Plan Management
Dynamic Systems Technology, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dynamic Systems Technology, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dynamic Systems Technology, Inc. 401(k) Plan 's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dynamic Systems Technology, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dynamic Systems Technology, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dynamic Systems Technology, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dynamic Systems Technology, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule – Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the Form 5500 of the certified information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF PLAN

The following description of Dynamic Systems Technology, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Amendment and Restatement

The Plan is Non-Standardized Defined Contribution Plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was initially effective January 1, 2001. Effective December 4, 2024, the Plan was amended and restated from The Contractors Retirement Plan sponsored by Dynamic Systems Technology, Inc. to the Dynamic Systems Technology, Inc. 401(k) Plan. The amendment and restatement did not result in a change in the rights or benefits of participants. The Plan Administrator believes that the Plan, as amended and restated, continues to be operated in compliance with the applicable requirements of the Internal Revenue Code and ERISA.

Effective March 27, 2025, the Plan was amended to change the matching true-up period from each month to each payroll period.

Participation

Eligible individuals consist of employees rendering services for Dynamic Systems Technology, Inc. on contracts subject to the Davis-Bacon Act, Service Contract Act or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included. There is no age or service requirements to receive prevailing wage and employer nonelective contributions. Participants must have completed at least three months of service to participate in elective deferral contributions and only union employees with at least three months of service are eligible for matching contributions.

Contributions

Participants may elect to defer a portion of their compensation (as defined). In addition, the Plan may make employer nonelective contributions and employer matching contributions, as well as, prevailing wage contributions, determined by the employer based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts. Such contributions cannot exceed the lesser of 100% of the employee's compensation or $70,000 for a year. Rollover contributions are also allowed.

A. DESCRIPTION OF PLAN – Continued

Participant Accounts

Each participant's account is credited with the participant's elective deferral and an allocation of the employer's contribution. Each participant has the authority to direct the investment of their account to one or more of the investment funds designated as investment options by the Plan sponsor. Investment gain or loss is recognized in participants' accounts on a daily basis as the unit values of the funds change. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant's account.

Notes Receivable from Participants

Upon application by any participant of the Plan, and subject to such rules as the Plan Administrator may establish, the Plan Administrator may in his/her discretion direct the Trustee to make a loan to such participant, not to exceed (including interest) the lesser of $50,000 or 50% of the participant's vested balance. Any loans made pursuant to the Plan prior to January 1, 2024, will bear a rate of interest equal to the prime rate at the loan origination date. Loans made after January 1, 2024 will bear a rate of interest equal to the prime rate at the loan origination date plus one percent. Any loans made under The Contractors Retirement Plan sponsored by Dynamic Systems Technology, Inc. were reamortized at the date of restatement. The interest rate on loan balances was 3.25%-9.11% for the year ended December 31, 2025. The loan is secured by a pledge of such participant's vested balance and principal and interest are paid ratably by the participant.

Vesting

Participants are immediately 100% vested in their share of employer prevailing wage contributions, elective deferral contributions, matching contributions, and in the net investment earnings allocated to their accounts. Employer nonelective contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Regardless of the vesting schedule above, a participant is automatically fully vested in their share of employer nonelective contributions upon death, total and permanent disability, or reaching the age of early retirement, which is age 55.

A. DESCRIPTION OF PLAN – Continued

Forfeitures

Forfeitures, if any, may be used to reduce future employer contributions or Plan expenses. There were no forfeitures outstanding as of December 31, 2025 or 2024, and no forfeitures used to reduce future employer contributions or Plan expenses during the year ended December 31, 2025.

Benefit Payments

Under terms of the Plan, participants are eligible for benefit payments upon reaching age 59 ½. The Plan also provides for distributions to participants, or their beneficiaries, upon death, disability, and termination of employment. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with the provisions specified in the plan. Participants may choose to have benefits paid directly to them or to have benefits paid directly to another qualified retirement plan or individual retirement arrangement on their behalf. Benefits are paid in the form of a lump-sum distribution or, if permitted by the Plan, as a partial withdrawal; annuity forms of payment are not available under the Plan.

Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Change in Basis of Accounting

Effective January 1, 2024, the Plan changed its basis of accounting from the modified cash basis to accounting principles generally accepted in the United States of America (U.S. GAAP). The modified cash basis of accounting is a comprehensive basis of accounting other than U.S. GAAP. Under the modified cash basis, revenues and related assets are generally recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred, with certain modifications. Under U.S. GAAP, revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of cash receipts or payments.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net appreciation includes both realized and unrealized gains and losses.

Benefit Payments

Benefits to participants are recorded by the Plan when actual payment is made.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Expenses

Certain expenses for maintaining the Plan may be paid directly by the Company and, if so, are excluded from these financial statements. Auditor fees and investment related expenses are included in administrative expenses when paid by the Plan; if paid directly by the Company, such amounts are excluded from these financial statements. Fees related to third-party administrator and recordkeeper services, including administration of notes receivable from participants and benefit payment transactions, are charged directly to the participant's account.

C. FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, which defines and establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). FASB ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted market prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets of liabilities in active markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

C. FAIR VALUE MEASUREMENTS – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the investments.

Registered Investment Companies (Mutual Funds): valued at the daily closing price as reported by the fund. These are open-end mutual funds registered with the U.S. Securities and Exchange Commission, required to publish their daily Net Asset Value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

Pooled Separate Accounts: At December 31, 2025, the Plan held an investment in the Putnam Stable Value SA, an Empower separate account. The separate account is made available as an investment option under group variable annuity contracts issued by Empower Annuity Insurance Company and invests wholly in the Putnam Stable Value Fund, an underlying collective investment trust stable value fund. The Plan's investment represents an interest in the Empower separate account rather than a direct investment in the underlying collective investment trust. This investment in the Putnam Stable Value Fund SA requires the Plan to provide a one-year redemption notice to liquidate its entire share in the funds. Additionally, Putnam Stable Value Fund redemptions made to another investment option by a participant may be made on any business day, provided the exchange is not directed into a competing fund (money market fund or other fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. The investment may be subject to redemption restrictions, at the Trustee's discretion, to the extent it is determined such actions would disrupt management of the funds. The Plan's interest in the Putnam Stable Value Fund is valued at NAV per unit as determined as of the valuation date. They are valued on the basis of the relative interest of each participating investor at the fair value of the underlying assets; therefore, NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflected of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

C. FAIR VALUE MEASUREMENTS – Continued

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2025:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,282,914	$ –	$ –	$ 1,282,914
Total Assets in Fair Value Hierarchy	$ 1,282,914	$ –	$ –	$ 1,282,914
Investments Measured at NAV*:				
Pooled Separate Accounts				$ 754
Investments at Fair Value				$ 1,283,688

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,367,632	$ –	$ –	$ 1,367,632
Investments at Fair Value	$ 1,367,632	$ –	$ –	$ 1,367,632

***** In accordance with Financial Accounting Standards Board guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statement of net assets available for benefits.

D. INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC a qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

D. INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS – Continued

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

E. PARTY IN INTEREST TRANSACTIONS

Effective December 4, 2024, Empower Retirement, LLC became the custodian and recordkeeper and Empower Trust Company became the Trustee of the Plan. Certain administrative services are provided by the Company at no cost to the Plan. The Plan paid expenses related to the Plan's operation and investment management to various providers. Fees paid for directly by the Plan are considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

F. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, per the financial statements to the Form 5500:

	December 31, 2025	December 31, 2024
Net Assets Available for Benefits per the Financial Statements	$ 1,304,894	$ 1,397,755

G. INTERNAL REVENUE SERVICE STATUS

The Internal Revenue Service ("IRS") ruled on November 14, 2022, that the pre-approved plan of Empower Retirement LLC, the document sponsor of which the Plan is based, is designed in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the opinion letter. However, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through September 22, 2026, which is the date the financial statements were available to be issued.
