Independent Auditor's Report

To the Plan Administrator and Participants
La Cross Dental LLC 401(k) Profit Sharing Plan
Edwardsville, IL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 and 2022 Financial Statements

We have performed audits of the financial statements of La Cross Dental LLC 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2023 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2023 and 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section—

- the amounts and disclosures in the 2023 and 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2023 and 2022 financial statements related to assets which provide benefits under the Plan and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 and 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 and 2022 financial statements.

Responsibilities of Management for the 2023 and 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 and 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2023 and 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 and 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the years ended December 31, 2023 and 2022 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets which provide benefits under the Plan and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2021 Financial Statement

Plan management is responsible for the 2021 financial statement of the Plan (an employee benefit plan subject to the Employee Retirement Income Security Act of 1974), which comprises the statement of net assets available for benefits as of December 31, 2021 and the related notes to the financial statements in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2021 financial statement of the Plan.

A. Description of Plan

The following description of the La Cross Dental LLC 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan is a defined contribution plan sponsored by La Cross Dental, LLC (the Plan Sponsor). The Plan Sponsor is a member of a controlled group, and the Plan includes the following participating employers (collectively, the Company or Employer): Edge Plus LLC and Summit Horizon Dental Lab.

   The Plan covers substantially all employees of the Company other than union employees, nonresident aliens, leased employees, and non-managerial dentists. Employees must have at least one hour of service in the first six months of employment or one year of service (1,000 hours), if earlier, and must be age 16 or older to be eligible to participate in the Plan. Prior to January 1, 2023, the Plan had no service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

2. *Contributions*. Each year, participants may contribute up to 100% percent of pretax and after-tax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Company makes safe harbor matching contributions of 100% of the first 6% of participant deferred compensation. Discretionary Employer contributions and discretionary matching contributions may be contributed at the option of the Company. Individuals employed on the last day of the Plan year and with at least 1,000 service hours (unless exempt from this requirement as defined by Plan provisions) are eligible for discretionary Employer contributions. During the years ended December 31, 2023 and 2022, no discretionary contributions were made to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions, Employer contributions, rollovers, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting*. Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Employer discretionary contributions are subject to a six-year graded vesting schedule.

5. *Notes receivable from participants*. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest of Prime plus 1%. A participant is permitted no more than one loan outstanding at any time. Principal and interest is paid ratably through regular payroll deductions.

6. *Payment of benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions after termination of employment for reasons other than the above shall commence as soon as administratively feasible. For distributions of amounts of $5,000 or less, no participant consent is required. Participants may also take in-service and hardship distributions subject to the terms of the Plan and IRS regulations.

7. *Forfeited accounts*. At December 31, 2023, 2022, and 2021 forfeitures totaled $1,528, $1,461, and $1,939 (compiled), respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. For the years ended December 31, 2023 and 2022, no forfeitures were used.

B. Summary of Accounting Policies

1. *Basis of accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

2. *Use of estimates.* The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment valuation and income recognition.* Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian. See note D for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Notes receivable from participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

5. *Payment of benefits.* Benefits are recorded when paid.

6. *Contributions.* Contributions from Plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

7. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Recordkeeping and investment advisory fees are charged directly to administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

8. *Subsequent events.* The Plan has evaluated subsequent events through August 3, 2026, the date the financial statements were available to be issued. The Plan's distribution force-out threshold was increased to $7,000 with the adoption of SECURE 2.0 provisions effective January 1, 2024.

C. Certified Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants which provide benefits under the Plan as of December 31, 2023 and 2022, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya) and Equitable Life Insurance Company (Equitable) (former custodian) (as of December 31, 2022 and for the period January 1 to November 16, 2023), qualified institutions.

	2023	2022
Investments, at fair value	$ 4,198,618	$ 3,577,089
Investments, at contract value	540,548	--
Notes receivable from participants	25,974	26,142
Net appreciation in fair value of investments	574,433	--
Interest and dividends	19,996	--
Interest income on notes receivable from participants	1,320	963
Net depreciation in fair value of investments	--	500,813
Other investment losses	--	4,861

The Plan's independent accountants did not perform any auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, 2022, and 2021:

Pooled separate accounts: Valued at the daily NAV per unit as reported by the trustee. The NAV is readily determinable because it is based on the fair value of the underlying securities held less its liabilities and is used as the basis for participant transactions.

