Graco Employee Investment Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Graco Employee Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Graco Employee Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Graco Employee Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Graco Employee Investment Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Graco Employee Investment Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Graco Employee Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

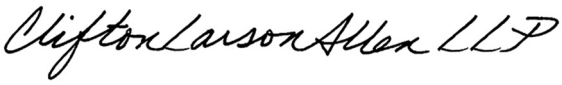

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Graco Employee Investment Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Graco Employee Investment Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Graco Inc., Graco Minnesota Inc., Graco Ohio Inc., GEMA USA Inc., EcoQuip Inc., Q.E.D. Environmental Systems, Inc., Graco Fluid Handling Inc. (White Knight Fluid Handling and Imtec Acculine Inc.), Graco High Pressure Inc., International Polymer Solutions, Smith Surface Preparation Systems Inc. and Electric Torque Machines, Inc. (collectively the "Company"). The Plan was last restated on January 1, 2016 and amended effective June 1, 2020.

Employees are eligible to participate on the first day of the month following 60 days of employment unless the employee is subject to a collective bargaining agreement, is a nonresident alien, is employed outside the United States or is a temporary/project employee. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

The Plan allows for employee after-tax and Roth contributions up to 25% of eligible compensation and employee pre-tax contributions up to 75% of eligible compensation. Each employee who becomes eligible will be automatically enrolled in the Plan with a pre-tax contribution election of 3%. Additionally, 1% will be added to the employee contribution rates until 13% contribution rates have been reached. An employee may terminate, increase or decrease the pre-tax contribution after the automatic enrollment becomes effective. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,000 for the Plan year ended December 31, 2025 . Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. All contributions are subject to certain limitations including the Internal Revenue Code ("IRC") annual limitations.

The Company may elect to make matching and basic contributions at the discretion of the Company's Board of Directors. The Company matched 100% of the first 3% of eligible compensation for the year ended December 31, 2025. The Plan provides a true-up of employer matching contributions based on the participant's total compensation for the plan year rather than on the compensation for each payroll period. In addition, eligible employees hired or rehired on or after January 1, 2006 receive a company basic contribution of 2.0% of eligible compensation in lieu of participating in a Company-sponsored defined-benefit plan. An eligible employee is not required to make an elective contribution to receive the company basic contribution.

As of November 1, 2017, the Plan was amended so that discretionary contributions can be made to the Plan by the company. For the year ended December 31, 2025, no discretionary contributions were made.

Vesting

Participants are vested after 60 days of employment in employee and company contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with participant contributions, the Company contributions, an allocation of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participant accounts are valued on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain participants have an employee stock ownership plan (“ESOP”) account, which holds employer stock (and any appreciation or depreciation thereon) that was transferred into the Plan when the Graco ESOP was frozen in 1998. Those participants may also have a separate ESOP diversified account, which contains assets resulting from a participant’s diversification (if any) of holdings in the ESOP account. Finally, certain participants hold an interest in a deferred compensation fund, relating to amounts contributed prior to the 1972 restatement of the Plan. A participant who has an ESOP Unit Stock Account may at any time elect to transfer any percentage of the participant's ESOP Unit Stock Account to the participant's ESOP Diversified Account for investment in other investment options offered under the Plan.

Notes Receivable From Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate equal to the composite prime interest rate plus 1%. Principal and interest is paid ratably through weekly or semi-monthly payroll deductions.

Payment of Benefits
Vested interests are generally distributed to participants or beneficiaries upon death, disability, retirement or termination of employment. Employees are also eligible for a hardship withdrawal in certain cases, as defined in the Plan document. The Plan also permits in-plan Roth direct rollover distributions. Payments of benefits under the Plan are made in a lump sum or in installments, based on the request of the recipient. If the participant account does not exceed $1,000, then the total account will be distributed automatically in a single lump sum as soon as administratively feasible. If the participant account does exceed $1,000 but does not exceed $5,000, the balance will be rolled-over into an Individual Retirement Account ("IRA") without the participant's consent. The Plan allows participants that are fifty-nine and one-half years old to receive a distribution from the following accounts while employed: Profit Sharing Account, Employer Account, Pre-tax Account, Roth Account, and In-Plan Roth Conversion Account. The withdrawal must be a minimum of $500. The lump sum distribution shall be made as soon as administratively possible after the participant's request is approved. The Plan allows participants to withdraw part or all of their Rollover Account prior or subsequent to a maturity event pursuant to the roles established by the Company. The distribution shall be made in a lump sum as soon as administratively possible after the participant's request is approved.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year-end. Investments in the collective trust funds are valued at net asset value. Investments in common stocks are valued at the closing price reported in the active market in which the individual security is traded. Annuities are valued at quoted prices or inputs other than quoted prices that are observable.

Self-directed brokerage accounts are comprised of investments selected by participants through retail brokerage accounts. These investments primarily include common stocks, mutual funds, ETFs, bonds, and money market accounts. These investments are typically actively traded in public markets and thus valued at daily closing market prices.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized gains and losses on investments purchased and sold during the year as well as unrealized appreciation or depreciation of the investments held at the end of the year.

Administrative Expenses
Substantially all administrative expenses of the Plan are paid by the Plan. Contributions from participants and Employer matching contributions are recorded in the year in which [the employee contributions are withheld from compensation.] OR [participant compensation is earned.].The Employer nonelective contribution is recorded in the year in which participants earn the contribution based on service or other eligibility criteria under the terms of the Plan.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 14, 2026, the date the financial statements were available to be issued.

Note 3 - Plan Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated August 7, 2017 indicating that the Plan is qualified under Section 401(k) of the IRC and the trust established under the Plan is tax-exempt under present income tax law. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan was amended in January, 2020 which has not affected compliance.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

Note 5 - Risks and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Information Certified by the Trustee

The Trustees are responsible for the Plan's investment assets and investing transactions.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Empower Trust Company, LLC and/or Empower Annuity Insurance Company of America, (collectively referred to as Empower), the qualified institution(s) of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants presented on the accompanying statements of net assets available for benefits as of December 31, 2025 and December 31, 2024, and the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Note 7 - Fair Value Measurements

The Plan categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, respectively. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

(1) Investment is non-participant directed.
(2) Investments measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value as of December 31, 2025 and 2024, respectively.

	As of December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

(a) Disclosure of the investment strategy is not required for funds measured using the net asset value per share practical expedient that file U.S. Department of Labor Form 5500 as a direct filing entity. All collective trust funds for the Plan meet this criteria.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were $461,189 for the year ended December 31, 2025.
