INDEPENDENT AUDITORS' REPORT

To the Trustees of
Torcon, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Torcon, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2025, and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan:

The following description of the Torcon, Inc. (the "Company" and "Plan Sponsor") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Retirement Plan Agreement for a more complete description of the Plan's provisions.

The Plan consists of the following two segments:

1) **A defined contribution profit sharing plan** which covers all full-time employees of the Company who have completed six months of service and have attained the age of 21, except for those employees that are included in collective bargaining agreements.

   a) ***Contributions*** - Each year, the Company may elect to contribute out of net profits and/or accumulated earnings, an amount determined by the Board of Directors of the Company. All contributions to the Plan are invested at the direction of the Plan participants in any of the investment options offered by the Plan. There were discretionary contributions for the years ended December 31, 2025 and 2024 in the amount of $874,340 and $1,106,017, respectively. Discretionary contributions for the years ended December 31, 2025 and 2024 are net of forfeitures totaling $79,578 and $61,392, respectively.

   b) ***Participant Accounts*** - Each participant's account is credited with (a) the Company's contribution, if any, (b) participant's Plan earnings, and is charged with (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

   c) ***Vesting*** - Vesting in the Company's contribution portion of each participant's account, plus earnings thereon, is based on years of continuous service and is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

   d) ***Payment of Benefits*** - Upon termination of service or retirement, a participant may elect (with consent of spouse) to receive either a lump-sum amount equal to the value of their account, or qualified joint and survivor annuity payments. If death occurs prior to retirement, the participant's account is paid to the designated beneficiaries.

2) **A voluntary contributory savings program** which is subject to the provisions of the Internal Revenue Code (IRC). All full-time employees that have attained the age of 21 are eligible to participate immediately upon hire, except for those employees included in collective bargaining agreements.

a) ***Contributions*** - Eligible participants may elect to contribute from 1% to 80% of their compensation to the Plan, subject to the IRC limitations for 401(k) plans and as adjusted for defined contribution plan amounts contributed on the participant's behalf. Effective January 1, 2025, participants who have attained age 60 through 63 by the end of the calendar year are eligible to make increased catch-up contributions up to the greater of $10,000 or 150% of the standard catch-up contributions limit. All contributions to the Plan are invested at the direction of the Plan participants in any of the investment options offered by the Plan. The Company did not match any employee contributions in 2025 and 2024.

b) ***Automatic Enrollment*** - All employees meeting the eligibility and service requirement noted above are automatically enrolled in the Plan effective January 1, 2017. Employees are deemed to have elected a pre-tax contribution of 4% of their Plan compensation in the absence of an affirmative election to the contrary, with an annual 1% contribution increase until the Plan's maximum automatic deferral percentage of 8% is reached. Employees have the right at any time to elect not to make any salary deferral contributions to the Plan, or to elect to have such contributions made at a different percentage from the Plan's default automatic deferral percentage.

c) ***Participant Accounts*** - Each participant's account is credited with the participant's voluntary contribution and allocation of (a) the Company's matching contribution, if any, (b) participant's Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) ***Vesting*** - All of the participants' contributions made to the Plan are fully vested at all times and are not subject to forfeiture for any reason. Participants are vested in employer matching contributions and the investment earnings thereon, based on years of service as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

e) ***Payment of Benefits*** - Upon termination of service or retirement, a participant may elect (with consent of spouse) to receive either a lump-sum amount equal to the value of their account, or qualified joint and survivor annuity payments. If death occurs prior to retirement, the participant's account is paid to the designated beneficiaries.

Plan Administration - The Plan is administered by the Plan Sponsor. The Plan's assets are held by State Street Bank and Trust Company and Transamerica Life Insurance Company (the "Trustees"), who are responsible for the custody and management of the Plan's assets.

Insurance Premiums - Life insurance may be purchased on the life of a participant. The amount of life insurance that may be purchased is limited to what the law permits. Any life insurance purchased will be used to provide a death benefit for the participant's beneficiaries. Amounts paid for premiums and included in benefits paid to participants were $767 and $976 for the 2025 and 2024 Plan years, respectively.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts which are recorded at contract value. Contract value is the relevant measure for the portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the financial statements.

