INDEPENDENT AUDITOR'S REPORT

Beechwood Continuing Care, Inc.
YourWay HRA Benefit Plan of Beechwood Health Care Center, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of YourWay HRA Benefit Plan of Beechwood Health Care Center, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of YourWay HRA Benefit Plan of Beechwood Health Care Center, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is an individual coverage health reimbursement arrangement (ICHRA), established on January 1, 2022, and provides benefits in the form of tax-free reimbursement for qualified medical expenses pursuant to Internal Revenue Code (IRC) 213(d), such as qualified individual coverage premiums for health insurance, to eligible employees of Beechwood Continuing Care, Inc., (the Plan Sponsor or the Plan Administrator), certain related entities under common control (collectively, the Company) and covered dependents. The ICHRA is primarily funded through a voluntary employees' benefits association (VEBA) trust and all contributions to the Plan are from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The VEBA trust participates in the YourWay Benefit Plan Master Trust, a grantor trust, which holds all Plan assets for investment purposes. Alta Trust Company (Alta) has been appointed by the Plan Sponsor to serve as custodian and non-discretionary trustee of the VEBA trust and grantor trust. Alta, as trustee, has appointed Charles Schwab Trust Bank as sub-custodian of the grantor trust's investments. Washington Trust Bank is the custodian of the Plan's non-interest bearing cash.

The Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility:

Full-time and part-time regular staff members of the Company are eligible for participation in the Plan upon enrollment in qualified individual coverage, as defined.

Contributions and funding policy:

Contributions are determined on an annual basis by the Company. The amount of employer contributions received by a participant for the year ended December 31, 2025 is determined based upon the dependents a participant chooses to cover under the ICHRA and by whether the participant is employed in a full-time or a part-time role.

Employer contributions are provided as monthly deposits to the VEBA trust. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan operates in conjunction with the YourWay Salary Reduction Plan for Premium Only Payments for Beechwood Continuing Care, Inc. (the YourWay Premium Only Plan). The YourWay Premium Only Plan provides eligible participants with the opportunity to supplement the payment of premiums for healthcare coverage, if it exceeds the amount contributed by the Company, with pre-tax or after-tax salary reductions. These salary reductions amounted to $394,216 for the year ended December 31, 2025, and are excluded from the accompanying financial statements of the Plan.

Note 1. Plan Description (Continued)

Participant accounts and vesting:

Each participant's account is credited with employer contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for certain administrative expenses. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's account. Upon termination, retirement, or death, a participant (or the participant's surviving spouse or qualified dependents) may continue to use their account balance for qualifying benefits until the balance is exhausted. In the event a participant dies without eligible survivors, the remaining account balance is forfeited. Forfeited amounts may be used to reduce employer contributions or pay administrative expenses. There were no amounts forfeited during the years ended December 31, 2025. There were no unallocated amounts resulting from forfeitures at December 31, 2025 or 2024.

Plan benefits:

The Plan provides for the payment of health insurance premiums based on the level of coverage elected by the participant. Certain administrative services are provided by an unaffiliated company, OneBridge Benefits Inc. (OneBridge). Participants can also submit claims directly to OneBridge, which provides reimbursement for qualifying medical expenses in accordance with prescribed reimbursement procedures.

Administrative expenses:

Certain recordkeeping and administrative expenses of maintaining the Plan are paid by the Company, which are excluded from these financial statements. Expenses paid by the Plan include an annualized asset-based fee that is assessed on invested funds and deducted from participants' accounts daily. Additionally, upon termination from employment, a participant's account is charged directly with a per-month administration fee. These fees are included in administrative expenses on the statement of changes in net assets available for benefits.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared using the accrual basis of accounting.

Non-interest bearing cash:

The Plan maintains non-interest bearing cash in a bank deposit account which, at times, may exceed federally insured limits. The Plan has not experienced any losses on such accounts, and the Plan Administrator believes the Plan is not exposed to any significant credit risk with respect to its cash accounts.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through September 15, 2026, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to, or derived from information certified by Alta, the trustee of the Plan. The Plan Administrator has obtained certifications from Alta that information provided to the Plan Administrator by Alta related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

		2025		2024
Non-interest bearing cash	$	**138,118**	$	161,437
Investments, at fair value:				
Money market fund	$	**325,467**	$	190,087
Mutual funds		**670**		-
	$	**326,137**	$	190,087

Non-interest bearing cash as presented in the statements of net assets available for benefits includes contributions received from the Plan Sponsor prior to December 31, 2025 and 2024 that have not yet been allocated to participant accounts.

Alta has also certified to the completeness and accuracy of net appreciation in fair value of investments in the amount of $7 and dividends in the amount of $10,472 for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission (SEC) that generally transacts at a stable $1.00 net asset value (NAV) representing its estimated fair value. On a daily basis, the fund's NAV is determined by the fund based on the amortized cost of the fund's underlying investments.

Mutual funds: Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024.

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	**$ 325,467**	**$ -**	**$ -**	**$ 325,467**
Mutual funds	**670**	**-**	**-**	**670**
	$ 326,137	**$ -**	**$ -**	**$ 326,137**

	2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 190,087	$ -	$ -	$ 190,087

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to modify the benefits and contributions provided to participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. Assets of the Plan may not revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 6. Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) granting tax-exempt status under the provisions of Section 501(c)9 of the IRC dated August 4, 2025. The Plan and the VEBA trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the VEBA trust. The Plan Administrator believes that the Plan and VEBA trust are being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and related VEBA trust qualify as tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the DOL's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others.

Alta serves as trustee of the Plan. Charles Schwab Trust Bank and Washington Trust Bank serve as sub-custodians of the Plan. As such, transactions with Alta, Charles Schwab Trust Bank and Washington Trust Bank qualify as party-in-interest transactions.

OneBridge provides recordkeeping, transaction processing and other administrative services to the Plan. As such, these transactions with OneBridge qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
