INDEPENDENT AUDITOR'S REPORT

To the Participants and the Plan Administrator of the
Constellation Employees' Life Insurance Plan

Opinion

We have audited the financial statements of the Constellation Employees' Life Insurance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and of benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and changes in plan benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

MITCHELL TITUS

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The Constellation Employees' Life Insurance Plan (the "Plan") is an employee welfare benefit plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The administrator of the Plan is Constellation Energy Generation, LLC, ("Constellation" or the "Company"), a subsidiary of Constellation Energy Corporation, acting through its Director, Employee Benefit Plans and Programs (the "Plan Administrator"), or such other person or committee appointed by the Chief Human Resource Officer of the Company. The Plan Administrator has general responsibility for the administration of the Plan and makes the determination of benefits payable under the Plan, except that if a claims administrator is appointed, the claims administrator has discretionary authority to make claim determinations with respect to the claims it administers.

Eligibility and Participation

The Plan provides life insurance to eligible employees and their eligible dependents and to eligible retirees, and accidental death and dismemberment ("AD&D") benefits to eligible employees and their covered dependents. Certain employees who terminate employment from the Company after completing 10 or more years of service after attaining age 45 may be eligible to receive retiree life insurance under the Plan.

Contributions

The Company pays the full cost of the participants' basic life and AD&D insurance. The participants pay the full cost for any supplemental life and AD&D insurance and dependent life and AD&D insurance they elected. The cost is deducted from the paycheck on an after-tax basis. The participants' cost for supplemental and dependent coverage depends on certain factors, which can include the participants and/or their spouse's/domestic partner's age and use of tobacco, as well as the coverage category and coverage amount they elected.

2. Summary of Significant Accounting Policies

General

The Plan follows the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by the Plan. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in the net appreciation or depreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Investment Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Trust's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of the benefit plan obligations at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Recent Accounting Pronouncements

As of December 31, 2025, there were no recently issued accounting standards not yet adopted which are expected to have a material effect on the Plan's financial statements.

3. Fair Value Measurements

The Plan measures and classifies fair value measurements in accordance with the hierarchy as defined by U.S. GAAP. The hierarchy prioritizes inputs to the valuation techniques used to measure fair value into three levels as follows:

- Level 1 — quoted prices (unadjusted) in active markets for identical assets or liabilities that we could liquidate as of the reporting date.

- Level 2 — inputs other than quoted prices included within Level 1 that are directly observable for the asset or indirectly observable through corroboration with observable market data. The plan does not have any financial assets using Level 2 inputs.

- Level 3 — unobservable inputs, such as internally developed pricing models for the asset due to little or no market activity for the asset. The Plan does not have any financial assets using Level 3 inputs.

The valuation methods for each investment category are described below.

Interest-bearing cash. Investments with original maturities of three months or less when purchased, including certain short-term fixed-income securities and money market funds, are considered interest-bearing cash. The fair values are based on observable market prices and, therefore, have been categorized in Level 1 in the fair value hierarchy.

Registered investment company securities. Registered investment company securities are investment funds maintained by investment companies that hold investments in accordance with a stated set of fund objectives. For funds with values that are publicly quoted on a daily basis in active markets, the funds have been categorized as Level 1. The registered investment company securities can be redeemed daily.

Common / collective trust funds. Common/collective trust funds are maintained by investment companies and hold investments in accordance with a stated set of fund objectives. For common/collective trust funds which are not publicly quoted, the funds are valued using net asset value (NAV) per fund share as a practical expedient, which is primarily derived from the quoted prices in active markets of the underlying securities, and are not classified within the fair value hierarchy. These investments typically can be redeemed monthly or more frequently, with 30 or less days of notice and without further restrictions.

Private credit. Private credit investments primarily consist of funds that invest in private debt strategies. The fair value of these investments is determined using NAV or by the fund manager or administrator and includes unobservable inputs such as cost, operating results, and discounted cash flows and are not classified within the fair value hierarchy. Redemption frequencies are typically monthly, quarterly, semi-annually and annually with redemption notice periods generally ranging between 30 and 90 days.

The following tables present assets measured and recorded at fair value on the Plan's Statements of Net Assets Available for Benefits on a recurring basis and their level within the fair value hierarchy as of December 31, 2025 and 2024:

	As of December 31, 2025

4. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks in the near term could materially affect investment account balances reported in the Statements of Net Assets Available for Benefits and the amounts reported in the Statement of Changes in Net Assets Available for Benefits.

Plan contributions and the actuarial postemployment and postretirement benefit obligations are calculated based on certain assumptions pertaining to interest rates and employee demographics, both of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to amounts reported in the Statement of Benefit Obligations or Statement of Changes in Benefit Obligations.

The Plan invests in certain funds and engages some investment managers that may use derivative financial instruments including futures, forward foreign exchange, and swap contracts to accomplish their investment strategies. Derivative instruments may be used to mitigate exposure to foreign exchange rate and interest rate fluctuations as well as manage the investment mix in the portfolio. The Plan's exposure is limited to the fund(s) utilizing such derivative investments. Risks of entering into derivatives include the risk of an illiquid market, the inability of a counterparty to perform, or unfavorable movement in foreign currency exchange rates, interest rates, or the underlying securities.

