INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of the
Bank of America Group Benefits Program

Opinion

We have audited the financial statements of the Bank of America Group Benefits Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and the statements of plan benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and the statements of changes in plan benefit obligations for the years then ended, and the related notes to the financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits and plan benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management (Management) is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule of Reportable Transactions for the year then ended, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

McConnell Jones

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Bank of America Group Benefits Program (the Plan), is provided for general information purposes only. Participants should refer to the Plan's Summary Plan Description for a more complete description of applicable Plan provisions. Other Plan provisions may also apply to participants from predecessor plans assumed by Bank of America Corporation (the Corporation) and merged into the Plan.

Plan Sponsor and Participating Employers
The Corporation is the Plan Sponsor. Participating Employers in the Plan include the Corporation and certain principal subsidiaries of the Corporation.

Plan Administrator
The Plan is administered by the Bank of America Corporation Corporate Benefits Committee (the Committee). The Compensation and Human Capital Committee of the Board of Directors of the Corporation delegated to the Global Human Resources Executive of the Corporation the authority to select members of the Committee. Members of the Committee serve without compensation and act by majority vote. The Committee has overall responsibility for the operation and administration of the Plan including the power to construe and interpret the Plan, decide all questions that arise thereunder and to delegate responsibilities.

Plan Trustee
Bank of America, N.A. (BANA) is the Plan Trustee.

General
Various components of the Plan are offered to substantially all full-time and part-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and contains the following coverages:

- Medical
- Dental
- Vision
- Short-term disability
- Long-term disability
- Employee life insurance
- Employee supplemental life insurance
- Accidental death and dismemberment insurance
- Critical illness insurance
- Dependent life insurance
- Business travel accident
- Health care reimbursement accounts
- Purchased time off
- Corporate severance program
- Employee assistance program
- ABN AMRO Group Supplemental Death Benefit Plan
- Employee supplemental individual disability insurance
- Prepaid legal

Benefits and costs incurred by participants are funded by Participating Employers and participant contributions, or via insurance contracts, the premiums of which are paid for by Participating Employers and participant contributions. Plan benefits and costs may be paid from a voluntary employees' beneficiary association (VEBA) trust which is used primarily for the funding of severance pay, Plan expenses, incurred but not paid expenses under the self-funded medical plan, dental plan and long-term disability (LTD) payments under certain prior self-funded LTD plans. Additionally, a short-term disability VEBA trust (STD VEBA) is utilized to fund short-term disability benefits in order to facilitate administration and provision of such benefits.

Costs incurred and insurance premiums in future years will be funded and paid for by Participating Employers and participant contributions in those years. Many of the components of the Plan are offered under a cafeteria plan under Internal Revenue Code (IRC) Section 125, which allows participants to pay their share of costs for those Plan benefits on a before-tax basis.

Plan Termination
Although it has not expressed any intention to do so, the Corporation has the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. The Plan provides that each VEBA may be amended or terminated, but no amendment shall cause the assets of each VEBA to revert to the Corporation, or to be used for purposes other than providing benefits to participants and paying reasonable Plan-related administrative expenses.

2. Summary of Significant Accounting Policies

Significant accounting policies of the Plan are summarized below:

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP). Employer contributions are made when funding needs are determined. Employee contributions are made pursuant to Plan provisions. Revenues are recognized as earned. Benefits paid to Plan participants are recorded when paid. Expenses are recorded as incurred.

Management Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3: Fair Value Measurements).

Realized gains (losses) on investment transactions are recorded as the difference between proceeds received and cost. Cost is determined on the average cost basis.

Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Investment securities purchased and sold are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Postemployment Benefit Obligations
Postemployment benefit obligations are the actuarial present value of those estimated future benefits that are attributed to employee service rendered through the end of the Plan year. Postemployment benefits are funded on a pay as you go basis. The postemployment benefit obligations represent the amounts that are expected to be funded by contributions from the Corporation and from existing assets of the Plan. The Plan recognized $201.6 million and $176.6 million in postemployment benefit obligations as of December 31, 2025 and 2024, respectively.

For measurement purposes as of December 31, 2025, the assumed health care cost trend rates used to measure the expected cost of postemployment benefits covered by the Plan were 7.00% for 2025-2026, 6.75% for 2027-2028, 6.50% for 2029, 6.00% for 2030, 5.50% for 2031 and then 5.00% in 2032 and later years.

For measurement purposes as of December 31, 2024, the assumed health care cost trend rates used to measure the expected cost of postemployment benefits covered by the Plan were 6.50% for 2024, 6.25% for 2025, 6.00% for 2026, 5.50% for 2027 and then 5.00% in 2028 and later years.