Guaranteed interest option (GIO): Valued at contract value which is presented as fair value (underlying investment is a fully benefit-responsive investment contract with Equitable) which is deemed to be published for fair value purposes. The Plan's value in the GIO at any time will equal the Plan's contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option and charges deducted (as specified in the investment contract).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, 2022, and 2021:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 4,198,618	$ --	$ --	$ 4,198,618
Investments, at fair value	$ 4,198,618	$ --	$ --	$ 4,198,618

	December 31, 2022			
	Level 1	Level 2	Level 3	Total

Guaranteed interest option	--	149,659	--	149,659
Investments, at fair value	$ 3,427,430	$ 149,659	$ --	$ 3,577,089

	December 31, 2021 (Compiled)			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 3,273,983	$ --	$ --	$ 3,273,983
Guaranteed interest option	--	92,976	--	92,976
Investments, at fair value	$ 3,273,983	$ 92,976	$ --	$ 3,366,959

E. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Voya. Contributions are maintained by Voya in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contracts are fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. If aggregate distributions exceed 20% of the account value as of the beginning of the contract year, or a participant's actions appear to have been influenced or directed by the Plan Sponsor, there could be restrictions on the liquidation of account balances. Management believes this is unlikely to occur.

F. Party in Interest and Related Party Transactions

Plan investments are managed by Voya and Equitable, therefore, these transactions qualify as party in interest transactions. The Plan also paid fees to Voya and Equitable for custodial and recordkeeping services during the years ended December 31, 2023 and 2022, which qualify as party in interest transactions. Loans to participants also qualify as party in interest transactions.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

H. Tax Status

The Company has adopted a non-standardized defined contribution pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Risks, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023 and 2022, respectively, approximately 20% and 21% of the Plan's net assets available for benefits were invested in one of the Plan's pooled separate accounts.

J. Prohibited Transactions

During 2023 and 2022, the Company inadvertently failed to deposit $372,559 and $133,997, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Company plans to deposit lost earnings to correct this failure in 2026 and make any required filings with the DOL.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 and 2022 Financial Statements

We have performed audits of the financial statements of La Cross Dental LLC 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2023 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2023 and 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section—

- the amounts and disclosures in the 2023 and 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2023 and 2022 financial statements related to assets which provide benefits under the Plan and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 and 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 and 2022 financial statements.

Responsibilities of Management for the 2023 and 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 and 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2023 and 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 and 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the years ended December 31, 2023 and 2022 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets which provide benefits under the Plan and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2021 Financial Statement

Plan management is responsible for the 2021 financial statement of the Plan (an employee benefit plan subject to the Employee Retirement Income Security Act of 1974), which comprises the statement of net assets available for benefits as of December 31, 2021 and the related notes to the financial statements in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2021 financial statement of the Plan.

A. Description of Plan

The following description of the La Cross Dental LLC 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan is a defined contribution plan sponsored by La Cross Dental, LLC (the Plan Sponsor). The Plan Sponsor is a member of a controlled group, and the Plan includes the following participating employers (collectively, the Company or Employer): Edge Plus LLC and Summit Horizon Dental Lab.

   The Plan covers substantially all employees of the Company other than union employees, nonresident aliens, leased employees, and non-managerial dentists. Employees must have at least one hour of service in the first six months of employment or one year of service (1,000 hours), if earlier, and must be age 16 or older to be eligible to participate in the Plan. Prior to January 1, 2023, the Plan had no service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

2. *Contributions*. Each year, participants may contribute up to 100% percent of pretax and after-tax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Company makes safe harbor matching contributions of 100% of the first 6% of participant deferred compensation. Discretionary Employer contributions and discretionary matching contributions may be contributed at the option of the Company. Individuals employed on the last day of the Plan year and with at least 1,000 service hours (unless exempt from this requirement as defined by Plan provisions) are eligible for discretionary Employer contributions. During the years ended December 31, 2023 and 2022, no discretionary contributions were made to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions, Employer contributions, rollovers, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting*. Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Employer discretionary contributions are subject to a six-year graded vesting schedule.

