INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Wells Fargo & Company Retiree Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wells Fargo & Company Retiree Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from an agent on behalf of a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by a qualified institution and certified to by an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules (modified cash basis) related to assets held by a qualified institution and certified to by an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an agent of an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Wells Fargo & Company Retiree Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Wells Fargo & Company ("Wells Fargo" or the "Company") is the Plan Sponsor. The Plan Administrator is the Company's Head of Human Resources (or the functional equivalent title of the most senior position in Human Resources), the Head of Total Rewards (or the functional equivalent title of the most senior position in Human Resources over compensation and benefit plans or programs other than the Head of Human Resources), and the Head of Benefits (or the functional equivalent title of the most senior position in Human Resources over benefit plans and programs other than the Head of Human Resources and the Head of Total Rewards), each of whom, acting individually or jointly, may take action as the Plan Administrator, or its or their authorized delegate.

(a) General

The Plan is a combination of self-insured and insured health and welfare benefit options that provides for the payment or reimbursement of all or a portion of covered medical, dental and vision expenses incurred by participating eligible retirees (and their participating eligible dependents) of Wells Fargo or participating employers. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Generally, former employees are eligible to enroll in retiree medical and dental coverage upon retirement from a benefits eligible full-time or part-time position if they meet one of the following age and service requirements under the Plan:

(i) On or after age 55 with at least 10 full years of service;

(ii) On or after age 65 with one full year of service (retiree dental coverage not available); or

(iii) If age plus full years of service equals 80 points or more.

In addition, former employees, who were in a benefits eligible position and on Wachovia Corporation's payroll as of December 31, 2009, and whose age and full years of service equaled 50 or greater as of January 1, 2010 and upon termination of employment from Wells Fargo are at least age 50 with 10 or more full years of service are eligible to enroll in pre-Medicare retiree medical and/or retiree dental.

Retiree dental coverage ends the first of the month in which a retiree turns 65. A retiree is not eligible for retiree dental coverage if already age 65 or older at time of retirement.

Retiree vision coverage is a closed option. There are no new enrollments into this option.

Eligible retirees may also elect to cover their eligible spouse or domestic partner and other eligible dependents at the time of their initial enrollment at retirement.

Effective, January 1, 2016, the Plan was amended and the age and service considered for additional medical subsidy amounts was "frozen" for future eligible plan participants (i.e. for retirement dates as of January 1, 2016 or later, years of service and age will be calculated as of December 31, 2015).

Effective January 1, 2017, the Plan was amended and restated to eliminate the Medicare self-insured options and to replace them with a fully-insured Medicare Advantage plan

option. Employer retiree medical Medicare subsidy amounts and Retirement Medical Allowance amounts ("RMAA") have been modified for certain participants.

Effective April 1, 2018, the Plan was amended to revise the definition of Retiree to exclude a former Employee who becomes Medicare-eligible on or after April 1, 2018 and is not eligible for an employer subsidy under the Plan. However, this exclusion does not apply to:

- Eligible Medicare retirees who were eligible for Medicare and enrolled in a Wells Fargo & Company Retiree Plan Medicare Advantage Plan with an effective date of coverage prior to April 1, 2018.
- Covered pre-Medicare family members of an eligible retiree participant who were enrolled in a Wells Fargo & Company pre-Medicare plan option if any member of the family was already covered under a Wells Fargo & Company Retiree Plan Medicare Advantage Plan with an effective date of coverage prior to April 1, 2018. These covered pre-Medicare family members may enroll in Medicare Advantage option at the time they become eligible for Medicare on or after April 1, 2018.
- Eligible retirees living in a U.S. territory and covered by the Plan prior to January 1, 2020.
- Deferred former Employees who are eligible for a Retirement Medical Allowance or other retiree medical subsidy under the Wells Fargo & Company Retiree Plan.

(i) Medical Program

The medical program includes medical and prescription drug services through a number of different medical coverage options, including both self-insured and insured medical coverage options as described by the Plan document.

Pre-Medicare participants enrolled in a high deductible health plan option may establish a tax-advantaged savings vehicle known as a Health Savings Account ("HSA") to pay for qualified medical expenses that they or their eligible dependents incur. Contributions to the HSA may be made by the participant. The HSA is owned by the participant and is not part of the Plan. Contributions to HSAs and payments of qualified medical expenses from HSAs are not included in the statements of changes in net assets available for benefits.

