To the Primrose Holdings LLC 401(k) Plan Committee

We have audited the financial statements of the Primrose Holdings LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] as of and for the year ended December 31, 2025, and have issued our report thereon dated September 10, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the certifying entity, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter (or planning letter) to you. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

Our responsibility, as described by professional standards and stated in our engagement letter, except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether caused by fraud or error. In making those risk assessments, we considered internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that were appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the operating effectiveness of the Plan's internal control over financial reporting. Our consideration of internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. Certain accounting policies and practices are significant to the portrayal of the Plan's financial condition and require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain.

The Plan's accounting policies are set forth in Note 2. There have been no initial selections of accounting policies and no changes in significant accounting policies or their application during the year. We noted no transactions entered into by the Plan during the year for which the accounting policies are controversial or for which there is a lack of authoritative guidance or consensus or diversity in practice.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Management's accounting estimates, which affect the reported amounts of net assets available for benefits and changes in net assets available for benefits are based on their financial understanding of the Plan during the year ended December 31, 2025. We evaluated the key factors and assumptions used to develop the estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Quality of the Plan's Financial Reporting

Management is responsible not only for the appropriateness of the accounting policies and practices, but also for the quality of such policies and practices. The quality includes the consistency of the accounting policies and their application, the clarity and completeness of the financial statements, and includes items that have a significant impact on the representational faithfulness, verifiability, and neutrality of the accounting information included in the financial statements.

Our responsibility under professional standards is to evaluate the qualitative aspects of the Plan's accounting practices, including potential bias in management's judgments about the amounts and disclosures in the financial statements, and to communicate the results of our evaluation and our conclusions to you. We noted no instances where measurement or disclosure of accounting principles used by the Plan resulted in incomplete or unclear information being presented. The disclosures in the financial statements are neutral, consistent, and clear.

Uncorrected Misstatements

Our audit of the financial statements was designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Uncorrected misstatements, that are immaterial to a given year, may become material in a future period as business facts and circumstances and the needs of users of the financial statements change. We noted no uncorrected misstatements for the year.

Corrected Misstatements

For the purposes of this letter, professional standards define an audit adjustment, whether recorded by the Plan, as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. An audit adjustment may or may not indicate matters that could have a significant effect on the Plan's financial reporting process (that is, cause the future financial statements to be materially misstated).

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. During our audit of the Plan, we found adjustments related employee and employer contributions receivable. These entries are reflected in the audited financial statements.

Significant Unusual Transactions

Professional standards define significant unusual transactions as transactions that are outside the normal course of business for the Plan or that otherwise appear to be unusual due to their timing, size, or nature. We are not aware of any significant unusual transactions or events during the year ended December 31, 2025.

Disagreements With Management

We have not had any disagreements with management related to matters that are material to the Plan's 2025 financial statements.

Significant Issues Discussed with Management in Connection with Our Retention

Throughout the year, routine discussions regarding the application of accounting principles or auditing standards were held with management in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions were not held in connection with our retention as auditors.

Significant Difficulties Encountered in Performing the Audit

In our judgment, we received the full cooperation of the Plan's management and staff and had unrestricted access to the Plan's senior management in the performance of our audit. Schedules,

supporting documentation, and other information that was requested as part of our audit was provided timely, accurately, and completely.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Management’s Representations

We have made specific inquiries of the Plan’s management about the representations embodied in the financial statements. Additionally, we requested that management provide to us the written representations the Plan is required to provide to its independent auditors under U.S. generally accepted auditing standards. We have attached a copy of the representation letter we obtained from management.

Control Related Matters

The objective of the audit was to report on the financial statements and not to provide assurance on internal control. We are required by professional standards to report, in writing, all significant deficiencies, material weaknesses, and reportable findings identified during our audit.

The definitions of a deficiency, a significant deficiency, a material weakness, and a reportable finding are as follows:

- A *deficiency* in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed, or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.
- A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Plan’s financial reporting.

- A *material weakness* is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected on a timely basis.
- A *reportable finding* is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.

Our consideration of internal control was for the limited purpose described on page 1 and was not designed to identify all deficiencies in internal control that might be a material weakness. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Supplementary Information Accompanying the Financial Statements

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Information in Documents Containing Audited Financial Statements and Form 5500 Procedures

Pursuant to professional standards, our responsibility as auditors for other information in documents containing the Plan's audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. Standards require that we obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information in the Plan's Form 5500, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Reliance Trust Company, the certifying entity, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule, other than that derived from the information certified by the certifying entity, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

We are responsible for the fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with U.S. GAAP and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. We are also responsible for adopting sound accounting policies, establishing and maintaining internal controls, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audits.

1. We have fulfilled our responsibilities, as set out in the terms of the engagement letter, including our responsibility for the preparation and fair presentation of the financial statements and note disclosures.

3. The financial statements and related footnotes are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedule referred to above is fairly presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
4. We acknowledge our election to have an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements and for determining the following:
 - a. The circumstances permit an ERISA Section 103(a)(3)(C) audit.
 - b. A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8.

 - a. Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
 - b. Current Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.
 - c. Additional information that you have requested from us for the purpose of the audit.

- d. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.

 8. We are aware of an allegation of fraud affecting the Plan, and have completed a thorough investigation; the investigation did not identify any vulnerabilities and was subsequently closed. Aside from this matter, we have not received any other allegations of fraud or suspected fraud in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

 11. Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.

We understand that near term means the period within one year of the date of the financial statements.
19. All concentrations existing at the date of the financial statements that make the Plan vulnerable to the risk of severe impact, including but not limited to concentrations of participants, investments, employees and other concentrations significant to the business of the Plan, have been properly disclosed in the financial statements. We understand that severe impact means a significant financially disruptive effect on the normal functioning of the Plan.

41. No events not already included in the Plan's financial statements have occurred subsequent to the date of the Plan's financial statements and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements.