5. *Notes receivable from participants*. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest of Prime plus 1%. A participant is permitted no more than one loan outstanding at any time. Principal and interest is paid ratably through regular payroll deductions.

6. *Payment of benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions after termination of employment for reasons other than the above shall commence as soon as administratively feasible. For distributions of amounts of $5,000 or less, no participant consent is required. Participants may also take in-service and hardship distributions subject to the terms of the Plan and IRS regulations.

7. *Forfeited accounts*. At December 31, 2023, 2022, and 2021 forfeitures totaled $1,528, $1,461, and $1,939 (compiled), respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. For the years ended December 31, 2023 and 2022, no forfeitures were used.

B. Summary of Accounting Policies

1. *Basis of accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

2. *Use of estimates.* The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment valuation and income recognition.* Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian. See note D for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Notes receivable from participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

5. *Payment of benefits.* Benefits are recorded when paid.

6. *Contributions.* Contributions from Plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

7. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Recordkeeping and investment advisory fees are charged directly to administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

8. *Subsequent events.* The Plan has evaluated subsequent events through August 3, 2026, the date the financial statements were available to be issued. The Plan's distribution force-out threshold was increased to $7,000 with the adoption of SECURE 2.0 provisions effective January 1, 2024.

C. Certified Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants which provide benefits under the Plan as of December 31, 2023 and 2022, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya) and Equitable Life Insurance Company (Equitable) (former custodian) (as of December 31, 2022 and for the period January 1 to November 16, 2023), qualified institutions.

	2023	2022
Investments, at fair value	$ 4,198,618	$ 3,577,089
Investments, at contract value	540,548	--
Notes receivable from participants	25,974	26,142

Interest and dividends	19,996	--
Interest income on notes receivable from participants	1,320	963
Net depreciation in fair value of investments	--	500,813
Other investment losses	--	4,861

The Plan's independent accountants did not perform any auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, 2022, and 2021:

Pooled separate accounts: Valued at the daily NAV per unit as reported by the trustee. The NAV is readily determinable because it is based on the fair value of the underlying securities held less its liabilities and is used as the basis for participant transactions.

Guaranteed interest option (GIO): Valued at contract value which is presented as fair value (underlying investment is a fully benefit-responsive investment contract with Equitable) which is deemed to be published for fair value purposes. The Plan's value in the GIO at any time will equal the Plan's contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option and charges deducted (as specified in the investment contract).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, 2022, and 2021:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 4,198,618	$ --	$ --	$ 4,198,618
Investments, at fair value	$ 4,198,618	$ --	$ --	$ 4,198,618

	December 31, 2022

E. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Voya. Contributions are maintained by Voya in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contracts are fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. If aggregate distributions exceed 20% of the account value as of the beginning of the contract year, or a participant's actions appear to have been influenced or directed by the Plan Sponsor, there could be restrictions on the liquidation of account balances. Management believes this is unlikely to occur.

F. Party in Interest and Related Party Transactions

Plan investments are managed by Voya and Equitable, therefore, these transactions qualify as party in interest transactions. The Plan also paid fees to Voya and Equitable for custodial and recordkeeping services during the years ended December 31, 2023 and 2022, which qualify as party in interest transactions. Loans to participants also qualify as party in interest transactions.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

H. Tax Status

The Company has adopted a non-standardized defined contribution pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Risks, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2023 and 2022, respectively, approximately 20% and 21% of the Plan's net assets available for benefits were invested in one of the Plan's pooled separate accounts.

J. Prohibited Transactions

During 2023 and 2022, the Company inadvertently failed to deposit $372,559 and $133,997, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Company plans to deposit lost earnings to correct this failure in 2026 and make any required filings with the DOL.
