Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KPMG LLP**

(2) EIN: **13-5565207**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Benefits Administration Office and the Audit and Compliance Committee of the Board of Trustees of the University of Miami
University of Miami Retirement Savings Plan II:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of University of Miami Retirement Savings Plan II (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information

to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025 and 2024

(1) Plan Description

The following description of the University of Miami Retirement Savings Plan II (the Plan) is provided for general information purposes only. More detailed information may be found in the Summary Plan Description, which is distributed to all participants or in the Plan document, which is available to all participants upon request.

(a) General

The Plan is a defined contribution plan covering substantially all employees of the University of Miami Hospital (UMH), except for leased employees, employees covered by a collective bargaining agreement, students of the University of Miami (the University or Employer) and faculty of the University, as described in the Plan document. UMH is a division of the University. UMH was acquired by the University on December 1, 2007. The Plan was established January 1, 2008, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Administration of Plan

The Vice President and Chief Financial Officer of the University, together with HR Total Rewards, administer the Plan. The Retirement Plans Committee is responsible for monitoring the investment of Plan assets. Fidelity Management Trust Company (Fidelity) and The Teachers Insurance and Annuity Association of America College Retirement Equity Fund (TIAA-CREF) serve as custodians of the Plan.

(c) Participant Contributions

Participants may make a pre-tax contribution up to 50% of compensation, as defined by the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to limitations as described in the Plan document.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3%, once employed for 365 days, unless they affirmatively elect not to participate in the Plan. Subsequent to each plan year, the auto-enrolled participants' deferral rate will increase by 1% up until 15%.

(d) University Contributions

For each Plan year, the University makes a core contribution to the Plan as of the end of the Plan year based on each active participant's compensation and years of service. In addition, each payroll period, the University makes a matching contribution on behalf of each active participant in an amount equal to 100% of the participant's pre-tax contributions for such payroll period but not more than 5% of such participant's compensation for such payroll. University core and matching contributions are subject to limitations.

**UNIVERSITY OF MIAMI
RETIREMENT SAVINGS PLAN II**

Notes to Financial Statements

December 31, 2025 and 2024

(e) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the University's contributions and allocations of investment fund earnings, and charged with withdrawals, investment fund losses, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Vesting in the University's contributions is based on the participant's years of service. A participant is vested in the University's core contribution after six years of service. The University's matching contributions are vested after three years of service. Participants are immediately vested in their pre-tax contributions plus actual earnings thereon.

(g) Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment options offered by the custodians, including mutual funds, pooled separate accounts, registered investment companies and guaranteed investment contracts. A participant may direct contributions in a variety of mutual fund options offered by Fidelity or a variety of registered investment companies offered by College Retirement Equity Fund (CREF) and/or guaranteed investment contracts offered by TIAA-CREF. In addition, participants can elect to invest in Fidelity's BrokerageLink consisting of investments purchased through a self-directed brokerage window administered by Fidelity. Participants may change their investment options at any time.

(h) Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms are usually a maximum of five years except for the purchase or construction of a participant's primary residence, which may be more than five years. The loans are secured by the balance in the participants' account. Interest rates are fixed at the date of each loan and are commensurate with local prevailing rates, as determined by the Plan Administrator at the date of the loan, ranging from 4.25% to 9.50% maturing through 2043. Principal and interest are paid ratably through monthly payroll deductions.

(i) Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their contribution account or any other form of payment offered by the custodians upon termination of employment or termination due to death or disability, or retirement.

(j) Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$21,247, and \$19,361, respectively. These accounts are used to reduce future University contributions. The non-vested portion of a participants account is forfeited after the earlier of five consecutive one-year breaks in

service or the date the participant receives a full distribution of their vested account. Forfeited amounts used to reduce University contributions for the year ended December 31, 2025 totaled \$456,672.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent net assets available for benefits. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plans Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

(e) Contributions

Contributions from Plan participants and University matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. University core contributions are recognized upon authorization and in the year the underlying compensation is recognized. All contributions are participant directed.

