(1) Name: **WINDHAM BRANNON, LLC.**

(2) EIN: **58-1763439**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Ashton Woods Homes Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Ashton Woods Homes Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of the Plan

The following description of the Ashton Woods Homes Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Ashton Woods USA, L.L.C. and affiliated entities (the Company). All employees of the Company, except leased employees and certain nonresident aliens, who have attained 21 years of age become eligible to participate in the Plan on the first day of the month following the date they complete one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 80% of eligible compensation as defined by the Plan document, generally not to exceed a maximum of \$23,500 in 2025, plus an additional \$7,500 catch-up deferral for participants who are at least 50 years of age by the end of the Plan year. Beginning in 2025, participants who turned age 60, but not older than age 63, by December 31, 2025 are eligible for catch-up contributions of \$11,250. Upon satisfying the eligibility requirements, employees are automatically enrolled in the Plan on the first day of the following month at 3% of their eligible compensation, unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary employer match contribution and a discretionary employer profit-sharing contribution on behalf of eligible employees. The discretionary employer match contributions are based on a ratio determined by the Company on an annual basis. For 2025, the Company made discretionary employer match contributions equal to 50% of up to 6% of eligible compensation that a participant contributes to the Plan. The discretionary employer profit-sharing contributions are based on the ratio of an employee's compensation to total Plan compensation. There were no discretionary employer profit-sharing contributions made by the Company in 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, earnings and losses on the investments in their account, and charged with administrative expenses and certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest 20% per year of employment in the Company discretionary employer match contribution and discretionary profit-sharing contributions and the earnings thereon and are fully vested in these contributions after 5 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. During 2025, loans had fixed rates of 4.25% to 9.50% for the term of the note, not to exceed 5 years, or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount equal to the value of the participant's vested interest in their account. The participant's contributions may also be withdrawn for certain hardship situations. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. If a participant terminates employment and has an account balance less than \$7,000, the participant will automatically receive a lump-sum payment equal to the value of their account.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$120,392 and \$601,233, respectively. Forfeitures are used to reduce future Company contributions or to pay Plan administrative expenses. In 2025, forfeitures of \$878,939 and \$284,053 were used to reduce 2025 and 2024 discretionary employer match contributions, respectively. No forfeitures were used to pay Plan administrative expenses in 2025. In 2026 through June 30, 2026, \$257,591 of forfeitures were used to reduce 2025 discretionary employer match contributions.

Administrative Expenses

Certain account activity charges are paid from the accounts of the participants that incur the charge. The Plan allows for payment of administrative expenses from the Plan's assets which are allocated either as an equal dollar amount to each participant based on the number of participants

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

in the Plan or proportionately based on the value of participant account balances. These expenses are paid to service providers of the Plan and therefore qualify for party-in-interest transactions. All other expenses are paid by the Company. The Company does not expect reimbursement from the Plan for these expenses.

The Plan established an ERISA account where the service provider deposits revenue sharing payments that are used to pay Plan administrative expenses. During 2025, \$90,172 was deposited into the account and \$92,600 of Plan administrative expenses were paid from this account. The balance in the ERISA account was \$16,837 and \$19,265 at December 31, 2025 and 2024, respectively, which is included in the investment contract on the statements of net assets available for benefits. Deposits to this account are included in net change in contract value of investment contract and payments from this account are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. Once approved to be paid by the Company, the discretionary employer match contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The discretionary employer profit-sharing contributions are considered payable to the Plan when they are approved to be paid by the Company.

Valuation of Investments

The Plan's investments are stated at fair value, except for the investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

Net change in fair value of investments and net change in contract value of investment contract includes realized and unrealized gains and losses on respective investments, interest, and dividends. Interest income is recorded when received, primarily monthly.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding principal balances. Interest income is recognized when received, primarily monthly. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 15, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule of Assets (Held at End of Year), including investments held at December 31, 2025 and 2024, (except for notes receivable from participants at December 31, 2025 and 2024), and the net change in fair value and contract value of investments for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (Voya), the Plan's qualified institution.

4. Investments

Certain Plan investments are shares of pooled separate accounts and an investment contract managed by Voya. Voya is a service provider for the Plan and, therefore transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair or contract value of the investment as they are paid through revenue sharing rather than as a direct payment.

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attacks, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for similar assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in pooled separate accounts are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the pooled separate accounts daily at the published NAV (Level 1).

