Independent Auditor's Report

To the Retirement Administrative Committee and Participants of
Levi Strauss & Co. Employee Long-Term Investment and Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Levi Strauss & Co. Employee Long-Term Investment and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Levi Strauss & Co. Employee Long-Term Investment and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Levi Strauss & Co. Employee Long-Term Investment and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3) (C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Levi Strauss & Co. Employee Long-Term Investment and Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Levi Strauss & Co. Employee Long-Term Investment and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Levi Strauss & Co. Employee Long-Term Investment and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of Levi Strauss & Co. Employee Long-Term Investment and Savings Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 8, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEVI STRAUSS & CO.
EMPLOYEE LONG-TERM INVESTMENT AND SAVINGS PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Plan Description

The following description of the Levi Strauss & Co. Employee Long-Term Investment and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document which contains a complete description of the Plan's provisions.

(a) General

The Plan was initially adopted August 1, 1989, and was amended and restated on January 1, 2015, to incorporate all prior amendments. The Plan is a defined contribution employee benefit plan available to eligible employees of Levi Strauss & Co. (the Company) and other participating companies of the affiliated group as defined by the Plan. Eligible employees may participate after six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan, except for the investment and control of plan assets, is interpreted and administered by the Administrative Committee for the Retirement Plans of Levi Strauss & Co. (the Administrative Committee), which is appointed by the board of directors of the Company (the Board). The Administrative Committee and the Investment Committee for the Retirement Plans of Levi Strauss & Co. (the Investment Committee) are the named fiduciaries with respect to the administration of the Plan and investment of plan assets, respectively. The Plan's custodian and recordkeeper is Fidelity Management Trust Company.

(b) Contributions and Vesting

Eligible, active participants in the Plan may make contributions to the Plan in one percent (1%) increments of their covered compensation, as defined by the Plan, without regard to the compensation limit under Code Section 401(a)(17), up to a maximum of fifteen percent (15%). Participants may direct contributions among a series of investments offered by the Plan on a pre-tax, post-tax basis or any combination thereof.

Eligible participants who have attained age 50 before the end of the Plan year may elect to make catch-up contributions to the Plan in accordance with, and subject to the limitations of, Code Section 414(v), if the eligible participants have elected to contribute the maximum pre-tax contributions allowed under the Plan. Catch-up contributions are considered pre-tax contributions, but will not be subject to the maximum deferral percentages as described above.

Contributions are subject to limitations of the Internal Revenue Code (IRC).

The Plan allows the Company to match participant contributions (the Matching Contribution) at its discretion at 50% up to the first eleven percent (11%). Participants must complete one year of service to be eligible to receive a company Matching Contribution. Catch-up contributions are not eligible for matching contributions.

Participant and Company Matching Contributions are one hundred percent (100%) vested at all times. In addition to contributions described above, eligible employees may make roll-over contributions from other qualified plans, subject to certain limitations as defined by the Plan. Roll-over contributions

are one hundred percent (100%) vested at all times and are not eligible for Company Matching Contributions.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's Matching Contribution and an allocation of plan earnings. Allocations are based on participant earnings or account balances as defined by the Plan. Certain administrative expenses are allocated directly to individual participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(d) Payment of Benefits

Upon termination of service or retirement, the distribution options vary depending upon the participant's account balance. For account balances greater than \$7,000, payment of the account balance is automatically deferred until age 73 if you were born after 1950 (age 72 if you were born July 1, 1949 – December 31, 1950, and age 70½ if you were born before July 1, 1949). A participant may elect, at any time prior to age 72, to roll-over eligible amounts to an Individual Retirement Account or other qualified plan, to receive a partial or lump sum distribution, or to receive monthly installment payments.

If the participant's balance does not exceed \$1,000 upon termination, the balance will be paid in a single-sum distribution. Participant balances between \$1,000 and \$7,000 will be automatically rolled over into an Individual Retirement Account, assuming that the participant has not yet attained normal retirement age or has not instructed the Plan to directly transfer the distribution to an eligible retirement plan.

(e) Investments

Participants may direct Fidelity Management Trust Company (Fidelity) with respect to the investment of amounts allocated to their plan accounts through a set of participant-directed investment vehicles. Participants are allowed to select from a variety of core investment options available or a self-directed brokerage option "BrokerageLink." The BrokerageLink option allows the participant to direct Fidelity to make any investment permitted under the Plan.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are held in a master trust and stated at fair value. The Plan's trustee, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(e) *Risks and Uncertainties*

The master trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) *Subsequent Events*

The Plan has evaluated subsequent events through September 21, 2026, the date the financial statements were available to be issued.

(3) Fair Value Measurements

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation techniques are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation techniques include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

LEVI STRAUSS & CO.
EMPLOYEE LONG-TERM INVESTMENT AND SAVINGS PLAN

Notes to Financial Statements

December 31, 2025 and 2024

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All of the Plan's assets are held in the Levi Strauss & Co. Master Trust (Master Trust). See Note 9 for Master Trust information.

(4) Exempt Transactions with Parties-in-Interest

Certain Master Trust investments are shares in funds managed by an affiliate of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Trustee and administrative fees paid to Fidelity by the Master Trust and Plan during the year were not significant.

(5) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company, the trustee of the Plan and Master Trust as of and for the years ended December 31, 2025 and 2024, that all investment information provided by the trustee is complete and accurate. Information included in the accompanying financial statements as to investments in the master trust administered by the trustee, investment income and all investment information in the supplemental schedule is presented in reliance solely upon these certifications.

(6) Administrative Expenses

Substantially all administrative expenses are paid by the Company; however, the Company reserves the right to discontinue paying such fees in which case assets of the Plan would be used to pay administrative expenses.

(7) Plan Termination

The Plan has been established with the intention and expectation that it will continue indefinitely. However, the Company retains the right to amend, curtail, or terminate any aspect of the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, each participant's account will continue to be fully vested. The assets of the Plan will be liquidated and participant accounts will be distributed to each participant. This distribution may be in cash, annuity contracts, or in any other form, as directed by the Administrative Committee and in compliance with ERISA regulations.

(8) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated April 4, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

(9) Interest in Levi Strauss & Co. Master Trust

Investments in the Levi Strauss & Co. Master Trust are stated at fair value as certified by Fidelity. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the plan year. Investments traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Investments for which exchange quotations are not readily available are valued at their estimated fair value based on information deemed appropriate by the investment manager, such as valuations of the underlying private investment funds or audited financial statements of underlying partnerships or pooled funds.

End of year	\$ 1,212,285,024	1,065,839,056

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and money market funds: Valued at the closing price of shares held by the Plan at year end based on quoted market prices on nationally recognized securities exchanges and have been classified as Level 1 of the fair value hierarchy.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices and have been classified as Level 1 of the fair value hierarchy.

Separate accounts: Valued using market-based valuation determined on the basis of last reported sales price or market quotations, if readily available, or fair valuation using evaluated prices provided by the approved pricing service (comprised of third-party pricing vendors and brokers) as an input in determining fair value or internally fair valued by the Committee.

Collective trusts: Units held in collective trusts (CT) are valued using the net asset value (NAV) practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

As of December 31, 2025 and 2024, there were no unfunded commitments or redemption restrictions related to the CTs.

Notes to Financial Statements

December 31, 2025 and 2024

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust investments at fair value as of December 31, 2025 and 2024:
