INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of the Bolthouse Fresh Foods 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule included in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bolthouse Fresh Foods 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The Bolthouse Fresh Foods 401(k) Plan (the Plan) was established by New Carrot Farms, LLC (the Company and Employer) on January 1, 2025 to provide participants with a means to fund their retirement on a tax-deferred basis. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Prior to inception of the Plan, Company employees participated in the Bolthouse Farms, Inc. 401(k) Retirement Plan (the Legacy Plan) which was sponsored by an affiliated entity of the Company. Effective January 1, 2025, the Company and its affiliated entity spun off the Company's business and employees, at which time the Plan was established. In January 2025, the employees of the Company became ineligible to contribute to the Legacy plan and became eligible to contribute to the Plan. In January 2025, assets for Plan participants totaling \$48,431,502 were transferred from the Legacy Plan to the Plan.

General:

The Plan is a defined contribution plan under the related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Company has established a Plan committee, comprised of Company employees, which is responsible for administration of the Plan. Empower Retirement, LLC and Empower Trust Company, LLC (collectively Empower) serve as the Plan's recordkeeper and trustee, respectively. Empower holds, invests, and reinvests Plan assets in the interest and direction of the participants and their beneficiaries. The Company has engaged Heffernan Retirement Services as an investment advisor to assist the Plan committee in selecting investment options offered under the Plan and monitoring investment performance.

Eligible Participants:

Eligible full-time employees, as defined by the Plan agreement, may participate in the Plan on the first day of the month after completing 90 days of service. Eligible part-time and seasonal employees, as defined by the Plan agreement, may participate in the Plan on the first day of the month after completing 1,000 hours of service.

Bolthouse Fresh Foods 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Contributions:

Participants are permitted to make voluntary pre-tax salary deferrals, Roth post-tax, and after-tax contributions up to 90% of their annual eligible compensation, as defined in the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional “catch-up” contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Plan has an automatic enrollment feature under which all eligible employees hired are automatically enrolled in the Plan and have 1% of their pre-tax compensation deferred and contributed to the Plan, unless they request a different amount to be contributed or formally decline participation. Participants may adjust their salary deferral rate or discontinue their contributions at any time.

The Company has elected to administer the Plan as a safe harbor plan. Under the safe harbor provisions, the Company is required to make employer matching contributions for each eligible participant, equal to 100% of participant elective deferrals, up to 4% of eligible compensation, as defined by the Plan agreement. The Company made matching contributions of \$2,133,171 to the Plan in 2025.

The Plan agreement requires an annual true-up so the aggregate safe harbor matching contributions made during any Plan year to reflect an amount equal to the matching contributions had they been computed based on participant year-to-date eligible compensation contributed to the Plan. As of December 31, 2025, a true-up matching contribution of \$32,597 was due, which was funded in March 2026.

The Company may also make discretionary non-elective contributions, at the discretion of the Company’s Board of Directors. The Company did not make any non-elective contributions in 2025.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant contributions and rollovers, Company contributions, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant accounts.

Notes to Financial Statements

1. Description of the Plan (continued)

Participant Accounts: (continued)

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants may authorize transfers among investment options at any time.

In-Plan Roth Conversions:

The Plan allows participants who are active employees of the Company to convert any portion of their non-Roth account balances to Roth designated account balances. In 2025, there were non-Roth account balances of \$36,177 converted to Roth designated account balances.

Vesting:

Participants are fully (100%) vested in their account balances.

Notes Receivable from Participants:

Participants may borrow up to one-half of their account balance, for a minimum of \$1,000 and a maximum of \$50,000, for a period not to exceed five years, except for notes used to acquire a principal residence for which terms up to 15 years may be granted. Participant notes are evidenced by a written note, secured by the balance in the participant's account, and bear interest at a rate to be fixed by the Plan administrator. The interest rates on the notes outstanding as of December 31, 2025 ranged from 4.25% to 9.50%. Repayment of principal and interest is generally made through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Note receivable transactions with participants qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

Bolthouse Fresh Foods 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Payment of Benefits:

On termination of service, participants may elect to leave their account balance in the Plan or receive benefits. Distributions will be paid as soon as administratively feasible and may be paid in either a lump sum cash payment, partial or instalment payments, or rolled into another qualified retirement plan or individual retirement account, as elected by the participants, subject to certain stipulations defined by the Plan agreement. Terminated participant accounts below \$1,000 may be automatically distributed directly to participants without participant approval. Terminated participant accounts with balances between \$1,000 and the involuntary distribution limit specified by the Code may be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. The Plan agreement also allows for certain in-service and hardship withdrawals of benefits to participants who are current employees. Benefits are recorded when paid.

Administrative Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Certain administrative expenses are charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risks in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of mutual funds, pooled separate accounts and common/collective trusts. These investments are accounted for as follows:

Mutual Funds: These funds are valued at the quoted closing prices reported on the active market on which the individual securities are traded.

Pooled Separate Accounts: The investment in the pooled separate accounts are expressed in units. The value of the separate accounts is recorded at the close of each business day at fair value, as determined by the issuer based on the fair value of the underlying investment held by the separate account. The unit value is calculated by dividing the value of the entire account by the total number of units in the account. The value of the separate account on any date is determined by multiplying the number of units held by the unit value.

Common/Collective Trusts (CCTs): The Plan invests in common/collective trusts (CCT), which are valued using the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities.

Bolthouse Fresh Foods 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with investing in those financial instruments.

The three-level hierarchy for fair value measurement is defined as follows:

- Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2025 under the three-level hierarchy are as follows:

<u>Investments</u>	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>
Mutual funds	\$ 48,897,216	\$ -	\$ -	\$ 48,897,216
Pooled separate accounts	-	1,285,808	-	1,285,808
Investments measured at NAV				
Common/collective trusts				612,887
Total investments, at fair value				\$ 50,795,911

The CCTs, valued using the NAV practical expedient, are excluded from the fair value hierarchy under GAAP.

Bolthouse Fresh Foods 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on the Plan's investments bought, sold, or held during the year.

3. Information Prepared and Certified by the Qualified Institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the qualified institution of the Plan, has certified to the completeness and accuracy of the:

- investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2025.
- net income on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2025.

4. Income Tax Status

The Plan administrator has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable provisions of the Code. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust that forms a part of the Plan is exempt from federal and state income taxes.

Bolthouse Fresh Foods 401(k) Plan

Notes to Financial Statements

4. Income Tax Status (continued)

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations since Plan inception.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2025:
