Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **LANDMARK PLC, CPA**

(2) EIN: **71-0355269**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **First Western Bancshares, Inc. Employee Stock Ownership and 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Trustees and Participants
First Western Bancshares, Inc.
Employee Stock Ownership and 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Trustees and Participants
First Western Bancshares, Inc.
Employee Stock Ownership and 401(k) Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

NOTE 1: DESCRIPTION OF PLAN AND BASIS OF PRESENTATION

The following description of the First Western Bancshares, Inc. Employee Stock Ownership and 401(k) Plan (the Plan) only provides general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

General

First Western Bancshares, Inc. and its affiliates (the Employer) established the Plan effective January 1, 1976. The Plan contains both employee stock ownership (ESOP) and 401(k) portions. It is designed to comply with Sections 401(a) and 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The ESOP portion of the Plan is administered by the First Western Bancshares, Inc. ESOP trustees. John Hancock Life Insurance Company (John Hancock) is the Plan's insurance company and third party administrator of the 401(k) portion of the Plan.

Eligibility

Each employee of the Employer, who is not a nonresident alien, an independent contractor or a member of a collective bargaining unit (unless agreed upon by the Employer and the collective bargaining unit) is eligible to participate in the Plan after meeting the eligibility requirements noted below.

For purposes of making participant contributions, an employee may choose to participate in the Plan as soon as administratively practicable following the employee's date of hire. For purposes of the Employer discretionary contribution, an employee is eligible to participate in the Plan at the next entry date upon the latter of attaining age 21 and completing 12 months of continuous service during which 1,000 or more hours of service are earned. Entry dates are January 1 and July 1 for Employer discretionary contributions.

Participant Accounts

For the ESOP portion of the Plan, each eligible participant's account is credited as of the last day of each Plan year with an allocation of any Employer contributions, share of Employer common stock bought back from participants receiving distributions and forfeitures of terminated participants' nonvested accounts. These allocations are based on account balances or compensation, as defined in the Plan document. Earnings and administrative expenses pertaining to the ESOP portion of the Plan are allocated to each participant's account based on the ratio of the participant's ESOP account balance to total ESOP account balances.

For the 401(k) portion of the Plan, each participant's account is credited with the participant's contribution and 401(k) investment earnings and charged with an allocation of 401(k) administrative expenses. Such allocations are based on participant's elections or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2025 and 2024

Contributions

Each year, a participant's elective contribution may be any amount or percentage up to certain Internal Revenue Service (IRS) and Plan limitations. Participants may also contribute amounts representing distributions from other qualified plans. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous pooled separate accounts from which the participants may choose for investment.

The Employer is obligated to make contributions in cash to the Plan which, when aggregated with Employer stock dividends, if applicable, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on any Plan loan outstanding. The Employer may make additional discretionary contributions to be determined each year by the Employer's Board of Directors. These additional contributions are to be allocated among eligible participants who worked at least 1,000 hours during the Plan year and are employed on the last day of the Plan year. If a participant terminates in the current year because of death, disability, or retirement, these requirements are waived. Employer discretionary contributions to the Plan may be made in cash or shares of common stock and are allocated among eligible participants based on designated allocation groups.

Employer discretionary contributions are primarily invested in common stock of the Employer and are not participant directed.

Optional Diversification

Diversification is offered to participants close to retirement so that they have the opportunity to move part of the value of their investment in Employer common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify can choose to receive a cash or common stock distribution or to invest in the same investment options as the participant's 401(k) account.

Mandatory Diversification

In the year after the Plan year a participant has a separation from service, participants who terminate employment prior to their early retirement or normal retirement dates are mandatorily diversified out of the Employer common stock. The participant's account balance will be re-invested in the John Hancock managed investments. The participant's account will be invested in the same investment options and in the same allocation method as the participant's 401(k) account. Yearly application of the mandatory diversification is at the trustee's discretion based upon the cash liquidity of the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Employer contribution portions of their accounts at 20% per year after two years of service and each subsequent year after that are fully vested after six years of continuous service.

Payment of Benefits

For the ESOP portion of the Plan, distributions upon death, disability or retirement shall begin to be paid no later than one year after the close of the Plan year in which the participant separated from service unless the participant or the participant's beneficiary elects to defer payment. Distributions for other separations from service commence in the fifth Plan year following the separation from service unless the participant elects to defer payment. If a participant terminates prior to either the early retirement date or normal retirement date, the balance of their ESOP account is mandatorily diversified out of Employer stock and credited to their participant directed investments. Distributions of the ESOP portion of the Plan shall be made in either a lump sum or in substantially equal periodic payments (not less frequently than annually) over a period not longer than five years unless the participant's vested balance is over \$800,000, in which case the participant may elect a longer distribution period. Participants may elect to receive an in-service withdrawal from his or her Employer common stock account once the participant has completed ten (10) years of service and has reached age 65. Participants can make an annual election for an in-service distribution. ESOP distributions can be made in either cash, Employer common stock or both.

