To the Plan Administrator
TexasBank 401(k) Plan
Fort Worth, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TexasBank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TexasBank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TexasBank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TexasBank 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TexasBank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TexasBank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXASBANK 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1 Description of Plan

The following description of the Texas Bank 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering qualified employees of TexasBank and Doss Investments, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Employees are eligible to participate in the plan at a minimum of 18 years of age with no minimum service requirement for participation into the Plan. The automatic deferral rate is 5% of compensation. The Plan has been amended to include all legislative changes since the last required restatement. Employees may enter the Plan on the first day of each calendar month after hire.

Contributions

Each year, participants in the Plan may elect to contribute any amount up to 100% of their compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC). The maximum allowable participant deferral was $23,500 and $23,000 in 2025 and 2024, respectively. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the Plan year are also eligible to make "catch-up" contributions. These participants could contribute an additional $7,500 in 2025 and 2024. Following March 1, 2025, participants who have attained ages 60-63 are eligible for additional "catch-up" contributions, up to an additional $2,500, or a total catch-up contribution of $10,000. Participants may also contribute amounts representing distributions from other qualified benefit plans.

The Company's matching contribution is equal to 100% of the participant's contribution, up to a maximum of 5% of the participant's eligible compensation. In addition, the Company may also make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions made during the years ended December 31, 2025 or 2024.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, the Company's matching contributions and an allocation of (a) the Company's discretionary contributions, and (b) Plan earnings. Discretionary contributions are allocated to all eligible participants based on compensation. Earnings are allocated to the participants' accounts based upon investment elections. Earnings on amounts invested in guaranteed interest accounts are credited daily at the composite guaranteed rate as defined in the Plan document. Earnings on amounts invested in pooled separate accounts are determined based upon the number of units held by the individual participants and the unit value at the valuation date. Reasonable plan administration expenses—such as trustee fees and related legal costs—are paid from plan assets unless the Employer pays or reimburses them. The Plan Administrator allocates expenses among participants either proportionally by account balance or equally per participant under nondiscriminatory rules, and certain costs (e.g., distribution, loan, brokerage/participant-direction, and benefit calculation fees) are charged directly to the affected participant's account. Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 Description of Plan continued

Vesting

Participants are vested immediately in their salary deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions of their accounts is based on years of continuous service, noted as follows:

Years of Service	Vesting Percentage
Less than one year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Notes Receivable from Participants

Active Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to 50% of their vested account balance, not to exceed $50,000 less the highest outstanding loan balance in any 12-month period. Loans to participants are made at the discretion of the Plan administrator based on the Plan provisions. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate. Principal and interest are paid ratably through payroll deductions within a five-year period. Loans used to acquire or construct a dwelling which is, or will be, used as the participant's principal residence may be repaid up to thirty-year period. Only two loans may be outstanding at a time.

Payment of Benefits

Benefits are recorded when paid.

On termination of service due to death, disability or retirement, a participant may elect to receive benefits as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installment payments over a fixed number of years, or may purchase a qualified annuity. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

A terminated participant with a balance of less than $7,000 will be automatically paid out by the Plan upon termination. Any terminated participants with a balance over $7,000 may elect to receive a distribution of his/her vested account balance in lump sum, installment, or partial lump sum. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Forfeited Accounts

Forfeitures may first be applied to pay administrative expenses under the Plan which would otherwise be paid by the Company. Any other forfeitures which have not been used to pay administrative expenses shall be applied to reduce employer contributions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds and self-directed brokerage accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Common/collective trust funds are valued using the NAV provided by the trustee. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and the trustee. See Note 11 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Participant contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Note 2 Summary of Significant Accounting Policies continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. In addition, certain investment related expenses are included in net appreciation or depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefit.

Note 3 Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. (the trustee of the Plan).

A summary of the information certified by the trustee for the years ended December 31, 2025 and 2024 is as follows:

	2025	2024
Investments at Fair Value:		
Mutual funds	$ 19,804,917	$ 16,132,554
Self-directed brokerage accounts	2,090,250	1,746,518
Common/collective trust funds, at net asset value	1,816,631	1,540,542
Insurance contracts, at contract value	2,547,115	2,567,822
Notes receivable from participants	880,816	800,437
Net appreciation in fair value of investments	3,537,120	2,575,607
Interest income from participant loans	72,853	52,160
Other income	58,833	56,022

Additionally, all information in the supplemental schedule of assets held for investment purposes at end of year to the financial statements was certified by the trustee.

