INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Liquid Trucking Companies 401(k) Profit Sharing Plan
Plattsmouth, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Liquid Trucking Companies 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the Liquid Trucking Companies 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the plan sponsors, OFC Development Corp., Inc., Schmidt Transportation, Inc. and Barto Trucking, LLC (collectively, the “Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective October 17, 2024, the Plan changed trustees from Capital Bank and Trust Company to John Hancock Trust Company LLC and recordkeeper from Capital Group Retirement Plan Services to John Hancock Retirement Plan Services.

Eligibility – Employees are eligible to participate in the Plan on the first day of each calendar month following completion of six months of service and attaining 19 years of age. Prior to October 17, 2024, employees were eligible to participate in the Plan after attaining the age of 21 and six months of service.

Contributions – Participants may contribute their annual compensation, not to exceed the maximum allowed by the Internal Revenue Code (“IRC”) through either pre-tax or after-tax Roth contributions. Participants age 50 and older by the end of the calendar year may contribute catch-up contributions. Participants may rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions, as well as the Companies' contributions, into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a target date retirement fund based on the participant's age. Effective October 17, 2024, automatically enrolled participants' deferral rates will automatically increase by 1% on each anniversary of enrollment up to a maximum of 10% or until the participant changes their deferral election. The Companies may make discretionary matching contributions to the Plan. For 2025 and 2024 the Companies discretionary matching contributions were 50% of the first 5% of eligible compensation a participant contributes to the Plan. The Companies may also make discretionary profit-sharing contributions. No discretionary profit-sharing contributions were made in 2025 and 2024.

Participant Accounts – Each participant's account is credited with the participant's elective contributions and the Companies' contributions, as well as an allocation of Plan earnings (losses), and a deduction of administrative fees. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan - Continued

Vesting – Participants are immediately vested in their elective contributions plus actual earnings and losses thereon. Participants vest in the Companies’ contributions 20% after two years of credited service, and 20% each year thereafter, and are fully vested after six years of credited service. A year of service is defined as each plan year during which the participant completes 1,000 hours of service. Participant’s entire account becomes fully vested in the event the participant dies, is disabled or retirement conditions are satisfied.

Notes Receivable from Participants – Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000. No more than one note receivable may be outstanding at any given time. The note receivable is secured by the balance in the participant's account. The interest rate on the loan will be the prime interest rate as of the date of the loan, plus 1%. Principal and interest are paid ratably through payroll deductions and ACH. Prepayments may be made by check. At December 31, 2025 interest rates on outstanding notes receivable ranged between 4.25% and 9.50%.

Payment of Benefits – On obtaining age 59½, termination of service due to death, disability, retirement or financial hardship, a participant may elect to receive any portion of their vested account as a lump-sum, or installment payments over a period of years not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his or her designated beneficiary. If the vested account balance is \$5,000 or less, a mandatory distribution will be made and rolled over to an individual retirement account.

Forfeitures – At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$450 and \$15,284 respectively. These accounts are used to pay Plan administrative expenses or reduce the Companies’ contributions. During 2025 and 2024, forfeitures were used to pay plan expenses of \$0 and \$31,901, respectively, and \$81,419 and \$32,195 were used to reduce the Companies’ contributions during 2025 and 2024, respectively.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies - Continued

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions – Contributions from Plan participants and the matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included within the net appreciation of fair value of investments.

Subsequent Events – Plan management evaluated transactions and events occurring subsequent to December 31, 2025, and through September 14, 2026, the date the financial statements were available to be issued, to determine whether any events should be recognized or disclosed in these statements. There were no material transactions or events in the subsequent period requiring disclosure or recognition in the statements.

3. Investments

The following information disclosed in the financial statements and supplemental schedule was obtained from information certified as complete and accurate by Capital Bank and Trust Company or John Hancock Trust Company LLC.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements - Continued

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value.

	Assets at Fair Value as of December 31, 2025			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,797,367	--	--	\$ 9,797,367

5. Parties-in-interest Transactions

Certain Plan investments are managed by American Funds. Prior to October 17, 2024, the Plan engaged Capital Bank and Trust Company as trustee which is affiliated with American Funds; therefore, these transactions qualify as party in interest transactions. Effective October 17, 2024, the Plan engages John Hancock Retirement Plan Services LLC, whose responsibilities include investing assets, paying benefits to participants, and performing the recordkeeping of the Plan. Administrative expenses paid by the Plan to John Hancock Retirement Plan Services LLC qualify as party in interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time by written notice to the Plan subject to the provisions of ERISA. In the event of termination, participants become fully vested in the Companies' contributions.

7. Income Tax Status

The Plan is a pre-approved plan adopted by the Companies on October 17, 2024. On June 30, 2020, the Internal Revenue Service stated that the pre-approved plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan. Although the Plan has since been amended, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The plan administrator believes the Plan has no uncertain tax positions. Therefore, no provision or liability for uncertain taxes has been recorded in the financial statements.

8. Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities which are exposed to various risks, such as, interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Liquid Trucking Companies 401(k) Profit Sharing Plan
Plattsmouth, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Liquid Trucking Companies 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the Liquid Trucking Companies 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the plan sponsors, OFC Development Corp., Inc., Schmidt Transportation, Inc. and Barto Trucking, LLC (collectively, the “Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective October 17, 2024, the Plan changed trustees from Capital Bank and Trust Company to John Hancock Trust Company LLC and recordkeeper from Capital Group Retirement Plan Services to John Hancock Retirement Plan Services.

Eligibility – Employees are eligible to participate in the Plan on the first day of each calendar month following completion of six months of service and attaining 19 years of age. Prior to October 17, 2024, employees were eligible to participate in the Plan after attaining the age of 21 and six months of service.

Contributions – Participants may contribute their annual compensation, not to exceed the maximum allowed by the Internal Revenue Code (“IRC”) through either pre-tax or after-tax Roth contributions. Participants age 50 and older by the end of the calendar year may contribute catch-up contributions. Participants may rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions, as well as the Companies' contributions, into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a target date retirement fund based on the participant's age. Effective October 17, 2024, automatically enrolled participants' deferral rates will automatically increase by 1% on each anniversary of enrollment up to a maximum of 10% or until the participant changes their deferral election. The Companies may make discretionary matching contributions to the Plan. For 2025 and 2024 the Companies discretionary matching contributions were 50% of the first 5% of eligible compensation a participant contributes to the Plan. The Companies may also make discretionary profit-sharing contributions. No discretionary profit-sharing contributions were made in 2025 and 2024.

Participant Accounts – Each participant's account is credited with the participant's elective contributions and the Companies' contributions, as well as an allocation of Plan earnings (losses), and a deduction of administrative fees. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan - Continued

Vesting – Participants are immediately vested in their elective contributions plus actual earnings and losses thereon. Participants vest in the Companies’ contributions 20% after two years of credited service, and 20% each year thereafter, and are fully vested after six years of credited service. A year of service is defined as each plan year during which the participant completes 1,000 hours of service. Participant’s entire account becomes fully vested in the event the participant dies, is disabled or retirement conditions are satisfied.

Notes Receivable from Participants – Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000. No more than one note receivable may be outstanding at any given time. The note receivable is secured by the balance in the participant's account. The interest rate on the loan will be the prime interest rate as of the date of the loan, plus 1%. Principal and interest are paid ratably through payroll deductions and ACH. Prepayments may be made by check. At December 31, 2025 interest rates on outstanding notes receivable ranged between 4.25% and 9.50%.

Payment of Benefits – On obtaining age 59½, termination of service due to death, disability, retirement or financial hardship, a participant may elect to receive any portion of their vested account as a lump-sum, or installment payments over a period of years not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his or her designated beneficiary. If the vested account balance is \$5,000 or less, a mandatory distribution will be made and rolled over to an individual retirement account.

Forfeitures – At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$450 and \$15,284 respectively. These accounts are used to pay Plan administrative expenses or reduce the Companies’ contributions. During 2025 and 2024, forfeitures were used to pay plan expenses of \$0 and \$31,901, respectively, and \$81,419 and \$32,195 were used to reduce the Companies’ contributions during 2025 and 2024, respectively.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies - Continued

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions – Contributions from Plan participants and the matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included within the net appreciation of fair value of investments.

Subsequent Events – Plan management evaluated transactions and events occurring subsequent to December 31, 2025, and through September 14, 2026, the date the financial statements were available to be issued, to determine whether any events should be recognized or disclosed in these statements. There were no material transactions or events in the subsequent period requiring disclosure or recognition in the statements.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements - Continued

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,647,340	--	--	\$ 11,647,340

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,797,367	--	--	\$ 9,797,367

5. Parties-in-interest Transactions

Certain Plan investments are managed by American Funds. Prior to October 17, 2024, the Plan engaged Capital Bank and Trust Company as trustee which is affiliated with American Funds; therefore, these transactions qualify as party in interest transactions. Effective October 17, 2024, the Plan engages John Hancock Retirement Plan Services LLC, whose responsibilities include investing assets, paying benefits to participants, and performing the recordkeeping of the Plan. Administrative expenses paid by the Plan to John Hancock Retirement Plan Services LLC qualify as party in interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time by written notice to the Plan subject to the provisions of ERISA. In the event of termination, participants become fully vested in the Companies' contributions.

7. Income Tax Status

The Plan is a pre-approved plan adopted by the Companies on October 17, 2024. On June 30, 2020, the Internal Revenue Service stated that the pre-approved plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan. Although the Plan has since been amended, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The plan administrator believes the Plan has no uncertain tax positions. Therefore, no provision or liability for uncertain taxes has been recorded in the financial statements.

8. Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities which are exposed to various risks, such as, interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