Under the provisions of the Plan, the Employer is obligated to repurchase participant shares which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. No such shares were repurchased during the years ended December 31, 2025 and 2024.

For the 401(k) portion of the Plan, upon separation of service a participant may elect to receive a lump-sum amount equal to the value of the participant's 401(k) account, or rollover the account balance to an individual retirement account or to another qualified employer retirement plan. In-service withdrawals from the participant's 401(k) account are available to participants who have reached age 62. In addition, in-service withdrawals from their 401(k) account are available to participants meeting certain hardship requirements. There are no eligibility requirements related to taking a withdrawal from the participant's rollover account.

Accounts of terminated participants, both ESOP and 401(k), under certain amounts can be automatically distributed without the participant's election.

Forfeitures

Plan forfeitures are allocated to each eligible participant's account based upon the relation of the participant's compensation to total compensation for the Plan year; unless forfeitures are first used to reinstate previously forfeited account balances of former participants. During the years ended December 31, 2025 and 2024, \$2,293 and \$6,559, respectively, in forfeited nonvested accounts were allocated among remaining participants.

Voting Rights

If the Employer does not have a registration-type class of securities, each Participant or beneficiary in the Plan is entitled to direct the trustee as to how to exercise voting rights on the shares allocated to the Participant's Employer stock account with respect to approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction as prescribed in regulations. The term registration-type class of securities means: (A) a class of securities required to be registered under Section 12 of the Securities Exchange Act of 1934; and (B) a class of securities which would be required to be so registered except for the exemption from registration provided therein.

Put Option

Under federal income tax regulations, the Employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Employer buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Employer can pay for the purchase with interest over a period not to exceed five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by John Hancock for the 401(k) investments and an independent appraiser for the ESOP investment. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

First Western Bancshares, Inc.

Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements **December 31, 2025 and 2024**

Administrative Expenses

Investment related expenses of the John Hancock pooled separate accounts are included in net appreciation in fair value of investments. Expenses of the Plan for the investment management services or recordkeeping of the ESOP portion of the Plan provided by the recordkeeper are paid proportionately from participant's ESOP account balances. Certain administrative functions are performed by officers or employees of the Employer or its Affiliates. No such officer or employee receives compensation from the Plan. Some administrative expenses for trustee's fees are paid directly by the Employer. See Note 11.

Expenses Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping provided by John Hancock are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: INFORMATION CERTIFIED BY THE PLAN'S INSURANCE COMPANY

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments in pooled separate accounts, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024,
- Net appreciation in fair value of the pooled separate accounts, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and
- The pooled separate accounts as shown on the Schedule of Assets Held at End of Year as of December 31, 2025.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: EMPLOYER COMMON STOCK

The Plan's investment in Employer common stock as of December 31, 2025 and 2024 is as follows:

	<u>2025</u>	<u>2024</u>
Number of shares	32,870	32,870
Cost	\$ 1,295,815	\$ 1,295,815
Fair value	\$ 14,051,925	\$ 12,802,865

NOTE 5: FAIR VALUE MEASUREMENTS

FASB Codification Topic *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Codification Topic *Fair Value Measurements and Disclosures* are described as:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

First Western Bancshares, Inc.

Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

Pooled separate accounts: Valued at the net asset value (NAV) of the units of the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily.

Employer common stock: Valued at the fair value based upon an independent appraiser. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Employer's assets and liabilities. The valuation process for the common stock involves Plan trustee's selection of an independent appraiser under an annual contract. Plan management accumulates the data for the appraiser from the audited financial statements of the Employer and other documentation. The appraiser prepares a preliminary report which Plan management, along with the ESOP trustees, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. In accordance with the FASB Codification Topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments measured at net asset value				<u>5,607,400</u>
Total investments				<u>\$ 18,410,265</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
December 31, 2025				
Pooled separate accounts	<u>\$ 7,106,890</u>	<u>\$ -</u>	Daily	None
December 31, 2024				
Pooled separate accounts	<u>\$ 5,607,400</u>	<u>\$ -</u>	Daily	None

Each portfolio included in the pooled separate accounts has different investment objectives and risks. The portfolio prospectuses contain more detailed information on each portfolio's investment strategy. The majority of the pooled separate accounts invested in are the Lifestyle Portfolio funds. These funds invest solely in the John Hancock Funds II – Multimanager Lifestyle Portfolio stock. The portfolios are invested in a variety of investments that balance between a high level of current income and growth of capital with the emphasis changing based on the participant's risk preferences.

