September 14, 2026

To the Plan Administrator of the  
Cornerstone Delivery Service 401(k) Plan

We have audited the financial statements of Cornerstone Delivery Service 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025, and we will issued our report thereon dated September 14, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Matrix Trust Company and ADP Retirement Trust Services, LLC, the custodians, which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 11, 2026. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Matters

##### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Cornerstone Delivery Service 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Managements' estimate of the investment values at each reporting period are based on fair value assumptions.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of Fair Value Estimates in Note 4 to the financial statements. Even though the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The financial statement disclosures are neutral, consistent, and clear.

#### *Form 5500 Procedures*

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements, if any. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

#### *Reportable Findings*

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other

parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

#### Plan Oversight

During our audit procedures, we identified areas where oversight of the Plan is missing some key components. Effective oversight is essential to ensure compliance, proper administration, and the safeguarding of participant interests. We recommend that management increase its involvement in Plan operations and activities, including regular monitoring and review of Plan processes, to strengthen overall governance and mitigate potential risks.

#### Incomplete Transfer of Assets

In performing our audit procedures it was noted that the plan assets were not fully transferred to ADP due to dividend earnings received. We recommend that Plan management reconcile activities to ensure all assets are properly transferred as soon as possible.

#### Employer Safe Harbor Receivable

In 2024 the Plan incorrectly excluded a safe harbor match for one participant at the year-end payroll. The error was communicated and a receivable recorded. Plan management did not remit the safe harbor match to the Plan in the 2025 year. We recommend that Plan management work with the Plan's third party administrator to ensure the missed employer match is remitted correctly, including lost earnings.

#### Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 14, 2026.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses

were not a condition to our retention.

During the course of our auditing procedures we noted the following issues which we do not believe rise to the level of a significant deficiency or a material weakness:

#### *Lack of Plan Discussion in Meeting Minutes*

We noted that the Company does not hold discussions related to the Plan. Regular discussions about the Plan and the retention of thorough meeting minutes are essential for recording fiduciary decisions, plan oversight activities, and the delegation of responsibilities. The absence of these records may make it difficult to demonstrate that appropriate governance and oversight are being exercised over the Plan. We recommend that the Company routinely discuss Plan matters and prepare detailed minutes for all meetings in which the Plan is addressed, ensuring that records capture the topics discussed, decisions made, and actions taken.

#### *Census data*

We noted during our testing that in some instances the census data did not agree to source documents provided for employee hire or termination dates. We recommend that this information be complete correctly on the source documents, such as I-9 forms, and that the census data agrees without exception.

#### *Payroll calculations*

During our payroll testing it was noted that there were several small variances between timecards and hours paid on the payroll register as well as the related gross wages. The differences were determined to be due to rounding per the Plan administrator. We recommend the variances be looked into with their payroll provider to ensure wages are being properly calculated.

#### *Overreliance on Third Party Administrator*

The Company appears to delegate a portion of its fiduciary responsibilities to the third-party administrator (TPA), ADP Retirement Services. While TPAs provide valuable expertise and support, ultimate responsibility for plan compliance, fiduciary oversight, and the safeguarding of plan assets remains with the Company. We recommend that the Company strengthen its oversight of the Plan by establishing formal processes to regularly review and monitor the performance and activities of the TPA.

#### *Other Matters*

With respect to the ERISA-required supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplemental schedule to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the plan committee and management of the Cornerstone Delivery Service 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
