INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Concept Pharmacy Services LLC 401(k) Plan
Ashland, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Concept Pharmacy Services LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Concept Pharmacy Services LLC 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Concept Pharmacy Services LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Concept Pharmacy Services LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Concept Pharmacy Services LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Concept Pharmacy Services LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H-Line 4i - Schedule of Assets (Held at End of Year) as of, and for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONCEPT PHARMACY SERVICES LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. DESCRIPTION OF PLAN

General. The Concept Pharmacy Services LLC 401(k) Plan (the "Plan") is a defined contribution 401(k) profit sharing plan sponsored by Concept Pharmacy Services LLC (the "Company"). The Plan's original effective date is January 1, 2023. Amendment No. 1 to the Principal Financial Group pre-approved plan document is effective January 1, 2025. The Company is the named fiduciary and Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility requirements. An employee is eligible to participate in the Plan upon attaining age 18 and completing six months of service, using the elapsed-time method. Eligible employees enter the Plan on the monthly entry date. Effective January 1, 2025, the Plan includes an Eligible Automatic Contribution Arrangement ("EACA"). Under the EACA, eligible participants who do not make an affirmative deferral election are automatically enrolled in the Plan at a pre-tax elective deferral rate of 10% of compensation. Participants may elect to defer at a different percentage or elect not to make elective deferral contributions. The Plan does not provide for an automatic annual increase in the automatic deferral percentage. Permissible withdrawals of automatic contributions are permitted in accordance with the provisions of the Plan.

Contributions. Participants may make elective deferral contributions in accordance with the Plan document and applicable Internal Revenue Code limitations. The Company may make matching and other employer contributions as provided by the Plan document. During 2025, employer contributions were \$334,301 and participant contributions were \$645,376. Rollovers and other contributions were \$272,847.

Participant accounts. Each participant's account is credited with the participant's contributions, allocations of employer contributions, and investment earnings or losses, and is charged with applicable administrative expenses. Allocations are based on participant elections and the provisions of the Plan.

Vesting. Participants are fully vested in their elective deferral contributions and rollover accounts. Vesting in employer contribution accounts is determined in accordance with the provisions of the Plan document. Participants become fully vested upon attainment of normal retirement age or upon other events specified by the Plan.

Participant loans. The Plan permits participant loans subject to the limitations and repayment provisions contained in the Plan document. Participant loans are secured by the participant's vested account balance and bear interest at rates established under the Plan's loan policy.

Payment of benefits. Upon termination of service, retirement, death, disability, or other distributable event permitted by the Plan, a participant or beneficiary may receive the vested portion of the participant's account in a form permitted by the Plan. The Plan's normal retirement age is 65.

Administrative expenses. Certain administrative expenses are paid by the Plan. Other expenses may be paid by the Company. Expenses paid directly by the Company are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting. The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition. Investments are reported at fair value when fair value is required by U.S. GAAP. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes realized gains and losses on investments bought and sold and changes in the fair value of investments held during the year.

Investment in insurance company general account. Amounts invested in the Principal Guaranteed Option are reported as an investment in an insurance company general account based on information provided by Principal Life Insurance Company.

Participant loans. Participant loans are measured at their unpaid principal balance plus accrued interest, if any. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document and applicable law.

Benefits. Benefits are recorded when paid.

3. ERISA SECTION 103(a)(3)(C) AUDIT

Management elected to have the audit performed pursuant to ERISA Section 103(a)(3)(C). Principal Life Insurance Company maintains the Plan's investment assets and certified that the investment information presented in the financial statements and supplemental schedule was complete and accurate. The certified investment information was used in preparing the financial statements and supplemental schedule. The auditor's procedures with respect to such certified information were limited as described in the independent auditor's report.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - This level consists of inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Pooled separate accounts are valued at the unit value reported by Principal Life Insurance Company, based on the fair value of the underlying investments held by the separate accounts.

The Plan's investments are classified within the hierarchy based on the lowest level input that is significant to the fair value measurement. There were no transfers between levels of the fair value hierarchy during 2025.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment company shares	\$403,610	—	—	\$403,610
Pooled separate accounts	—	\$2,992,883	—	\$2,992,883
Total investments, at fair value	\$403,610	\$2,992,883	—	\$3,396,493

December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment company shares	\$206,042	—	—	\$206,042
Pooled separate accounts	—	\$1,892,715	—	\$1,892,715
Total investments, at fair value	\$206,042	\$1,892,715	—	\$2,098,757

The Principal Guaranteed Option, reported at contract value, and participant loans, reported at unpaid principal balance plus accrued interest, are not included in the fair value hierarchy tables above.

5. INVESTMENTS

At December 31, 2025, the Plan held pooled separate accounts of \$2,992,883, registered investment companies of \$403,610, an investment in an insurance company general account of \$217,239, and participant loans of \$31,745. Net investment gain from pooled separate accounts was \$355,243 and net investment gain from registered investment companies was \$44,284 for 2025.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and investment contracts. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in these risks could materially affect participants' account balances and the amounts reported in the financial statements.

7. TAX STATUS

The Plan is a 401(k) defined contribution plan intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code"), with a qualified cash or deferred arrangement under Section 401(k) of the Code. The related trust is intended to be exempt from federal income taxes under Section 501(a) of the Code. The Plan has been established using a preapproved plan document. Management believes the Plan has been designed and operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan and related trust continue to qualify for tax-exempt status. U.S. GAAP requires management to evaluate uncertain tax positions. Management has determined that there are no material uncertain tax positions requiring recognition or disclosure in the accompanying financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company or its affiliates. Principal also provides recordkeeping and other services to the Plan. These transactions qualify as party-in-interest transactions under ERISA; however, they are covered by statutory or administrative exemptions from the prohibited transaction provisions of ERISA. Participant loans also constitute party-in-interest transactions.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to amend or terminate the Plan subject to ERISA. In the event of Plan termination, participants become fully vested in their accounts to the extent required by the Plan document and applicable law.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date the financial statements were available to be issued. Management is not aware of any subsequent events requiring recognition or disclosure in the accompanying financial statements.

11. INITIAL AUDIT AND OPENING BALANCES

The financial statements for the year ended December 31, 2025 represent the first year for which the Plan's financial statements have been subject to an audit. Accordingly, the December 31, 2024 balances presented in

the statement of net assets available for benefits represent the Plan's opening balances for purposes of the 2025 audit. Net assets available for benefits at December 31, 2024 were \$2,201,068.

12. RECONCILIATION TO FORM 5500

The financial statements have been prepared to be consistent with the financial information reported on the Plan's 2025 Form 5500. Net assets available for benefits at December 31, 2025 are \$3,645,477 and the net increase in net assets available for benefits for 2025 is \$1,444,409.
