Opinion

We have audited the financial statements of Newell Brands Employee Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Newell Brands Employee Savings Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Newell Brands Employee Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Newell Brands Employee Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1. Description of the Plan

The following description of the Newell Brands Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description document and Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan administered by the Newell Operating Company (“NOC”) U.S. Benefits Administration Committee (the “Plan Administrator”), which was appointed by the NOC Global Benefits Oversight Committee, a committee appointed by the Board of Directors of NOC, a subsidiary of Newell Brands Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Certain employees of NOC and of its affiliated companies that have adopted the Plan (collectively, the “Company”) are eligible to participate in the Plan. Generally, eligible employees, other than retail employees of the Yankee Candle Company (as determined under the Plan document) and “Temporary Employees” (as defined by the Plan document), are eligible to commence participating in the Plan upon their date of hire. Eligible retail employees of the Yankee Candle Company and, generally, Temporary Employees may commence participating in the Plan after completing one “Year of Eligibility Service” as defined by the Plan document.

Contributions

Subject to legal and Plan limits, participants may elect to contribute up to 75% of their “Covered Pay”, as defined by the Plan document, to the Plan as pre-tax contributions and/or after-tax Roth contributions (collectively “Elective Deferral Contributions”). The Company makes a matching contribution each payroll period in an amount determined as follows:

- with respect to a participant who is a non-collectively bargained employee or a “NUK Bargained Employee” (as such term is defined by the Plan document), 100% of the first 6% of Covered Pay for such payroll period that is contributed by the participant as an Elective Deferral Contribution, and
- with respect to a participant who is a “Muncie Bargained Employee” (as such term is defined by the Plan document), 100% of the first 4% of Covered Pay for such payroll period that is contributed by the participant as an Elective Deferral Contribution.

The Company will make an additional “true-up” match contribution as may be necessary to ensure participants receive the full matching contribution on their total Elective Deferral Contributions for the Plan year. The true-up match will be calculated and contributed as soon as practicable following the last day of the Plan year. The balance of the true-up match is included in Employer contributions receivable in the *Statement of Net Assets Available for Benefits*.

The Plan also accepts rollover contributions of amounts attributable to pre-tax contributions and after-tax Roth contributions from other employer tax-qualified plans.

New hires eligible to participate in the Plan were enrolled automatically at a 3% contribution rate unless they opted out. This contribution rate will increase annually on the anniversary date of the employee until it reaches a contribution rate of 10%. The employee may stop or change this automatic contribution at any time.

Participant Accounts

Separate accounts are maintained for each participant. Each participant’s account is credited with the participant’s Elective Deferral Contributions, Company matching contributions and investment earnings (which are net of investment management expenses). Participant accounts are assessed a quarterly fixed fee as consideration for services provided by the trustee and recordkeeper and to pay other Plan administrative expenses. Transaction specific fees, such as loan origination, brokerage and shipping fees, are also directly assessed against the account of the participant initiating the transaction.

Vesting and Forfeitures

Participants are immediately vested in the portion of their Plan account that is attributable to their own Elective Deferral Contributions and the Company's matching contributions. Prior to January 1, 2018, the Company's matching contributions for certain legacy defined contributions plans became 100% vested when the employee has rendered the requisite vesting service, as defined by the respective plan. Forfeitures may be used to pay Plan expenses and reduce Company matching contributions. Forfeitures available for future use were \$153,666 and \$186,956 as of December 31, 2025 and 2024, respectively. For 2025, forfeitures of \$906,535 were used to reduce employer contributions.

Participant Loans

Participants may borrow from their Plan account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance during the immediately preceding 12-month period) or 50% of their vested account balance excluding any account balance in the "QVEC Sub-Account" and in the "Prior Plan Pension Sub-Account" (as such terms are defined by the Plan document). Loan terms range from one to five years (up to ten years for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear interest at the prime rate as reported by Reuters plus 1% on the first day of the month in which the loan is requested. Interest rates on loans outstanding as of December 31, 2025, ranged from 3.25% to 10%. Principal and interest are paid ratably through periodic payroll deductions.

Investment Options

Participants may direct the investment of their Plan account balance and future contributions made to the Plan on their behalf among one or more of the Plan's investment funds. The portion of the Plan's investments held in the Company Stock Fund is designated as an employee stock ownership plan ("ESOP"). In addition to the investment funds offered by the Plan, participants may invest in a self-directed brokerage account. Generally, participants may change their investment options or reallocate investment balances on a daily basis.

Payment of Benefits

On termination of service, a participant is eligible to receive the vested value of the participant's Plan account balance, and, subject to special rules that apply to the payment of a participant's Prior Plan Pension Sub-Account, if any, the participant may elect to receive the participant's vested account balance in a single lump sum payment or partial distributions of no less than \$1,000. If the value of the participant's account balance is \$1,000 or less, the participant's entire account balance will be distributed in a single lump sum payment. Benefits are recorded when paid.

Note 2. Significant Accounting Policies

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States of America ("U.S.").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Management believes that the estimates utilized in preparing the Plan's financial statements are reasonable and prudent. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value for mutual funds and common stock equals the quoted market price in an active market on the last business day of the Plan year. As a practical expedient, the investments in common/collective trust funds are excluded from the fair value hierarchy and valued at their Net Asset Value ("NAV") as reported by the fund manager of the collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Interest income from notes receivable from participants is recorded on an accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded within the *Statement of Changes in Net Assets Available for Benefits*.