Prior to January 1, 2019, Pre-Medicare participants enrolled in a health reimbursement account ("HRA") plan option could receive an allocation from Wells Fargo to an HRA. Effective January 1, 2019, Pre-Medicare participants enrolled in an HRA plan option could no longer receive a new allocation from Wells Fargo to an HRA, but unused amounts allocated prior to January 1, 2019 continued to be available to pay for qualified medical expenses incurred during the plan year. For participants newly retired on January 1, 2019, and after, any HRA balance they accumulated while an active employee enrolled in the HRA eligible plan is transferred to their pre-Medicare HRA plan. The HRA is a notional account and no specific funds are set aside or otherwise segregated. Amounts allocated to the HRA are not vested and are subject to forfeiture upon coverage termination. Any amounts remaining at the end of the year can generally be carried over to the next year if the participant remains enrolled in a HRA plan option.

Eligible Medicare-eligible participants (as described in Note (1) (a) above) are eligible to participate in a group fully-insured Medicare Advantage medical coverage option as described in section (1)(a)(iii) of the Plan document.

(ii) Dental Program

The dental program offers preventative, restorative, and prosthetic care to eligible participating retirees and eligible participating dependents on a self-insured basis as described in the Plan document. The claims administrator for the dental program has contractual agreements with dentists nationwide. The maximum expense considered for benefits for services received from a participating dentist is the agreed-upon allowable charge between the claims administrator and the participating dentists. The maximum expense for services received from an out-of-network dentist is based on the claim administrator's table of allowances. Participants are responsible for paying the amount in excess of the fee in the table of allowances.

(iii) Vision Program

The vision program provides for the payment or reimbursement of all or a portion of covered expenses for eye examinations and eyeglass frames, lenses, and contacts on a self-insured basis for eligible retirees. Benefits differ if participants choose a network provider rather than an out-of-network provider. Each covered participant must generally pay a copayment or coinsurance for each type of covered service provided.

(b) Funding

Retirees and their covered eligible dependents generally pay a monthly contribution equal to the full cost of coverage less a subsidy (if applicable) that may be fixed or based upon the number of years of service and age at retirement. The cost and subsidy varies depending on the Plan coverage election and the plan provisions. Retiree contributions range from 0% – 100% of the cost of these benefits. For both years ended December 31, 2025 and 2024, retiree contributions amounted to approximately 57% of the cost of retiree plan benefits.

The Wells Fargo & Company Employee Benefit Trust for Retiree Medical Benefits ("Retiree Trust") provides benefits to retirees who are not key retirees, and the Wells Fargo & Company Employee Benefit Trust ("Master Trust") provides benefits to retirees who are key retirees. The Retiree Trust and Master Trust may be referred to collectively as the "Trusts". Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company, serves as trustee of the Trusts ("Trustee"). Principal Bank, an affiliate of the Trustee, acts as agent and serves as the qualified certifying institution for the Plan's financial information. The Trustee executes investment transactions on behalf of the Trusts at the direction of the Employee Benefit Review Committee or its authorized agent. The Trustee reports the Trusts' investments and related activity to the Plan.

(c) Benefit Payments

The Plan provides benefit payments to or on behalf of eligible participating retirees, and their eligible participating dependents for covered medical, dental and vision expenses, as applicable.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Plan's policy is to prepare its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under such modified cash basis, financial statements are prepared on the basis of cash receipts and disbursements, except for certain receivables and payables. Additionally, investments are reported at fair value. Consequently, certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligations are incurred. Accordingly, the accompanying financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The investment in the Master Trust is carried at the current unit value based upon the fair values of the individual investments held by the Master Trust as determined by the Trustee.

(d) Fair Value – Definition and Hierarchy

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on an exit price notion that maximizes the use of observable inputs and minimizes the use of unobservable inputs.

The Plan classifies its assets and liabilities measured at fair value based upon a three-level hierarchy that assigns the highest priority to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs. The three levels are as follows:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.

- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques, for which all significant assumptions are observable in the market.

- Level 3 – Valuation is generated from techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of discounted cash flow models, market comparable pricing, option models, and similar techniques.

(Continued)

(e) Risks and Uncertainties

The Plan may invest in various types of investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect the amount reported in the statements of net assets available for benefits.

The actuarial present value of postretirement benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(f) Expenses

Certain plan administrative expenses such as claims processing fees, audit and tax preparation fees are paid by the Plan. All fees paid to the Trustee are paid by the Company.

(g) Benefit Payments

Benefit payments are recorded when paid by the Plan.