The Plan may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Contributions - Participant contributions are made through voluntary payroll deductions elected by each participant with each pay period.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce expenses or the Company's contributions to the Plan. Forfeited non-vested accounts totaled $70,958 and $72,847, at December 31, 2025 and 2024, respectively. Forfeitures incurred were $57,829 and $79,541 for 2025 and 2024, respectively. Forfeitures totaling $79,578 and $61,392 were utilized to reduce Plan employer contributions funded subsequent to each of the Plan years ending December 31, 2025 and 2024, respectively.

Payment of Benefits - Benefits are recorded when paid.

Hardship Withdrawals - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, burial or funeral expenses for a deceased parent, spouse, child, and repair of damage to principal residence that qualifies for the casualty loss deduction in accordance with Internal Revenue Service (IRS) rules and regulations.

Concentration of Investment Risk - The Plan's investment in three funds comprises approximately 46% and 47% of total investments at December 31, 2025 and 2024, respectively.

Subsequent Events - The Plan Administrator has reviewed and evaluated all events and transactions from December 31, 2025 through September 21, 2026, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

Note 3 - Certified Investment Information:

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustees, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.

b) Investment income, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.

c) Investment information included in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements FASB ASC 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Mutual Funds*: Valued at the closing price in the active market in which the fund is traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

Investments at Fair Value as of December 31, 2025

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 91,135,700	$ -	$ -	$ 91,135,700
Total investments at fair value				$ 91,135,700

Investments at Fair Value as of December 31, 2024

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 92,793,294	$ -	$ -	$ 92,793,294
Total investments at fair value				$ 92,793,294

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2025 and 2024, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 5 - Group Annuity Contract with Insurance Company:

The Plan invests in a fully benefit-responsive group annuity contract with Transamerica Life Insurance Company (the "Issuer"), which maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The contract permits either party to suspend the agreement under certain conditions.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value is the relevant measure for the fully benefit-responsive group annuity contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The average yield based on interest credited to participants was 4.50% and 5.00% for 2025 and 2024, respectively. The contract value of the group annuity contract was $6,801,125 and $9,368,996 at December 31, 2025 and 2024, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the group annuity contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the Trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contract.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 6 - Tax Status:

The Plan was written on an IRS non-standardized pre-approved document, which obtained its latest opinion letter on June 30, 2020 in which the IRS stated that the Plan as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Company contributions, if any, become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 8 - Parties-In-Interest:

The Trustees of the Plan's assets hold the Plan's investments, which include various mutual funds. No fees were paid to the Trustees by the Plan for the years ended December 31, 2025 and 2024. The Plan Sponsor and Merrill Lynch Wealth Management ("Merrill") have a service based pricing agreement in which the investment related revenue received by Merrill from the Plan's mutual funds will be applied towards Merrill's fees and any excess will be remitted to the Plan and used to pay Plan administrative expenses and/or allocate amounts to Plan participants. During 2025 and 2024, the investment related revenue paid to Merrill by the Plan's mutual funds and applied to Merrill's fees was $110,000 and is recorded in net appreciation on the statements of changes in net assets available for benefits.

During 2025 and 2024, the Plan incurred fees of $65,840 and $93,084, respectively, from the excess related revenue derived from the service-based pricing agreement with Merrill. During December 31, 2025 and 2024, the investment related revenue applied to fees and netted in net appreciation on the statements of changes in net assets available for benefits was $175,840 and $203,084, respectively.

Transamerica Retirement Solutions ("TRS") is the recordkeeper and provides administrative services to the Plan and, therefore, these transactions qualify as a party-in-interest. The fees paid by the Plan to TRS were $9,296 and $8,826 for the years ended December 31, 2025 and 2024, respectively.

Note 9 - Notes Receivable from Participants:

Participants may borrow a minimum of $1,000, up to the lesser of $50,000 or 50% of their respective vested account balances and may only have two loans outstanding at a given time. The loans are secured by the balance in the participants' account and bear interest at the prevailing prime rate plus 1% on the origination date of the loan. Principal and interest are generally repayable through payroll deductions within five years, unless the loan provides funding for the purchase of the participant's principal residence in which case it is payable over twenty years.

Note 10 - Prohibited Transactions:

During the Plan year ended December 31, 2025, the Company remitted late participant contributions to the Plan totaling $3,250. As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which the amounts are withheld from wages. During 2026, the Company took the proper corrective actions, in accordance with DOL regulation, to compensate those participants' lost earnings totaling approximately $15.
