INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Allaire Health Services Employee Retirement Savings Plan
Danville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Allaire Health Services Employee Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Allaire Health Services Employee Retirement Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Allaire Health Services Employee Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Allaire Health Services Employee Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Allaire Health Services Employee Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Allaire Health Services Employee Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H-Line 4i - Schedule of Assets (Held at End of Year) as of, and for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLAIRE HEALTH SERVICES EMPLOYEE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. DESCRIPTION OF PLAN

General. The Allaire Health Services Employee Retirement Savings Plan (the “Plan”) is a defined contribution 401(k) plan sponsored by Allaire Health Services (the “Sponsor”). The Plan was originally effective July 1, 1990 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Eligible non-union employees may participate after attaining age 21 and completing six months of eligibility service with at least 500 hours of service, as provided in the Adoption Agreement and its Additional Provisions Addendum. Participants should refer to the Plan document for a complete description of its provisions.

Contributions. Participants may make elective deferral contributions in accordance with the Plan document and applicable Internal Revenue Code limitations, including catch-up contributions when eligible. Participants may also make rollover contributions. The Sponsor makes a nondiscretionary matching contribution equal to 50% of an eligible participant’s deferrals, limited to deferrals up to 6% of compensation for each payroll period. The maximum matching contribution under this formula is 3% of eligible compensation.

Participant accounts. Each participant’s account is credited with the participant’s contributions, allocations of employer contributions, and investment earnings or losses, and is charged with applicable administrative expenses. Allocations are based on participant elections and the provisions of the Plan.

Vesting. Participants are immediately vested in their own contributions and related earnings. Employer matching and nonelective contributions vest at 0% before two years of vesting service, 20% after two years, 60% after three years, 80% after four years, and 100% after five years, subject to the Plan’s terms on accelerated vesting.

Forfeitures. Under the basic plan document, forfeitures may be used to pay Plan administrative expenses. Except as otherwise provided in the Plan’s Adoption Agreement, forfeitures not used for administrative expenses are applied to reduce the Sponsor’s contributions for the following Plan year. Forfeitures pending application remain invested under the Plan.

Participant loans. The Plan permits participant loans subject to the limitations and repayment provisions contained in the Plan document. Participant loans were \$42,871 and \$33,787 at December 31, 2025 and 2024, respectively.

Payment of benefits. Upon termination of service, retirement, death, disability, or other distributable event permitted by the Plan, a participant or beneficiary may receive the vested portion of the participant’s account in a form permitted by the Plan. The Plan’s normal retirement age is 65.

Administrative expenses. Certain administrative expenses are paid by the Plan. Other expenses may be paid by the Sponsor. Expenses paid directly by the Sponsor are excluded from these financial statements.

Excess contributions. During 2025, the Plan distributed \$6,688 of excess participant contributions and related earnings, as applicable, to affected participants as corrective distributions. These amounts are reported separately in the accompanying statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting. The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition. Investments are reported at fair value when fair value is required by U.S. GAAP. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes realized gains and losses on investments bought and sold and changes in the fair value of investments held during the year.

Participant loans. Participant loans are measured at their unpaid principal balance plus accrued interest, if any. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document and applicable law.

Benefits. Benefits are recorded when paid.

Contributions. Participant and employer contributions are recorded in the period in which the related participant compensation is earned and the contribution obligation arises. Rollover contributions are recorded when received by the Plan.

Administrative expenses. Administrative expenses paid by the Plan are recorded on the accrual basis of accounting. Certain expenses of maintaining the Plan may be paid directly by the Sponsor and are excluded from these financial statements.

3. CERTIFIED INVESTMENT INFORMATION - ERISA SECTION 103(a)(3)(C) AUDIT

Management elected to have the audit performed pursuant to ERISA Section 103(a)(3)(C). Fidelity Investments Institutional, a qualified institution, maintains the Plan's investment assets and certified that the investment information as of December 31, 2025 and for the year then ended was complete and accurate. The certified investment information is included in the accompanying financial statements, related notes, and supplemental schedule.

The independent auditor did not audit the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the related disclosures for conformity with U.S. generally accepted accounting principles.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - This level consists of inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which a fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Fidelity Government Money Market Fund held at December 31, 2025 and 2024 is included in this category.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,456,189	—	—	\$5,456,189
Total Investments, at fair value	\$5,456,189	—	—	\$5,456,189

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,493,531	—	—	\$4,493,531
Total Investments, at fair value	\$4,493,531	—	—	\$4,493,531

The Fidelity Government Money Market Fund is included with mutual funds in Level 1 for both years. Participant loans are measured at unpaid principal balance and are excluded from the fair value hierarchy tables.

5. INVESTMENTS

At December 31, 2025 and 2024, the Plan held mutual funds, including the Fidelity Government Money Market Fund, of \$5,456,189 and \$4,493,531, respectively, and notes receivable from participants of \$42,871 and \$33,787, respectively.

Investment income. For the year ended December 31, 2025, investment income consisted of interest of \$3,243, dividends of \$242,288, and net investment gain of \$560,299, for total investment income of \$805,830. Net investment gain includes realized gains and losses and changes in the fair value of investments held during the year.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in these risks could materially affect participants' account balances and the amounts reported in the financial statements.

7. TAX STATUS

The Internal Revenue Service (IRS) issued a non-standardized pre-approved profit sharing plan with CODA (cash-or-deferred arrangements) opinion letter dated June 30, 2020 to CCH Incorporated DBA FTWilliam.com, stating that its plan is acceptable for use by employers for the benefit of their employees under the Internal Revenue Code. Although the Sponsor has not applied for a determination letter for the Plan, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments Institutional provides recordkeeping and other services to the Plan, and certain Plan investments are managed by Fidelity or its affiliates. Cambridge Investment Research provides investment advisory services. Transactions with these service providers, investments managed by Fidelity or its affiliates, and participant loans constitute party-in-interest transactions under ERISA. The Plan incurred \$12,761 of administrative expenses during 2025, including recordkeeping, investment advisory and investment management fees. The Sponsor pays certain other Plan operating expenses directly; amounts paid by the Sponsor are excluded from the accompanying financial statements. Fidelity reported receiving eligible indirect compensation related to its recordkeeping services on the Plan's 2025 Form 5500, Schedule C.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan document to amend or terminate the Plan subject to ERISA. In the event of Plan termination, participants become fully vested in their accounts to the extent required by the Plan document and applicable law.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 26, 2026, the date the financial statements were available to be issued. Management is not aware of any subsequent events requiring recognition or disclosure in the accompanying financial statements.

11. RECONCILIATION TO FORM 5500

The financial statements have been prepared to be consistent with the financial information reported on the Plan's 2025 Form 5500. Net assets available for benefits at December 31, 2025 and 2024 agree to the amounts reported on Schedule H of Form 5500. Schedule H, line 1I reports net assets of \$5,499,060 at December 31, 2025 and \$4,527,318 at December 31, 2024.