The following are other significant assumptions used in the valuation as of December 31, 2025 and 2024:

	2025	2024
Discount rate	5.27%	5.60%
Rate of termination from disability	2012 Group Long Term Disability Table, adjusted to reflect the Plan's duration of 'own' vs. 'any' occupation definition of disability and adjusted +40% for durations less than 48 months and +18% for durations over 48 months	2012 Group Long Term Disability Table, adjusted to reflect the Plan's duration of 'own' vs. 'any' occupation definition of disability and adjusted +40% for durations less than 48 months and +18% for durations over 48 months
Disabled mortality	Pri-2012 Disabled Retiree and MP2021 projection scale adjusted to reflect the bank's mortality expectations	Pri-2012 Disabled Retiree and MP2021 projection scale adjusted to reflect the bank's mortality expectations

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postemployment benefit obligation.

Total Plan benefit obligations exceeded net assets available for Plan benefits as of December 31, 2025 and 2024. The deficiency in 2025 and 2024 primarily represents postemployment obligations on LTD Plan benefits.

Other Plan Benefit Obligations
The claims incurred but not reported (IBNR) by active participants, presented in the Statements of Plan Benefit Obligations as of December 31, 2025 and 2024, were prepared by the Plan's independent actuary in accordance with generally accepted actuarial principles. The IBNR amount represents an estimate of the ultimate cost of claims arising from events occurring prior to the Plan's year-end, which had not been reported as of that date.

Plan Expenses
Trustee direct expenses, some professional fees and certain administrative fees for employee communication and services, recordkeeping and benefit payment services are paid by the Plan. Other administrative expenses and some professional fees are paid by the Corporation.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

- *Money market funds* are valued at the net asset value of shares held by the Plan at year end;
- *Mutual funds* are valued at the net asset value of shares held by the Plan at year end; and
- *Exchange traded funds* listed or regularly traded on a securities exchange are valued at the last quoted sales price at the end of the Plan year. Listed securities not priced on a particular day use other independent pricing sources or broker quotes.

There have been no changes in the methodologies used as of December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 376,661,302	$ —	$ —	$ 376,661,302
Mutual and exchange traded funds	507,982	—	—	507,982
Total investments at fair value	$ 377,169,284	$ —	$ —	$ 377,169,284

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 415,751,829	$ —	$ —	$ 415,751,829
Mutual and exchange traded funds	498,711	—	—	498,711
Total investments at fair value	$ 416,250,540	$ —	$ —	$ 416,250,540

Transfers Between Levels
The Plan recognizes any transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2025 and 2024.

4. Federal Income Tax Status

The Plan is funded in part through contributions to the VEBA and STD VEBA trusts. The VEBA and STD VEBA trusts received a determination of tax exempt status under Section 501(c)(9) of the IRC dated September 10, 1999 and May 19, 2015, respectively. The Internal Revenue Service stated that the VEBA and STD VEBA trusts, as then designed, were in compliance with the applicable requirements of the IRC. The VEBA trust has been amended since receiving the tax exempt letter. However, the Plan Administrator and the Plan's tax counsel believe that the VEBA trust is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator is not aware of any actions or events that have occurred that might disqualify the VEBA and STD VEBA trusts from qualification under the IRC; thus no provision for income taxes has been reflected in the accompanying financial statements.

The Plan was under a periodic review by the U.S. Department of Labor which concluded in 2024. No material remedial actions were identified as a result of the review.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

6. Related Party and Parties-In-Interest Transactions

The Plan paid direct expenses to the Trustee totaling $77,499 and $86,199 for the years ended December 31, 2025 and 2024, respectively.

7. Reconciliation to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for Plan benefits per the financial statements	$ 380,045,239	$ 425,114,383
Claims payable, claims incurred but not reported and premiums due to insurers	(353,173,433)	(312,758,311)
Net assets available for benefits per Form 5500	$ 26,871,806	$ 112,356,072

Benefit obligations other than postemployment benefit obligations are recorded on the Form 5500 as a reduction of net assets available for Plan benefits. These benefit obligations include those claims that have been processed and approved for payment, insurance premiums incurred prior to December 31, but not yet paid as of that date, and claims incurred but not reported. For financial statement purposes, these amounts are reported in the Statements of Plan Benefit Obligations.

The following is a reconciliation of payments for claims and insurance premiums per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Payments for claims and insurance premiums per the financial statements	$ 3,446,779,790	$ 3,158,896,277
Add: Claims payable, claims incurred but not reported and premiums due to insurers as of end of year	353,173,433	312,758,311
Less: Claims payable, claims incurred but not reported and premiums due to insurers as of beginning of year	(312,758,311)	(294,118,404)
Payments for claims and insurance premiums per Form 5500	$ 3,487,194,912	$ 3,177,536,184

Additionally, postemployment benefit obligations are not reflected in Plan liabilities in the Form 5500 filed for ERISA reporting purposes but are included in the Statements of Plan Benefit Obligations.

8. Subsequent Events

In preparing the Plan's financial statements, subsequent events and transactions were evaluated for potential recognition through September 22, 2026, the date the financial statements were available to be issued. Plan management determined that there are no subsequent events or transactions that require disclosure to or adjustment in the financial statements.