Administrative Expenses

All normal costs and expenses of administering the Plan and trust are generally paid by the Plan or by the Company. Any transaction fees resulting from a participant obtaining a loan or requesting a distribution or in-service withdrawal are charged to the participant's individual account. Administrative expenses in the *Statement of Changes in Net Assets Available for Benefits* include costs associated with these participant-initiated loan and withdrawal transactions, which are allocated to the accounts of the participants initiating the transactions, as well as fees assessed by the Plan's custodian and recordkeeper directly against participant accounts as consideration for services provided to the Plan.

During 2025 and 2024, the Revenue Credit Account of the Plan received Plan Servicing Credits from excess revenue generated by the Plan. Funds are typically credited quarterly but may be allocated at any time and are considered Plan assets. The credits may be used to pay Plan expenses and any excess funds available may be allocated to Plan participants. This credit has been netted with administrative expenses in the accompanying financial statements. For 2025, credits contributed to the Plan were \$444,532. Unallocated credits included as Plan assets were \$419,880 and \$68,067 at December 31, 2025 and 2024, respectively, and will be used to pay Plan expenses subsequent to year-end.

Note 3. Fair Value Measurements

Accounting principles generally accepted in the U.S. define fair value as the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. The authoritative guidance discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). These valuation techniques are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's market assumptions. As the basis for evaluating such inputs, a three-tier value hierarchy prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than quoted prices that are directly or indirectly observable for the asset or liability, including quoted prices for similar assets or liabilities in active markets; quoted prices for similar or identical assets or liabilities in markets that are not active; and model derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3: Unobservable inputs that reflect management's own assumptions.

The fair values estimated and derived from each fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds and Company common stock: The fair value is determined on the basis of quoted prices in an active market. Shares of mutual funds are valued at the NAV of shares held by the Plan on the last business day of the Plan year where the price of the fund is quoted in an active market. Accordingly, these investments have been classified as Level 1.

Common/collective trust funds: The investments underlying the common/collective trust fund investments generally include shares of common stock and fixed income investments whose values are determined on the basis of quoted prices in an active market. The Plan's common/collective trust fund investments are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

Self-directed brokerage accounts: The accounts are comprised of common stock investments, mutual fund investments, investments in a short-term interest fund and other investments. The fair values of the mutual fund, common stock and electronically traded fund investments are determined on the basis of quoted prices in an active market. Accordingly, these investments have been classified as Level 1.

The following tables present the Plan's investments which are measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	December 31, 2025		
	Fair Value Measurement Level 1	NAV-based Assets ⁽¹⁾	Total

Total investments measured at fair value	<u>\$ 100,960,216</u>	<u>\$ 1,644,394,527</u>	<u>\$ 1,745,354,743</u>

(1) The NAV-based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

Note 4. Investments in Stable Value Funds

At December 31, 2025 and 2024, the Plan's common/collective trust funds include an investment in the Fidelity Managed Income Portfolio II Class 3 ("MIP II Class 3"). The investment objective of the MIP II Class 3 is to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The MIP II Class 3 seeks to maintain a stable net asset value of \$1 per share, but it cannot guarantee that it will be able to do so. The yield of the fund will fluctuate. To achieve its investment objective, the MIP II Class 3 fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts and swap agreements. The MIP II Class 3 seeks to minimize exposure to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. The MIP II Class 3's ability to receive amounts due pursuant to these contracts is dependent upon the issuers' ability to meet their financial obligations. Withdrawals from the MIP II Class 3 directed by the Plan Administrator will be made within the 12-month period following the trustee's receipt of the Plan's written withdrawal request. Participant-directed redemptions have no restrictions.

Note 5. Related-Party Transactions and Party-In-Interest Transactions

All trustee and recordkeeping fees are paid by the Plan and included in the Statement of Changes in Net Assets Available for Benefits. All other costs are paid out of the Plan's assets, except to the extent the Company elects to pay such expenses directly.

Certain Plan investments are shares of common stock of Newell Brands Inc. (“Newell Brands”), the ultimate parent of the Company. These investments had values of \$4,707,943 and \$10,789,426, respectively, as of December 31, 2025 and 2024. For the year ended December 31, 2025, the Plan recorded dividend income of \$333,471 on its holdings of Newell Brands common stock.

Certain Plan investments are managed by the Fidelity Management Trust Company (“Fidelity”), the Plan’s trustee. Fidelity is a “party in interest” to the Plan as defined by ERISA. Parties in interest to the Plan are identified in the *Schedule H, Line 4i - Schedule of Assets (Held at End of Year)*.

The Plan issues notes to participants, which are secured by the balances in the participants’ accounts. These transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, NOC has the right under the Plan to discontinue contributions at any time and NOC has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (“IRS”) dated August 3, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to be operated in conformity with the Code to maintain its qualification. To the extent operational errors in the Plan have been identified or are identified in the future, the Plan Administrator has indicated that it will take the necessary steps, if any, to correct these errors. Otherwise, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are subject to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the *Statements of Net Assets Available for Benefits*.
