Independent Auditors' Report

To the Plan Administrator of the
Superior Cleaning Services (NY) LLC 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Superior Cleaning Services (NY) LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from a Qualified Institution as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule(s) Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

Independent Auditors' Report

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s investments are administered and held in a trust by the Plan’s trustee, ADP Retirement Trust Services, LLC (the “Trustee”), which also serves as the custodian of the Plan. The Trustee is qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. ADP Retirement Services (“ADP”) is the record-keeper of the Plan. The Plan administrator is responsible for overseeing and ensuring compliance with the Plan document. The Trustee, the record-keeper and the Plan administrator are appointed by the Company.

Eligibility

The Plan covers all employees of the Company upon hire who have attained the age of 21 and have completed 2 months of service. Entrance into the Plan upon meeting the eligibility requirements is the first day of the month following the completion of eligibility.

Participant Contributions

The Plan participants may make voluntary contributions, to be placed into a trust fund for their benefits, between 1% and 90% of compensation, generally not to exceed the Internal Revenue Service Code (“IRC”) limits discussed below. Compensation for Plan purposes include compensation reported on form W-2 including fringe benefits, expense reimbursements, deferred compensation and welfare benefits. The Plan also allows participants to make Roth contributions.

The IRC imposes maximum dollar limits for compensation considered for deferral purposes and contributions, further described below. For 2025, the maximum amount of compensation that may be considered for deferral purposes by participants and employer contributions is \$350,000. Total participant elective deferrals are generally limited to \$23,500 for the 2025 plan year. Participants who are at least age 50 by the end of the plan year and who have not attained age 60, as well as participants age 64 and older, may make additional catch-up contributions not to exceed \$7,500 for 2025. Effective January 1, 2025, pursuant to the SECURE 2.0 Act of 2022, participants who attain ages 60 through 63 during the plan year may make enhanced catch-up contributions of up to \$11,250, in lieu of the standard \$7,500 catch up contribution.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2025 AND 2024 AND FOR
THE YEAR ENDED DECEMBER 31, 2025

1. Description of the Plan

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, who is credited for rollover and voluntary contributions the participants make, Company contributions, and Plan earnings and expenses. Income earned and net appreciation or depreciation on Plan investments, for a given investment, are allocated in proportion to the participant's account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Each participant may borrow up to the lesser of 50% of the present value of the participant's vested interest in the account or \$50,000. The notes are secured by the vested balance in the participant's account. No note shall be less than \$500 and only 1 note at a time is allowed. The notes shall bear a reasonable rate of interest as determined by the Plan administrator. The interest rates of notes outstanding at December 31, 2025, were between 6.75% and 10.50%, per annum. Any such borrowings are to be repaid within five years, unless the note is for the purchase of a principal residence for which the repayment period may not extend beyond thirty years. Principal and interest are to be repaid by payroll deductions.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. These accounts may be used to reduce future Company contributions or to pay the administrative expenses of the Plan. At December 31, 2025 and 2024, there were no forfeited non-vested account balances. Forfeitures are restored to the participant's account if the participant is reemployed before incurring five consecutive one-year breaks and the full amount of any distribution is repaid before the end of the five-year period that begins upon reemployment. There were no forfeited amounts used to reduce Company contributions or to pay administrative expenses during the year ended December 31, 2025.

ERISA Budget Account

The Trustee, through its revenue sharing arrangements ("Shared Revenue") with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. The During the year ended December 31, 2025, the Plan received \$21,412 of Shared Revenue, and it was recorded as "Other income" on the Statements of Changes in Net Assets Available for Benefits. The ERISA Budgeted Account can be used to either reduce Plan expenses or be reallocated to participant accounts. At December 31, 2025, and 2024, the balance in the ERISA Budget Account was \$21,412 and \$0, respectively and is included in the investment balance on the Statements of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2025 AND 2024 AND FOR
THE YEAR ENDED DECEMBER 31, 2025

1. Description of the Plan

Retirement

The normal retirement age is defined as when the participant reaches the age of 65. At the normal retirement date, the participant is entitled to 100% of their account balance. The Plan does not permit early retirement. A participant, who becomes disabled, as defined in the Plan document, is eligible for a disability retirement.

Distribution of Benefits

On termination of service prior to the normal retirement age, the Plan administrator may direct the Trustee to distribute the participant's vested benefits within 60 days following the Plan year. Upon retirement, hardship, termination, death, disability, or attainment of age 59 ½, vested benefits are distributed at the participant's or beneficiary's election via installment payments or via a lump sum distribution. Participants must begin receiving Required Minimum Distributions, under IRS guidelines, upon reaching the age of 73.

Administrative Expenses

Administrative expenses may be paid out of the Plan or by the Company. Administrative expenses that are to be paid by the Plan are first paid from forfeitures, if any, and any remaining amounts are paid from the Plan's trust funds and allocated to all participants on a pro rata basis. The Company incurred certain administrative expenses relating to the Plan without charge to the Plan during 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2025 AND 2024 AND FOR
THE YEAR ENDED DECEMBER 31, 2025

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of the fair value of its investments, which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk, associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Trustee by an opinion letter dated October 6, 2020, that the prototype plan, which was adopted by the Company, was qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the IRC. An employer adopting this prototype plan is considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the trust established under the Plan is tax-exempt. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2025 AND 2024 AND FOR
THE YEAR ENDED DECEMBER 31, 2025

2. Summary of Significant Accounting Policies

Income Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan administrator has analyzed the tax positions taken by the Plan and had concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and the DOL, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 23, 2026 which is the date the financial statements were available to be issued.

3. Plan Termination

As a result of a reduction of the Plan Sponsor’s workforce in 2024, the Plan experienced a partial plan termination as defined by IRS regulations. Under IRS regulations, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants’ vesting continues to be determined according to the plan provisions. All terminated employees who were participants in the Plan were fully vested in their account balances on January 1, 2024, the date of the partial plan termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would remain 100 percent vested in their employer contributions.

4. Investments

For the year ending December 31, 2025, the Plan’s investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$119,280.

5. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of the particular common collective trust. The NAV, as provided by the common collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be

probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and 2024:

2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,090,184	\$ -	\$ -	\$1,090,184

Common collective trusts (a)				224,810
Investments, at fair value				<u>\$1,436,879</u>

- (a) In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2025, there were no purchases, issuances, transfers in, or transfers out of Level 3.

6. Related Party and Party-in-Interest Transactions

Included within administrative expenses are payments to the Trustee and ADP who acts as the Trustee and record-keeper of the Plan, respectively. These transactions with the Plan's Trustee and recordkeeper qualify as party-in-interest transactions. Notes receivable to Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

7. Unaudited Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