The Plan invests in a fully benefit-responsive guaranteed interest contract, which is a general obligation of the insurance company that issues the contract. Contract value is the relevant measure for fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest rate is based on the claims paying ability of Voya Retirement Insurance and Annuity Company

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

(VRIAC). Restrictions may apply to transfers of funds from this guaranteed interest contract to other contract investment options.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their fair values as of December 31, 2025 and 2024:

	Level 1	
	2025	2024
Pooled separate accounts	\$ 135,653,809	\$ 114,646,759
Total investments, at fair value	\$ 135,653,809	\$ 114,646,759

5. Income Tax Status

The Plan is a prototype plan document prepared by VRIAC. The Internal Revenue Service has determined and informed VRIAC by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Ashton Woods Homes Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Ashton Woods Homes Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of the Plan

The following description of the Ashton Woods Homes Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Ashton Woods USA, L.L.C. and affiliated entities (the Company). All employees of the Company, except leased employees and certain nonresident aliens, who have attained 21 years of age become eligible to participate in the Plan on the first day of the month following the date they complete one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 80% of eligible compensation as defined by the Plan document, generally not to exceed a maximum of \$23,500 in 2025, plus an additional \$7,500 catch-up deferral for participants who are at least 50 years of age by the end of the Plan year. Beginning in 2025, participants who turned age 60, but not older than age 63, by December 31, 2025 are eligible for catch-up contributions of \$11,250. Upon satisfying the eligibility requirements, employees are automatically enrolled in the Plan on the first day of the following month at 3% of their eligible compensation, unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary employer match contribution and a discretionary employer profit-sharing contribution on behalf of eligible employees. The discretionary employer match contributions are based on a ratio determined by the Company on an annual basis. For 2025, the Company made discretionary employer match contributions equal to 50% of up to 6% of eligible compensation that a participant contributes to the Plan. The discretionary employer profit-sharing contributions are based on the ratio of an employee's compensation to total Plan compensation. There were no discretionary employer profit-sharing contributions made by the Company in 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, earnings and losses on the investments in their account, and charged with administrative expenses and certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest 20% per year of employment in the Company discretionary employer match contribution and discretionary profit-sharing contributions and the earnings thereon and are fully vested in these contributions after 5 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. During 2025, loans had fixed rates of 4.25% to 9.50% for the term of the note, not to exceed 5 years, or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount equal to the value of the participant's vested interest in their account. The participant's contributions may also be withdrawn for certain hardship situations. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. If a participant terminates employment and has an account balance less than \$7,000, the participant will automatically receive a lump-sum payment equal to the value of their account.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$120,392 and \$601,233, respectively. Forfeitures are used to reduce future Company contributions or to pay Plan administrative expenses. In 2025, forfeitures of \$878,939 and \$284,053 were used to reduce 2025 and 2024 discretionary employer match contributions, respectively. No forfeitures were used to pay Plan administrative expenses in 2025. In 2026 through June 30, 2026, \$257,591 of forfeitures were used to reduce 2025 discretionary employer match contributions.

Administrative Expenses

Certain account activity charges are paid from the accounts of the participants that incur the charge. The Plan allows for payment of administrative expenses from the Plan's assets which are allocated either as an equal dollar amount to each participant based on the number of participants

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

in the Plan or proportionately based on the value of participant account balances. These expenses are paid to service providers of the Plan and therefore qualify for party-in-interest transactions. All other expenses are paid by the Company. The Company does not expect reimbursement from the Plan for these expenses.

The Plan established an ERISA account where the service provider deposits revenue sharing payments that are used to pay Plan administrative expenses. During 2025, \$90,172 was deposited into the account and \$92,600 of Plan administrative expenses were paid from this account. The balance in the ERISA account was \$16,837 and \$19,265 at December 31, 2025 and 2024, respectively, which is included in the investment contract on the statements of net assets available for benefits. Deposits to this account are included in net change in contract value of investment contract and payments from this account are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. Once approved to be paid by the Company, the discretionary employer match contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The discretionary employer profit-sharing contributions are considered payable to the Plan when they are approved to be paid by the Company.

Valuation of Investments

The Plan's investments are stated at fair value, except for the investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

Net change in fair value of investments and net change in contract value of investment contract includes realized and unrealized gains and losses on respective investments, interest, and dividends. Interest income is recorded when received, primarily monthly.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding principal balances. Interest income is recognized when received, primarily monthly. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 15, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule of Assets (Held at End of Year), including investments held at December 31, 2025 and 2024, (except for notes receivable from participants at December 31, 2025 and 2024), and the net change in fair value and contract value of investments for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (Voya), the Plan's qualified institution.

4. Investments

Certain Plan investments are shares of pooled separate accounts and an investment contract managed by Voya. Voya is a service provider for the Plan and, therefore transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair or contract value of the investment as they are paid through revenue sharing rather than as a direct payment.

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements December 31, 2025 and 2024

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attacks, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for similar assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in pooled separate accounts are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the pooled separate accounts daily at the published NAV (Level 1).

The Plan invests in a fully benefit-responsive guaranteed interest contract, which is a general obligation of the insurance company that issues the contract. Contract value is the relevant measure for fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest rate is based on the claims paying ability of Voya Retirement Insurance and Annuity Company

Ashton Woods Homes Retirement Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

(VRIAC). Restrictions may apply to transfers of funds from this guaranteed interest contract to other contract investment options.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their fair values as of December 31, 2025 and 2024:

	Level 1	
	2025	2024
Pooled separate accounts	\$ 135,653,809	\$ 114,646,759
Total investments, at fair value	\$ 135,653,809	\$ 114,646,759

5. Income Tax Status

The Plan is a prototype plan document prepared by VRIAC. The Internal Revenue Service has determined and informed VRIAC by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
