Boutin Jones Inc. 401(k) Profit Sharing Plan Sacramento, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Boutin Jones Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Boutin Jones 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Boutin Jones 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOUTIN JONES INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the Boutin Jones Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established by Boutin Jones Inc. (the “Employer”) on January 1, 1993, and is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The Employer is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. Reliance Trust Company is the appointed custodian of the Plan’s assets (the Trustee). Recordkeeping and technical assistance are provided by Standard Retirement Services (Standard), a subsidiary of StanCorp Financial Group, Inc. Investments in stable value funds are held by the Standard Insurance Company, which is also a subsidiary of StanCorp Financial Group, Inc.; therefore, the related transactions are party-in-interest transactions. However, such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Eligibility – Eligible employees of the Employer become eligible to make salary deferrals and receive employer match contributions in the Plan on the first day of the month coincident with or next following the completion of three months of service. Eligible employees become eligible to receive profit-sharing in the Plan on the first payroll coincident or next following the completion of one year of service.

Elective deferrals – Participants may contribute up to the maximum amount allowed by IRS limitations through salary deferrals. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Employer contributions – The Plan provides for employer matching contributions of up to 3% of a participant’s compensation if they are employed on the last day of the plan year. Matching contributions consist of 50% of a participant’s first 2% of deferred compensation and 100% of a participant’s following 2% of deferred compensation. In addition, the Employer may provide a discretionary profit-sharing contribution to eligible employees if they are employed on the last day of the year. Profit-sharing contributions are allocated to eligible employees in accordance with the provisions of the Plan agreement. Total profit-sharing contributions for the year ended December 31, 2025 were \$1,399,090.

Participant accounts – Individual accounts are maintained for each Plan participant to reflect the participant’s contributions and the employer’s contribution. Income and loss is allocated to the participant’s account based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. The vested balance in a participant’s account is the benefit to which the participant would be entitled upon termination or retirement.

BOUTIN JONES INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

Vesting – Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The employer matching and profit-sharing contributions vesting percentages are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	50%
3 or more	100%

Payment of benefits – Benefits are payable upon retirement, termination, attainment of age 59 ½, disability, hardship or death. Additionally, military participants who serve active duty for more than 180 days are entitled to receive benefit payments. Benefits may be paid in a single lump sum distribution, installments, partial withdrawals, or as a rollover to another qualified plan or an individual retirement account.

Forfeitures – Forfeitures are kept in a separate account and may be used to reduce the employer paid administrative expenses or employer contributions. The forfeiture account balance was \$10,205 and \$13,918 as of December 31, 2025 and 2024, respectively. The Employer used forfeitures totaling \$29,260 toward Employer contributions during the year ended December 31, 2025.

Investment options – Plan investments are self-directed by the individual participants. Upon enrollment in the Plan, a participant may direct contributions in any selected investment options consisting of mutual funds, collective trust funds, and stable value funds of varying risks.

Participant loans – The Plan does not allow participant loans.

Costs of administration – Administrative expenses for 2025 include \$1,840 of transaction fees for transaction processing and certain distributions, paid out of Plan funds by participants initiating the transactions, and \$51,171 of administrative costs paid to the Standard out of Plan funds and allocated to all participants with account balances.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

BOUTIN JONES INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions – Employee contributions are recorded in the period payroll deductions are made. Employer matching and profit-sharing contributions are calculated and recorded as of December 31.

Payments of benefits – Benefits are recorded when paid.

Income taxes – The Employer has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, The Employer believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Subsequent events – Subsequent events have been evaluated for recognition and disclosure through September 22, 2026, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2025 that require recognition or disclosure in the consolidated financial statements.

3. FULLY BENEFIT-RESPONSIVE INSURANCE CONTRACT

The Plan's investment in the Standard Stable Asset Fund A is offered through a group annuity contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the Plan's investment in fully benefit-responsive investment contracts at December 31:

	<u>2025</u>	<u>2024</u>
Standard Stable Asset Fund A	\$ 2,378,281	\$ 2,403,413

As a traditional investment contract, the contract issuer, Standard Insurance Company, owns the underlying assets, and the Plan owns the contract itself. Participant principal and interest are fully guaranteed by the general account assets of Standard Insurance Company. Each quarter, Standard Insurance Company declares a credit rate for Standard Stable Asset Fund A for the coming quarter, taking into account yield forecasts from their asset advisory group and the margins required for their business. Past credit rates are not indicative of future rates, and declared crediting rates will never be below 1%. Interest credited for the years ended December 31, 2025 and 2024 totaled 3.16% and 3.07%, respectively.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although not expected, certain events may limit the ability of the Plan to transact at contract value with Standard Insurance Company. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

4. FAIR VALUE MEASUREMENTS

Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same—to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, as follows:

- | | |
|----------------|---|
| Level 1 Inputs | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities. |
| Level 2 Inputs | Inputs other than quoted prices in active markets that are observable either directly or indirectly. |
| Level 3 Inputs | Unobservable inputs for the asset or liability. |

When a price for an identical asset or liability is not observable, a reporting entity measures fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or to settle or otherwise fulfill a liability is not relevant when measuring fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price reported on the active market on which the individual funds are traded. The Plan's mutual funds are classified within Level 1 of the fair value hierarchy because the underlying investments are measured by pricing on publicly traded markets with reasonable levels of price transparency and are valued each day.

Collective trust funds: The investments underlying the collective trust fund investments generally include shares of common stock and fixed income investments whose values are determined on the basis of quoted prices in an active market. The Plan's collective trust fund investments are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BOUTIN JONES INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

At December 31, 2025, the Plan's investments were classified as follows:

	<u>Level 1</u>	<u>NAV ⁽¹⁾</u>	<u>Total</u>
Mutual funds	\$ 17,223,992		\$ 17,223,992
Collective trust funds		\$ 35,929,112	35,929,112

At December 31, 2024, the Plan's investments were classified as follows:

⁽¹⁾ The NAV-based assets are generally redeemable on a daily basis with a one-day notice with no restrictions and there are no unfunded commitments.

5. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to provisions of ERISA.