**UNIVERSITY OF MIAMI
RETIREMENT SAVINGS PLAN II**

Notes to Financial Statements

December 31, 2025 and 2024

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Transfer of Assets to/from the Plan

Participants or beneficiaries who are current or former employees of the University are permitted to transfer their account assets to or from another 403(b) plan sponsored by the University as long as the benefit immediately before the transfer is at least equal to the benefit immediately after the transfer.

(h) Administrative Expenses

Investment management service fees are paid directly from the Plan's assets. Other administrative expenses are paid directly by the University and include audit fees and legal fees.

(3) Information Certified or Provided by Custodians

The following is a summary of the Plan's investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by the custodians of the Plan as defined in Note 1, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by ERISA section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, except for comparing such certified information to information included in the Plan's financial statements and supplemental schedule.

The following table presents the assets in the Plan that were certified by the custodians as of December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Investments, at fair value:		
Mutual funds	\$ 204,286,231	181,235,089

December 31, 2025 and 2024

Contract value approximated fair value as of December 31, 2025 and 2024, for the TIAA-CREF non-fully benefit-responsive guaranteed investment contracts.

The custodians have also certified to the completeness and accuracy of investment results and interest income for the year ended December 31, 2025:

(4) Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Plan for investments measured at fair value:

- Level 1 – Inputs to the valuation methodologies include unadjusted quoted or published prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**UNIVERSITY OF MIAMI
RETIREMENT SAVINGS PLAN II**

Notes to Financial Statements

December 31, 2025 and 2024

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and self-directed investments: Value is readily determinable based on quoted prices for the number of shares held by the Plan at year-end.

Pooled separate account: Value is readily determinable based on amounts reported by the insurance company for the number of shares held by the Plan at year-end. The shares are not publicly traded on a national exchange and have certain restrictions impacting participants' ability to transact.

Registered investment companies: Valued at the net asset value (NAV) of accumulation units held by the Plan at year end as reported by the insurance company. The funds have an established NAV, however they are not publicly traded on a national exchange and have certain restrictions impacting participants' ability to transact.

Guaranteed investment contracts: Non fully-benefit responsive guaranteed investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2025 and 2024:

Investments at fair value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total

RETIREMENT SAVINGS PLAN II**

Notes to Financial Statements

December 31, 2025 and 2024

(5) Investment Contract with Custodian

The Plan has investment contracts with TIAA. Certain of the contracts are fully benefit-responsive while the others are non-fully benefit-responsive and recorded at fair value. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon by the issuers and is generally not less than 3%.

Certain events may limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring. The contracts do not permit the issuer to terminate the agreements prior to the scheduled maturity date.

(6) Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, participants will become 100% vested in their employer contributions.

(7) Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are managed by the custodians as defined in Note 1. The custodians are considered parties-in-interest. Fees paid by the Plan to the custodians for the investment management services amounted to \$107,685 and \$115,072 for the year ended December 31, 2025 and 2024, respectively.

Certain employees of the University provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the University on behalf of the Plan. These amounts are not material to the financial statements.

**UNIVERSITY OF MIAMI
RETIREMENT SAVINGS PLAN II**

Notes to Financial Statements

December 31, 2025 and 2024

(8) Tax Status

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service. The Plan is required to operate in conformity with the Internal Revenue Code (Code) to maintain the exclusion from tax for Plan participants. The Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such a program.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 219,500,289	195,976,805
Deemed distributions	<u>(1,108,266)</u>	<u>(1,023,853)</u>
Net assets available for benefits per the Form 5500	\$ <u>218,392,023</u>	<u>194,952,952</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2025:

	<u>2025</u>	<u>2024</u>
Notes receivable from participants per the financial statements	\$ 3,974,567	3,933,468

Notes to Financial Statements

December 31, 2025 and 2024

The following is a reconciliation of notes receivable from participants per the financial statements to participant loans per Form 5500 as of December 31, 2025 and 2024:

Net decrease in net assets available for benefits per the financial statement	\$ 23,523,484
Current year deemed distributions	(1,108,266)
Prior year deemed distributions	<u>1,023,853</u>
Net income per the Form 5500	<u>\$ 23,439,071</u>

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market values may decline for a number of reasons, including changes in prevailing market and interest rate, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent Events

The Plan Administrator has evaluated subsequent events through August 21, 2026, the date the financial statements were available to be issued.