(h) Rebates and Financial Guarantees

The Plan utilizes a pharmacy benefit manager ("PBM") to administer its prescription drug benefit. The PBM pays rebates to the Plan based on the Plan's actual utilization pattern of specific drugs. The Plan also collects payments attributed to financial guarantees ("guarantees") as described in the contract with the PBM. Rebates and guarantees received from the Plan's PBM are recorded as a reduction of benefit payments. Rebates and guarantees received by the Plan during 2025 were approximately $6.0 million. Rebates and guarantees receivable at December 31, 2025 and 2024 were approximately $2.0 million and $4.2 million, respectively.

(i) Death Benefits

Death benefits are recorded when received.

(3) Information Certified

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications as of December 31, 2025 and 2024, and for the year ended December 31, 2025, from the Trustee or its agent (Principal Bank) that all investment information provided by the Trustee or Principal Bank is complete and accurate. Investment information included in the accompanying financial statements and notes to the financial statements as to the investment assets held in the Trusts and the 401(h) account managed by the Trustee, and investment income and all investment information in the supplemental schedules is presented in reliance solely upon those certifications.

(4) Fair Value Measurements

The Plan classifies its investments recorded at fair value as either Level 1, 2, or 3 in the fair value hierarchy. The highest priority (Level 1) is assigned to valuations based on unadjusted quoted prices in active markets and the lowest priority (Level 3) is assigned to valuations based on significant unobservable inputs.

In the determination of the classification of financial instruments in Level 2 or Level 3 of the fair value hierarchy, the Plan considers all available information, including observable market data, indications of market liquidity and orderliness, and its understanding of the valuation techniques and significant inputs used. Judgments are made regarding the significance of the Level 3 inputs to the instruments' fair value measurement to its entirety. If unobservable inputs are considered significant, the instrument is classified as Level 3.

The following is a description of the valuation methodologies used by the Plan to measure investments at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in *registered investment companies* are valued at fair value based upon quoted prices in an active market. R*egistered investment companies* include *money market funds*, which are priced at $1.00 per share.

The Retiree Trust invests in *insurance contracts* on the lives of certain employees or former employees including single premium variable universal life policies issued by Minnesota Life Insurance Company ("Minnesota Life"), now known as Securian, and single premium universal life policies issued by Safeco Life Insurance Company ("Safeco"). The Retiree Trust is the owner and beneficiary of these policies. The variable universal life insurance policies issued by Minnesota Life are reported at fair value based upon the underlying assets which are variable insurance product mutual funds and is shown as Level 2 in the fair value hierarchy. The fair value of the universal life insurance policies issued by Safeco are estimated based on the contractual value (cash surrender value) as provided by the issuer and is shown as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31. The following tables do not include the Plan interest in the Master Trust

(5) Plan Interest in Master Trust

The Plan, together with the Wells Fargo & Company Health Plan (for Eligible Active Employees and their Dependents), invests certain of its assets on a commingled basis in the Master Trust. Each participating plan has an undivided interest in the assets of the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust, plus actual employee contributions to the Plan, plus Master Trust investment income allocated to the Plan, less actual distributions and expenses of the Plan. At December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Trust was approximately 18% and 43%, respectively. Investment income is allocated to the individual plans based upon the ratio of annual distributions and benefit expenses by each plan.

The following tables present the net assets, including investments, held in the Master Trust and the Plan's interest in the Master Trust net assets at December 31:

	2025	
	Master Trust Balances	**Plan's Interest in Master Trust Balances**

The net investment income of the Master Trust for the year ended December 31, is presented below:

	2025
Investment income:	
Interest and dividends	$ 5,072,691
Other income	117,617
Total investment income	$ 5,190,308

The following is a description of the valuation methodologies used by the Master Trust to measure investments at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in *registered investment companie*s are valued at fair value based upon quoted prices in an active market. R*egistered investment companies* include *money market funds*, which are priced at $1.00 per share.

The following tables set forth by level, within the fair value hierarchy, the investments of the Master Trust at fair value as of December 31:

(6) Benefit Obligations

(a) Postretirement Benefit Obligation

The accumulated postretirement benefit obligation represents the actuarial present value of estimated future benefits attributable to employee service rendered through December 31. The accumulated postretirement benefits include future benefits expected to be paid to or on behalf of (a) current retirees and their beneficiaries and dependents and (b) active employees and their beneficiaries and dependents after retirement from service. For active employees not yet eligible for benefits, the obligation includes only the portion of the expected accumulated postretirement benefit obligation attributable to employee service rendered through the valuation date.

