Independent Auditor's Report

The Plan Administrator
Arkansas Methodist Hospital Retirement Trust
Paragould, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arkansas Methodist Hospital Retirement Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Schedule Required by ERISA

The ERISA-required Supplementary Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of Arkansas Methodist Hospital Retirement Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees of Arkansas Methodist Medical Center and its subsidiary, Arkansas Methodist Medical Center Retirement Community, Inc. (collectively the Hospital), who are at least 18 years of age and have completed three months of eligible service. The Hospital is a nonprofit organization as determined by Section 501(c)(3) of the Internal Revenue Code (the Code). The Plan as adopted is a profit sharing/Section 401(k) plan subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants can change their deferral election percentage as of the beginning of each payroll period. Participants may contribute up to 75% of pretax annual compensation, subject to certain Internal Revenue Code limitations, as defined in the Plan Document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Hospital makes discretionary matching contributions of 50% of the participant's deferral up to a maximum amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Investment Account Options

Contributions in the Plan are invested into any of the investment funds available under the Plan provisions, in such proportions as the participants direct. Participants may change investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Hospital's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The Plan provides benefits based solely upon the amount contributed to the participant's account and any income, expenses, gains and losses on investments, which may be allocated to such participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in all contributions made to the Plan, plus earnings or losses therein.

Arkansas Methodist Hospital Retirement Trust

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their account up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer between the participant's investments and the loan. Loan terms range from one to five years, with the exception of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2%, as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits are generally payable on termination, retirement, death or disability. Benefits are paid as a lump-sum. Hardship distributions are also available from the participant's account, subject to regulatory requirements.

Forfeitures

The Plan held forfeitures of \$49,431 and \$47,294 at December 31, 2025 and 2024, respectively. Forfeitures can be applied to reduce the Hospital's contributions to the Plan or pay administrative expenses if directed by the Hospital. In 2025 and 2024, no forfeitures were used to fund employer's contributions or pay administrative expenses.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation in the fair value of investments at year end in the statement of changes in net assets available for benefits.

Arkansas Methodist Hospital Retirement Trust

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incurred by the Plan are paid by the Plan to the extent not paid by the Hospital. See Note 5.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Notes receivable from participants totaled \$478,140 and \$541,184, at December 31, 2025 and 2024, respectively. In 2025, the interest rates on notes receivable from participants ranged from 5.25% to 10.50%. Notes receivable from participants that defaulted in 2025 totaled \$33,971.

3. Investments Certified and Provided by Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan and qualified institution, has certified that the following information included in the accompanying financial statements and supplementary Schedule of Assets (Held at End of Year) is complete and accurate:

<i>December 31,</i>	2025	2024
Money market fund, at fair value	\$ 179,321	\$ 145,027
Mutual funds, at fair value	3,111,366	2,051,031
Self-directed brokerage account, at fair value	2,899	2,787
Common collective trust funds	22,465,274	20,124,996
Net appreciation in fair value of investments	3,344,083	2,070,115
Interest income	144,157	139,399

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplementary schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and whether the supplementary schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used

Arkansas Methodist Hospital Retirement Trust

Notes to Financial Statements

to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market and Mutual Funds - These assets are valued at the closing price as reported on the active market on which the individual securities are traded (Level 1).

Self-directed Brokerage Accounts and Common Collective Trust Funds - These assets are valued at their daily net asset value (NAV) of units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 179,321	\$ -	\$ -	\$ 179,321
Mutual funds	3,111,366	-	-	3,111,366

Self-directed brokerage account*	-	-	-	2,899
Common collective trust funds*	-	-	-	22,465,274
Total Investments, at NAV	-	-	-	22,468,173
Total Investments, at fair value	\$ 3,290,687	\$ -	\$ -	\$ 25,758,860

December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 145,027	\$ -	\$ -	\$ 145,027
Mutual funds	2,051,031	-	-	2,051,031

Self-directed brokerage account*	-	-	-	2,787
Common collective trust funds*	-	-	-	20,124,996
Total Investments, at NAV	-	-	-	20,127,783
Total Investments, at fair value	\$ 2,196,058	\$ -	\$ -	\$ 22,323,841

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying financial statements.

The fair value of the investments in the stable value common/collective trust fund has been estimated using the NAV of the investments. The fund is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

5. Related Party

As of December 31, 2025 and 2024, certain Plan investments are mutual fund accounts managed by Fidelity. Fidelity is the trustee as defined by the Plan. The Plan is also invested in loans receivable from participants. As a result, these investments and all transactions relating to these investments qualify as parties-in-interest transactions. These transactions are exempt from being considered prohibited transactions by ERISA. Administrative expenses paid to Fidelity by the Plan during 2025 totaled \$95,256.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event

Arkansas Methodist Hospital Retirement Trust

Notes to Financial Statements

of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

7. Income Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Code and, accordingly, the Plan's net investment income is exempt from income taxes. The Plan obtained a determination letter from the IRS on June 30, 2020. The Plan has not been amended since receiving the determination letter, and the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through August 31, 2026, which is the date the financial statements were available to be issued.