Some investment managers may engage in securities lending programs in which the funds lend securities to borrowers, with the objective of generating additional income. The borrowers of the fund securities deliver collateral to secure each loan in the form of cash, securities or letters of credit and are required to maintain the collateral at a level no less than 100% of the market value of the loaned securities. Cash collateral is invested in common / collective trust funds or collateral pools. Lenders of securities also face the risk that invested cash collateral may become impaired or that the interest paid on loans may exceed the amount earned on the invested collateral. The Plan's exposure is limited to the funds that lend securities.

5. Funding Policy

Current life insurance and accidental death claims of active and retired participants and their covered dependents and beneficiaries are provided through a fully insured policy. The Company pays premiums to a third-party insurance provider. The Constellation PECO Life Insurance Trust (the "Trust") has been created to pay for life insurance premiums and claims under the Plan for certain eligible retirees.

6. Benefit Obligations

The postemployment obligation represents the actuarial present value or the cost of estimated future life insurance benefits for inactive employees who are receiving disability benefits ("Disabled Participants") that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Disabled Participants. The obligation represents the amount that is expected to be funded by contributions from the Company and existing assets of the Plan.

The postretirement benefit obligations represent the actuarial present value of estimated future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Postretirement benefits include future benefits expected to be paid to: (a) beneficiaries of retired or terminated employees, and (b) beneficiaries of active employees after retirement from service with a Participating Employer. Prior to an active employee's full eligibility date, the postretirement benefit obligation is that portion of the expected postretirement benefit obligation that is attributed to that employee's service with a Participating Employer rendered to the valuation date.

The postemployment and postretirement benefit obligations are estimated by Willis Towers Watson. The postemployment obligation is the sum of two components: a) the actuarial present value of benefits expected to be paid by the Plan for current Disabled Participants, and b) for service-related benefits, the present value of future benefits deemed to be accrued to date by currently active employees, determined based on the last-in, first out (LIFO) cost method. Postretirement benefit obligations are determined based on the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual payments for the time value of money (through discounts of interest), and the probability of payment by means of decrements such as those for death, disability, withdrawal, or retirement, between the actuarial valuation and the expected date of payment. It also reflects the portion of those costs expected to be borne by the retired participants and other providers, and is presented net of the present value of expected future retiree contributions.

The significant actuarial assumptions which related to the benefits used in the valuation as of December 31, 2025 and 2024, were as follows:

As of December 31, 2025

Discount Rate - Postemployment benefit obligation	4.29%
Discount Rate - Postretirement benefit obligation	5.30%
Retirement	Varying rates (between ages 55 and 70)
Disability Termination	2016 Group Long Term Disability Table
Postemployment/Postretirement mortality basis	The Pri-2012 Mortality Table

As of December 31, 2024

Discount Rate - Postemployment benefit obligation	4.29%
Discount Rate - Postretirement benefit obligation	5.63%
Retirement	Varying rates (between ages 55 and 70)
Disability Termination	2016 Group Long-Term Disability Table
Postemployment/Postretirement mortality basis	The Pri-2012 Mortality Table

7. Plan Termination

The Plan may be amended, modified, or terminated by the Company at any time, subject to requirements set forth by ERISA. In the event of termination of the Plan, all remaining assets held in the Trust shall be used to provide benefits contemplated by the Plan.

8. Income Tax Status

The Internal Revenue Service ("IRS") has issued a determination letter dated May 22, 2024 confirming that the Trust is exempt from federal income tax under the provisions of Section 501(c)(9) of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Trust and the Plan, as amended, are being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the Trust remains tax exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Company has analyzed the

tax positions taken by the Plan and has concluded that as of December 31, 2025, there were no uncertain tax positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Related-Party and Party-in-Interest Transactions

Investment options in the Plan are managed by the Trustee or its affiliates. The Company provides certain administrative services, which includes administration, investment, and accounting services to the Plan. These payments qualify as exempt party-in-interest transactions, in accordance with ERISA. There have been no known prohibited transactions with a party-in-interest.

10. Reconciliation of Financial Statements to Form 5500

Amounts currently payable to insurance carriers are recorded as benefit payments to insurance carriers in the Plan's Form 5500 but are recorded as an obligation in the Plan's financial statements in accordance with U.S. GAAP.

At December 31, 2025 and 2024, the Plan had postemployment benefit obligations of $2,790,007 and $2,790,007 and postretirement benefit obligations of $132,085,422 and $129,342,531, respectively. The postemployment and postretirement benefit obligation amounts are not recorded as a Plan liability on the Plan's Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
(in thousands of dollars)	**2025**	**2024**
Net assets available for benefits per the financial statements	$ 45,945	$ 42,428
Less: Benefit obligations currently payable (premiums due to insurance companies)	(391)	(1,422)
Net assets available for benefits per Form 5500	$ 45,554	$ 41,006

The following is a reconciliation of the insurance premiums paid per the financial statements to the Form 5500:

(in thousands of dollars)	Year Ended December 31, 2025
Insurance premiums paid for death benefits per the financial statements	$ 17,000
Add: Insurance premiums payable, end of year	391
Less: Insurance premiums payable, beginning of year	(1,422)
Benefit payments per the Form 5500	$ 15,969

11. Subsequent Events

The Plan's management evaluated subsequent events through September 11, 2026, the date the financial statements were available to be issued, and determined that there were no subsequent events to be recognized or disclosed in the financial statements.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**			
l Has the plan failed to provide any benefit when due under the plan?	**4l**			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	**5b(2)** EIN(s)	**5b(3)** PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ..... ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.