The actuarial present value of the expected accumulated postretirement benefit obligation is determined by an actuary using the most recent available premium rates and demographic information as the basis to estimate claims costs. The estimated costs are then adjusted for economic and demographic assumptions, including time value of money (through discounts for interest), future claims cost (through trend rates), claims cost for different ages (through aging factors), and the probability of payment (through decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Under the Medicare Prescription Drug, Improvement and Modernization Act of 2003, employers that sponsor postretirement healthcare plans that provide qualifying prescription drug coverage are eligible to receive a federal subsidy. This subsidy is paid directly to the Company, as Plan Sponsor, and not to the Plan. Accordingly, the Plan's accumulated postretirement benefit obligation does not reflect the subsidy, while the Company's financial statements do, which results in a difference between the respective benefit obligations.

For measurement purposes, the following actuarial assumptions were utilized as of December 31:

	2025	2024
Discount rate	5.23%	5.49%
Mortality basis	98.1% for males and 97.0% for females of Pri-2012 Amounts-Weighted Non-Disabled Annuitant Table with White Collar adjustment for Retirees, 101.0% for males and 83.5% for females of Pri-2012 Amounts-Weighted Non-Disabled Annuitant Table with White Collar adjustment for Contingent Survivors, and 98.1% for males and 97.0% for females of Pri-2012 Amounts-Weighted Employee Table with White Collar adjustment for Non-Annuitants. Base rates generationally projected with Scale MP-2021.	98% of the Amounts-Weighted Pri-2012 White Collar Mortality Tables for Employees and Retirees, and 89% of the Amounts-Weighted Pri-2012 White Collar Mortality Table for Contingent Survivors, projected to 2017 with Scale MP-2020 and beyond 2017 with the 2024 Aon Endemic COVID-19 version of Scale MP-2021.
Healthcare cost trend rate	Medical pre-65 (Wells Fargo sponsored plans)	Medical pre-65 (Wells Fargo sponsored plans)
	Initial range of 7.70% decreasing by 0.40% each year to 4.50% in 2034+	Initial range of 8.10% decreasing by 0.40% each year to 4.50% in 2034+
	Retiree Health Reimbursement Arrangement (“RHRA”) - built-in subsidy group	Medical post-65
	2.00% for 2026 through 2034+	14.50% decreasing by 1.00% - 1.25% each year to 4.50% in 2034+
Annual per capita claims cost	Ranging from $19,076 to $21,923 for pre-65 group only	Ranging from $1,468 to $18,071

The weighted average healthcare cost trend rate assumption has a significant effect on the estimated benefit obligations reported. If the assumed rates increased by one percentage point in each year, it would increase the obligation as of December 31, 2025 and 2024 by $841,000 and $2,157,000, respectively.

The postretirement benefit obligation for the Plan’s self-insured medical coverage options is actuarially determined based on the total number of active and retiree participants.

The following table provides additional information regarding the Plan's accumulated postretirement benefit obligation as of December 31:

	2025	2024
Retirees	$ 128,220,000	168,764,000
Actives:		
Not fully eligible	11,223,000	5,038,000
Fully eligible	45,921,000	18,919,000
Actives subtotal	57,144,000	23,957,000
Accumulated postretirement benefit obligation	$ 185,364,000	192,721,000

The following provides additional information regarding the Plan's changes in the accumulated postretirement benefit obligation for the year ended December 31:

	2025
Balance at beginning of year	$ 192,721,000
Increase (decrease) during the year attributed to:	
Interest	9,711,000
Net benefits paid	(29,712,000)
Changes in actuarial assumptions*	(10,185,000)
Plan amendments**	21,198,000
Actuarial experience and other	1,631,000
Balance at end of year	$ 185,364,000

* Changes in actuarial assumptions include: decrease of the discount rate from 5.49% to 5.23%; updates in the Custom Wells Fargo Mortality table and mortality improvement projection scale; changes in healthcare trend rates; changes in claims, offsets, and contributions; and changes in demographic assumptions including retirement, withdrawal, and RMAA forfeiture rates.

** Wells Fargo has adopted an RHRA plan as of January 1, 2026. For additional information, see Note 11 (Subsequent Events).

(b) Other Obligations

Estimated claims incurred but not reported are estimates, which are based on claim run-off experience and are subject to uncertainty.