Note 4 Investments

According to the Financial Accounting Standards Board, participant loans are to be classified on the Statement of Net Assets Available for Benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the Schedule of Assets Held for Investment Purposes at End of Year. The reconciliation of the schedule of assets held for investment purposes at end of year to the financial statements is as follows:

	2025	2024
Investments per schedule of assets held for investment purposes at end of year	$ 27,139,729	$22,787,873
Less: Notes receivable from participants	(880,816)	(800,437)
Investments per financial statements	$ 26,258,913	$ 21,987,436

Note 5 Guaranteed Investment Contract with Insurance Company

The Plan holds investments in a fully benefit-responsive insurance contract with Lincoln Financial Insurance Company (LFIC) at December 31, 2025 and 2024. LFIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rate was 2.30% at December 31, 2025 and 2024. Such interest rates are subject to review and adjustment on a quarterly basis. Such interest rates are subject to review and adjustment on a quarterly basis and may not be less than 1%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are likely not to occur.

Note 6 Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary to the Plan, any party rendering services to the Plan, the Company and certain others. Certain Plan investments are shares of mutual funds, common collective trust funds or insurance contracts managed by Lincoln Financial Insurance Company (LFIC). Any purchases and sales of the funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. LFIC is trustee and custodian of Plan investments at December 31, 2025, and 2024; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator services amount to $119,563 and $100,345 in 2025 and 2024, respectively. The Plan paid no accounting and advisory fees in 2025 and 2024.

Note 7 Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and other investment securities offered by the Plan. Investment securities in which the Plan invests are subject to various risks, such as market, credit and interest rate risks. Due to the level of risk associated with such securities, it is at least reasonably possible that changes in the near term could materially affect participants' account values and the amounts reported in the statement of net assets available for Plan benefits.

Note 8 Forfeitures

Non-vested balances of terminated participants' accounts, comprised of employer matching contributions, are considered forfeited and are used to pay administrative expenses and to reduce matching contributions made by the employers. A roll forward of the forfeiture account for 2025 and 2024 is presented below:

	2025	2024
Beginning balance	$ 22,675	$ 5
Current year forfeitures	81,751	72,879
Utilized during the year	(97,704)	(51,052)
Gain during the year	649	843
Ending balance	$ 7,371	$ 22,675

During 2025, forfeitures of $97,704 were used to offset employer matching contributions and $0 in forfeitures were used to pay Plan expenses. In 2024, forfeitures of $51,052 were used to offset employer matching contributions and $0 in forfeitures were used to pay Plan expenses.

Note 9 Tax Status

The Plan uses a pre-approved plan document sponsored by Lincoln Retirement Services Company, which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020 stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 9 Tax Status continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 Plan Termination

The Company has not expressed any intent to terminate the Plan but may do so at any time. In the event of a Plan termination, the net assets will be available for the exclusive use of the participants. Participants will be entitled to the full balance of their accounts at the termination date, regardless of their vesting percentages. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 11 Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- *Level 1 Inputs* – Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- *Level 2 Inputs* – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from, or corroborated by, market data by correlation or other means.
- *Level 3 Inputs* – Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth on the next page. These valuation methodologies were applied to all of the Plan's financial assets and financial liabilities carried at fair value.

Note 11 Fair Value Measurements, continued

Common/collective trust funds – Valued at fair value based on the net asset value (NAV) of units held of the collective fund. The NAV, as provided by the trustee/custodian is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investment within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds are held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission.

These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Investments are reported at fair value utilizing Level 2 inputs. LFG receives updated net asset values, daily accrual amounts, as well as dividend and capital gain distribution factors directly from the fund companies. Accounts primarily consist of mutual funds and common stock. Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price and are deemed to be actively traded. Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

The following table summarizes financial assets measured at fair value on a recurring basis as of December 31, 2025 and 2024, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure the fair value. The Plan had no assets classified as Level 3 at December 31, 2025 or 2024.

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	$ 19,804,917	$ -	$ -	$ 19,804,917
Self-directed brokerage accounts	-	2,090,250	-	2,090,250

Common/collective trust funds, at net asset value				1,540,542
Insurance contracts, at contract value				2,567,822
Total investments				$ 21,987,436

Note 11 Fair Value Measurements, continued

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2025 and 2024.

	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	$ 1,816,631	$ 1,540,542	$ -	Daily	12 months

Note 12 Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before the financial statements are available to be issued. The Plan Sponsor has evaluated subsequent events through September 18, 2026, the date which the financial statements were available to be issued.

The Plan has implemented various provisions from the SECURE 2.0 Act but had not formally amended the Plan to formally recognize these changes prior to December 31, 2025. The Plan was amended August 16, 2026, to formally adopt these provisions. Further, effective January 1, 2026, the Plan adopted the SECURE 2.0 Act provisions requiring "catch-up" contributions made by certain participants with prior-year FICA wages in excess of $150,000 to be designated as Roth contributions. The plan will be formally amended prior to December 31, 2026, to include this provision.
