statements - (continued)**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**December 31, 2025 and 2024**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting:* The financial statements of Midtex Oil, L.P. 401(k) Profit Sharing Plan (the “Plan”) are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

*Investment Valuation and Income Recognition:* Investments are reported at fair value of the underlying investment. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by investment advisors and the Custodian.

The fixed income account is stated at contract value, which represents net contributions plus interest at the contract rate. The contract is fully benefit-responsive.

*Participants’ Notes Receivable:* Participants’ notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not considered necessary at December 31, 2025 or 2024. If a participant ceases to make a loan repayment and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

*Benefit Payments:* Benefits are recorded when paid.

*Plan Expenses:* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

*Subsequent Events:* Subsequent events have been evaluated by management through the date of the independent auditor’s report, the date the financial statements were available to be issued. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

*Use of Estimates:* The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

*Forfeitures:* The Sponsor uses forfeitures to reduce the Plan expenses or employer contributions as such obligations accrue. Forfeited non-vested accounts totaled \$4 at December 31, 2025 and \$9,069 at December 31, 2024.

**NOTE B – DESCRIPTION OF PLAN**

The following description of the Midtex Oil, L.P. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

*General:* The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who have at least nine months of service and are age 20 or older.

The Plan was amended to allow employees of Minimart, which was acquired by the Plan Sponsor during 2024, to participate in the Plan. These employees became eligible to contribute to the Plan under the same terms as existing employees of the Plan Sponsor in 2024. The Plan was restated effective January 1, 2025 to reflect this amendment.

*SECURE 2.0 Act:* The Securing a Strong Retirement Act (SECURE 2.0) was signed into law on December 29, 2022, and includes mandatory and option provisions with varying effective dates in 2024 and later. The Sponsor has operationally adopted the mandatory and optional provisions that apply to the Plan. The Plan Sponsor has not formally amended the Plan as of the date of these financial statements.

*Termination:* Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested.

*Contributions:* Participants may contribute up to 100% of eligible compensation, subject to IRS limitations, as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective in 2025, if permitted by the Plan, participants who attain ages 60 through 63 during the year are eligible to make increased catch-up contributions, subject to applicable Internal Revenue Code limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also direct the investment of any matching contribution received. The Plan sponsor provides a Safe Harbor match of 100% of participant contributions that are not in excess of 3% of participant compensation, and then 50% of the amount of the participant's contribution that exceeds 3% of participant compensation but does not exceed 5% of participant compensation.

*Participant Accounts:* Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting:* Participants are immediately vested in their contributions and employer match contributions plus actual earnings thereon. Participants vest in employer nonelective contributions over 6 years.

*Participants' Notes Receivable:* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions. Upon termination of services participant outstanding loan balances are deemed to be distributions.

**NOTE B – DESCRIPTION OF PLAN – continued**

*Payment of Benefits:* Upon termination of service, the participant receives a lump-sum payment equal to the value of their account. Payments can be made to participants or their beneficiaries upon termination of employment, retirement, disability or death. Employee elective deferral contributions may be withdrawn during employment after the employee reaches age 59½ or upon showing immediate and substantial financial hardship.

**NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)**

As permitted by Department of Labor CFR 2520.103-8, investments at December 31, 2025 and 2024, and the related investment earnings and interest on participants' notes receivable were held and certified by VOYA Institutional Trust Company, the Custodian, and were not audited by the independent auditor.

Participant notes receivable of \$264,214 and \$302,593 at December 31, 2025 and 2024, respectively, were not certified by the Custodian. Non-section 103(a)(3)(C) procedures were performed on these balances.

**NOTE D – FIXED INCOME ACCOUNT WITH INSURANCE COMPANY**

The Plan has a fully benefit-responsive group funding agreement, the VOYA Fixed Income Account, with a balance of \$110,762 at December 31, 2025 and \$154,458 at December 31, 2024. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group funding agreement provides a fixed account which is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed (1.0% minimum through December 31, 2025) to the Plan.

Because the fixed account is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value, as reported to the plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) full or partial plan termination, (2) insolvency of the Plan Sponsor, or (3) aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of the contract year. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probably of occurring.

**NOTE E – INCOME TAX STATUS**

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan sponsored by VOYA Retirement Insurance and Annuity Company. Voya received an opinion letter dated June 30, 2020 that stated that it had received favorable determination that the Plan qualifies under applicable sections of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal income tax returns for the last four years remain subject to examination.

**NOTE F – TRANSACTIONS WITH PARTIES – IN – INTEREST**

The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments.

**NOTE G – FAIR VALUE MEASUREMENTS**

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
  - quoted prices for identical or similar assets or liabilities in inactive markets
  - inputs other than quoted prices that are observable for the asset or liability
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means
  - if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. The following is a description of the valuation methodologies used for various types of assets measured at fair value:

*Mutual Funds:* Valued based on unadjusted quoted prices for identical assets in an active market that the Plan has the ability to access.

*Common Collective Trust:* Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE H – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities, which are subject to a range of risks including interest rate, market, and credit risks. Market risks may include global or domestic events such as inflationary pressures, interest rate volatility, geopolitical tensions, or supply chain disruptions that could impact the value of investment securities. Given the level of uncertainty in financial markets, it is at least reasonably possible that changes in the values of these securities will occur in the near term and could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
