Profit Sharing Plan

Financial Statements and Supplemental Schedule
Including Independent Auditors' Report

December 31, 2025 and 2024

Independent Auditors' Report

To the Plan Administrator and Participants

Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

To the Plan Administrator and Participants

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) (modified cash basis), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan

Notes to Financial Statements (Modified Cash Basis)
December 31, 2025 and 2024

1. Description of Plan

Shepley Bulfinch Richardson and Abbott, Incorporated (the "Employer") established the Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan (the "Plan") on January 1, 1972. The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Shepley Bulfinch Richardson and Abbott Incorporated who have attained 21 years of age and have met the six-month service requirement, (Participants). Participants meeting the eligibility requirements will be automatically enrolled in the Plan. The Plan is subject to the provisions of the Internal Revenue Code ("IRC") and the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed.

Fidelity Management Trust Company ("FMTC" or the "Trustee") provides asset custodian services and also serves as trustee for the Plan. Fidelity Workplace Services, LLC ("FWS" or the "Recordkeeper"), an affiliate of the Trustee, provides recordkeeping services. Fidelity Investments, an affiliate of the Trustee, manages the investments in the Plan.

Plan Administration

The Employer is the plan administrator and has the authority to appoint person(s) for the Plan or entities to carry out the operations of the Plan. Individual Participant accounts may be charged directly with an allocation of administrative expenses, if not paid by the Employer. Individual participant accounts are charged directly for loan recordkeeping, if applicable. Expenses that are paid by the Employer are excluded from these financial statements.

Subsequent Events

The Plan Administrator has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which is September 22, 2026.

1. Description of Plan (Continued)

Participant Deferral Contributions

Participants may voluntarily contribute up to 90% of their annual eligible compensation as limited by the Internal Revenue Code (the "IRC") and as defined by the Plan. Participants may make pre-tax or Roth contributions to their accounts. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and individual retirement accounts ("Participant Rollovers"). Employees, upon eligibility to participate in the Plan, will be automatically enrolled to defer 5% of their eligible compensation as defined. In addition, employees who are enrolled in the Plan will have their deferral percentage increased annually by 1% until a maximum deferral rate of 15% is reached unless the employee elects otherwise. If no investment election is made at the time of auto-enrollment, contributions will be automatically directed by the Trustee to the age-appropriate American Funds Target Date Retirement Fund Class R-6 based on the Participant's date of birth.

Employer Contributions

The Employer, at its discretion, may elect to contribute a safe harbor nonelective contribution as determined by the Board of Directors. The Employer made a safe harbor contribution equal to 3% of the participants' compensation for the year ended December 31, 2025. Annual elections are made by the Employer to indicate whether the Employer's safe harbor contributions or nonelective employer contributions will be made for the coming year. During the year ended December 31, 2025, \$651,326 was contributed as a safe harbor contribution to the Plan.

The Employer may also make a discretionary nonelective contributions to the Plan. Nonelective contributions are allocated to each eligible participant in the ratio that the participant's total compensation bears to the total compensation for all eligible participants for that year. An employee is eligible for the nonelective contribution if they had at least 1,000 hours of service during the Plan year. During 2025, no nonelective contributions were made to the Plan.

1. Description of Plan (Continued)

Participant Accounts

Each Participant's account is credited with the Participant's deferral contribution, the respective Employer contributions, an allocation of the Plan's earnings or losses, and is charged with certain administrative expenses. Allocations are based on Participant compensation or account balance, as defined. The benefit to which a Participant is entitled is the benefit which can be provided from the Participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions, rollover contributions and the Employer's safe harbor contributions, plus actual earnings thereon. Participants become 10% vested after one year of service, with an additional 20% vesting in each of years two through five. They vest in the remaining 10% after six years of service, at which point they are 100% vested.

Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65, with no option for early retirement. Upon termination of service due to death, disability, retirement, termination, or other reason, a participant or beneficiary may elect to receive a partial withdrawal, or a lump-sum amount equal to the value of the participant's vested interest. The payment can either be a cash distribution to the Participant, subject to income tax withholdings, or a cash rollover to an individual retirement account or another qualified plan as defined. If a Participant's vested account is more than \$1,000 but less than \$7,000, the plan administrator, after notification, may distribute the benefit into an individual retirement account. If the vested account balance is less than \$1,000, the plan administrator, after notification, may distribute the account balance to the Participant. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½ or from a participant's deferral accounts due to hardship, as defined in the Plan. Participants may also withdraw employee contributions including rollover contributions at any time not to exceed two withdrawals in a twelve month period.