Changes in Fair Value of Level 3 Assets

The Employer common stock is a level 3 investment. During the years ended December 31, 2025 and 2024, there were no transfers into or out of level 3 in the fair value hierarchy. In addition, there were no purchases or issues of level 3 assets or liabilities.

Notes to Financial Statements December 31, 2025 and 2024

The following table sets forth the valuation techniques and significant unobservable inputs used to determine the fair value of the Employer common stock as of December 31, 2025 and 2024:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs
December 31, 2025			
Employer common stock	\$ 14,051,925	Income Market value	Future Cash Flows; Dividend Discount Net Income from Continuing Operations; Five-Year Weighted Average Earnings; Tangible Book Value per Share
December 31, 2024			
Employer common stock	\$ 12,802,865	Income Market value	Future Cash Flows; Dividend Discount Net Income from Continuing Operations; Five-Year Weighted Average Earnings; Tangible Book Value per Share

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the trustees shall pay all liabilities and expenses of the Plan and shall sell shares of financial common stock held in the loan suspense account (if applicable) to the extent such sale is determined necessary in order to repay any ESOP loan. In the event of a plan termination, participants will become one hundred percent (100%) vested in their employer accounts.

NOTE 7: RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan invests in Employer common stock. This is a related party and party-in-interest transaction. The Employer also performs certain administrative functions at no cost to the Plan. The Employer does not expect reimbursement for these expenses.

Certain Plan investments are in pooled separate accounts managed by John Hancock. John Hancock is the insurance company as defined by the Plan and, therefore, these investments and the related transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. To the extent that revenue sharing is insufficient to cover these fees, they will be deducted pro rata from the participants' accounts.

First Western Bancshares, Inc.

Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements **December 31, 2025 and 2024**

The Plan is charged fees and expenses through expense ratios charged by John Hancock to the Plan's various investment options. The investment expense ratios vary by fund and are reflected in the value of the investments held by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 8: TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan adopted an individually designed plan document. The Employer obtained an opinion letter from the IRS dated September 21, 2022. This opinion letter indicates that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letters, Plan management believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan accounts for uncertain tax positions in accordance with the provisions of the FASB Codification Topic *Income Taxes*. FASB Codification Topic *Income Taxes* clarifies the accounting for uncertainty in income taxes and requires the Plan to recognize in their financial statements the impact of a tax position taken or expected to be taken in a tax return, if that position more likely than not would not to be sustained under audit, based on the technical merits of the position. The Plan administrator has assessed the tax positions taken by the Plan and determined that no positions exist that require adjustment or disclosure under the provisions of FASB Codification Topic *Income Taxes*.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for investments in various income securities, which, in general, are exposed to certain risks, such as interest rate, credit and overall market volatility risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques pertaining to the Plan's investment in Employer common stock. Certain investment options may invest in foreign securities. There are certain additional risks involved when investing in funds with underlying foreign securities that are not present with investments in domestic securities. These risks may involve foreign currency exchange rate fluctuations, adverse political and economic developments and the possible prevention of currency exchange due to foreign governmental laws or restrictions. Due to the level of risk associated with certain investment securities, including the Employer's common stock, and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 10: CONCENTRATIONS

The Plan has a concentration of assets invested in the Employer common stock. This investment accounted for 66% and 70%, respectively, of total investments as of December 31, 2025 and 2024.

NOTE 11: ADMINISTRATION OF PLAN ASSETS

The Plan's assets related to the ESOP portion of the Plan, which consist principally of Employer common stock, are held by the trustees of the Plan. Employer contributions are held and managed by the trustees, which invest cash received, interest, and dividend income and make distributions to participants. John Hancock performs such functions (as applicable) for, and is the insurance company of, the 401(k) portion of the Plan's assets.

NOTE: HISTORICAL COST INFORMATION

Disclosure of historical cost information with regard to certain plan investments is normally required to be presented in the Schedule of Assets Held at End of Year in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This disclosure requirement, however, does not apply to Plans whose investments are 100% participant directed; therefore, no cost information is reported in the above referenced schedule for participant directed investments.

See Independent Auditor's Report.