(Continued)

The following table provides additional information regarding the Plan's other benefit obligations as of December 31:

	2025	2024
Claims payable and claims incurred but not reported	$ 3,559,000	3,053,000

The following table provides additional information regarding the Plan's changes in the other benefit obligations for the year ended December 31:

	2025
Balance at beginning of year	$ 3,053,000
Premiums and claims incurred	53,167,000
Premiums and claims paid, net of rebates and guarantees	(52,661,000)
Balance at end of year	$ 3,559,000

(7) 401(h) Account

The Wells Fargo & Company Cash Balance Plan ("Cash Balance Plan") includes a medical-benefit component in addition to normal retirement benefits to fund a portion of the postretirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code ("IRC"). A separate account has been established and maintained in the Cash Balance Plan for such contributions. In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in the Cash Balance Plan's accumulated benefit obligations but are reported as accumulated benefit obligations of the Plan.

(a) Net Assets Available for Such Obligations and the Related Changes in Net Assets Available

The following tables present the components of the net assets available for such obligations as of December 31, and the related changes in net assets available for the year ended December 31:

	2025	2024
Investments at fair value:		
Registered investment companies	$ 15,250,548	13,564,758
Collective investment funds	226,535,129	212,078,987

Interest and dividends	477,293
Total investment income	28,367,428
Other income	2,857
Health and welfare benefits paid to retirees	(7,516,531)
Insurance premiums	(4,505,626)
Administrative expenses	(206,196)
Net increase in 401(h) account	$ 16,141,932

The investment disclosure for the 401(h) account as of December 31, 2025 and 2024 will be available in the Cash Balance Plan financial statements as of December 31, 2025 and 2024.

(8) Tax Status

The Trusts established under the Plan to hold the Plan's assets are each qualified pursuant to Section 501(c)(9) of the IRC, and, accordingly, each Trust's net investment income is ordinarily exempt from income taxes. The Master Trust has obtained a favorable tax determination letter dated February 27, 1979 from the Internal Revenue Service ("IRS"), and the Plan Sponsor believes that the Master Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC. The Retiree Trust has obtained a favorable tax determination letter dated August 27, 1992 from the IRS, and the Plan Sponsor believes that the Retiree Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC.

As a result of certain of the Plan's investments, the Plan is subject to Unrelated Business Income Taxes. Tax expense or benefit is included in administrative expenses. The tax receivable as of December 31, 2025 is estimated to be approximately $384,000.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(Continued)

(9) Plan Termination

The Company has voluntarily agreed to make contributions to the Plan. Although the Plan Sponsor has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to modify the benefits provided, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, assets held by the Trusts will be used to provide for benefits payable as of the date of such termination and for payment of expenses of the Plan, including expenses of termination. Any assets remaining after such benefits and expenses will be distributed in accordance with the requirements of Section 501(c)(9) of the IRC and the regulations thereunder. If the Plan is terminated, the termination shall not affect the rights of any participant to claim benefits that are payable prior to such termination.

(10) Reconciliation of Financial Statements to Form 5500

The following table is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 515,603,672	505,194,047
Net assets held in Wells Fargo & Company Cash Balance Plan - 401 (h) account	(241,785,677)	(225,643,745)
Net assets available for benefits per Form 5500	$ 273,817,995	279,550,302

The following table is a reconciliation of the net increase per the financial statements to net loss per the Form 5500 for the year ended December 31:

	2025
Net increase per the financial statements	$ 10,409,625
Net increase in 401(h) account	(16,141,932)
Net loss per Form 5500	$ (5,732,307)

(11) Subsequent Events

The Plan has evaluated subsequent events from the statement of net assets available for benefits date through September 3, 2026, the date on which the financial statements were available to be issued. During this period, except as noted below, there have been no material events that would require additional recognition in the financial statements or disclosures to the financial statements.

Effective January 1, 2026, the Plan was amended and restated to (i) no longer sponsor the retiree group dental or vision benefit options for retirees and their dependents; (ii) no longer sponsor the retiree group medical benefit option for Medicare-eligible retirees and their dependents; and (iii) replace those options with an RHRA benefit option which provides the employer contribution or subsidy amount to reimburse eligible health insurance premiums.

Furthermore, effective January 1, 2026, self-insured benefit options and certain insured health benefit options are only available to pre-Medicare eligible retirees and their dependents. Certain

pre-Medicare eligible retirees had the option to continue medical plan coverage under the Plan, or elect to purchase individual health insurance on the Marketplace Exchange with an allocation to an RHRA.

Finally, eligible deferred retirees, who failed to make an election under the Plan by December 31, 2025, and retirees who first become eligible for coverage under the Plan on or after January 1, 2026, and fail to timely make an election, will forfeit any future election or eligibility for coverage under the Plan.