1. Description of Plan (Continued)

Notes Receivable from Participants

Subject to approval by the plan administrator, Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years (or longer for the purchase of a primary residence). All loans shall bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. If a Participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the Participant's loan balance is reduced and a benefit payment is deemed to be made upon the occurrence of a distributable event. Loans to Participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Interest rates for outstanding loans range from 9.50% to 10.50% at December 31, 2025 and mature at various dates through July 2030.

Forfeitures

Forfeitures of nonvested account balances arise when participants terminate employment and meet the forfeiture conditions specified by the Plan. Forfeitures may be used to pay administrative expenses, as directed by the Plan Administrator. Forfeitures not used to pay administrative expenses are applied to reduce employer contributions for the immediately following plan year. During 2025, \$68 and \$68,161 of forfeitures were used to pay administrative expenses and reduce safe harbor nonelective employer contributions, respectively. Unallocated forfeitures totaled \$3,959 and \$69,983 as of December 31, 2025 and 2024, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which differs from accounting principles generally accepted in the United States of America ("U.S. GAAP"). This basis differs from U.S. GAAP in that contributions to the Plan are recorded as an addition to net assets available for benefits when received and disbursements from the Plan are recorded as a deduction to net assets available for benefits when paid. Modifications to the cash basis of accounting in the accompanying financial statements include recognition of dividend and interest income as earned rather than when received. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized when received. Related fees are recorded as administrative fees and expensed when incurred.

2. Summary of Accounting Policies (Continued)

Payment of Benefits

Benefit payments are recorded in the period in which the Participants are paid.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan

Notes to Financial Statements (Modified Cash Basis)

December 31, 2025 and 2024

3. Fair Value Measurement (Continued)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 investments.

Common collective trust fund: Valued at the net asset value ("NAV") of units in the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units which are valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant. The fund has no unfunded commitments, no redemption restrictions and redemption frequency is daily as of December 31, 2025 and 2024.

The Plan's investment in the common collective trust fund is represented by the common collective trust fund's underlying investment in the Fidelity Advisor Stable Value Fund, which invests in fully benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks and other financial institutions. The Plan's investment in the common collective trust fund is not considered to be a fully benefit-responsive investment contract and is reported at fair value.

Pursuant to U.S. GAAP guidance, investments where fair value is measured using the NAV per share as a practical expedient is not categorized within the fair value hierarchy.

December 31, 2025 and 2024

3. Fair Value Measurement (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Asset at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	\$44,826,259	\$ -	\$ -	\$44,826,259
Total assets in the fair value hierarchy	44,826,259	-	-	44,826,259
Investments measured at net asset value (a)	-	-	-	662,881
Total investments at fair value	\$44,826,259	\$ -	\$ -	\$45,489,140

Asset at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$39,493,634	\$ -	\$ -	\$39,493,634
Total assets in the fair value hierarchy	39,493,634	-	-	39,493,634
Investments measured at net asset value (a)	-	-	-	653,567
Total investments at fair value	\$39,493,634	\$ -	\$ -	\$40,147,201

(a) In accordance with FASB ASC 820, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution.

5. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Party-In-Interest Transactions

Plan investments include funds that are managed by an affiliate of FMTC, Fidelity Investments. These transactions qualify as exempt party-in-interest transactions. During 2025, the Plan paid administrative fees of \$70,505 to UBS Financial Services, \$40,861 to Fidelity Investments Institutional, and \$5,175 to PKF O'Connor Davies, LLP. Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

Shepley Bulfinch Richardson and Abbott, Incorporated Profit Sharing Plan

Notes to Financial Statements (Modified Cash Basis)
December 31, 2025 and 2024

8. Tax Status

The underlying volume submitter non-standardized pre-approved profit sharing plan has received its latest opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, stating that the form of the plan is qualified under section 401(a) of the IRC and that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the IRC. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt as of the date of this report.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
