Independent Auditor's Report

To the Plan Administrator of
Hatteras Press, Inc. 401(k) Retirement Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hatteras Press, Inc. 401(k) Retirement Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hatteras Press, Inc. 401(k) Retirement Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hatteras Press, Inc. 401(k) Retirement Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hatteras Press, Inc. 401(k) Retirement Plan & Trust's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hatteras Press, Inc. 401(k) Retirement Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hatteras Press, Inc. 401(k) Retirement Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Hatteras Press, Inc. 401(k) Retirement Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established effective January 1, 1987, as restated March 1, 2024. The Plan covers all employees, excluding employees of affiliated employers, employees acquired in a merger or acquisition, leased employees, employees governed by a collective bargaining agreement, nonresident aliens, and employees who are regularly scheduled to complete less than 999 hours of service in a plan year until they complete a year of service, of Hatteras Press, Inc. (the "Company") who have completed 6 months of service with at least 500 hours of service and are age 21 or older.

On March 1, 2024, the Plan elected to change custodian and recordkeeping services of the Plan from Transamerica Financial Life Insurance Company Inc. ("TFLIC") to Fidelity Management Trust Company ("FMTC"). All Plan assets were transferred over to the new trustee. Plan provisions were updated to lower the age of the eligibility to 18 years old, the service requirement was lowered to 3 months, and participants now have the option to take a loan from their vested account balance.

Effective March 1, 2024, the Plan covers all employees, excluding employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, leased employees, nonresident aliens who do not receive any earned income from the Company which constitutes United States source income, and self-employed individuals of the Company who have completed 3 months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA")

Contributions
Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document, for up to the maximum limits of the Internal Revenue Code ("IRC"). Effective March 1, 2024, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan document, for up to the maximum limits of the IRC. Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective January 30, 2025, the Plan was amended and the automatic enrollment deferral rate was changed to 3% of eligible compensation.

The Company made a discretionary matching contribution representing 10% of the amount that a participant contributes to the Plan. Effective March 1, 2024, the Company makes a discretionary matching contribution equal to 100% of the participant's elective deferrals up to 1% of the participant's compensation. Additional discretionary nonelective contributions may be made by the Company at the option of the Trustees. Furthermore, only participants who have completed 1,000 hours of service during the plan year and are employed on the last day of the plan year shall be eligible to share in the nonelective employer contribution. For the year ended December 31, 2024, there were no discretionary nonelective contributions to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, allocations of the Company's discretionary nonelective contributions, and an allocation of the Plan’s earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after 1 year of credited service and continues to vest in increments of 20% until 100% vested after 5 years of credited service.

Notes Receivable from Participants
Effective March 1, 2024, participants may borrow from their fund accounts a minimum of $1,000 for up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined when a loan is approved, is set at the rate determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, as defined. Principal and interest are paid ratably through payroll deductions. Terms range up to 5 years or greater for the purchase of a primary residence.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant’s vested balance is less than or equal to $7,000, the amount may be automatically rolled over to an individual retirement account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts
As of December 31, 2024 and 2023, forfeited nonvested accounts totaled $43,250 and $29,464, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2024, plan administrative expenses were reduced by $18 from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value or net asset value ("NAV"), which approximates fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants in the following plan year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan‘s management evaluated events that occurred after December 31, 2024 through September 23, 2025, the date when the financial statements were available to be issued. Based on this evaluation, the Plan's management has determined that, except as described in Note 1, no other subsequent events have occurred which would require disclosure in the financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There has been a change in the techniques used as of December 31, 2024, in connection with the transfer of assets to Fidelity Management Trust Company ("FMTC").

Interest-Bearing Cash: These investments are stated at cost plus accrued interest, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from, or corroborated by, observable market data by correlation or other means are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, which are measured using quoted prices in active markets for identical assets. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its evaluation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest bearing cash	$ 321,613	$ -	$ -	$ 321,613
Mutual funds	11,276,238	-	-	11,276,238
Total investments at fair value	$11,597,851	$ -	$ -	$11,597,851

	December 31, 2023			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$10,001,606	$ -	$ -	$10,001,606
Total investments at fair value	$10,001,606	$ -	$ -	$10,001,606

4. Investments at Contract Value

In June 2015, the Plan entered into a benefit-responsive guaranteed investment contract with Transamerica Financial Life Insurance Company Inc. ("TFLIC"), which maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at the specified interest rate that was guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield earned by the Plan for 2024 was 1.58%. The crediting rate was reviewed on a semi-annual basis. Effective March 1, 2024, the contract was terminated and all participant account balances were transferred to FMTC.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by the trustees, and therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment.

TFLIC receives revenue from investment fund service providers for services TFLIC provides to the funds. This revenue is used to offset certain amounts owed to TFLIC for its administrative services to the Plan. If the revenue received by TFLIC from such investment fund service providers exceeds the amount owed for its services, TFLIC remits the excess to the Plan's trust on a quarterly basis. The Plan or Plan sponsor may make a payment to TFLIC for administrative expenses not covered by revenue sharing. The Plan received a servicing credit of $2,714 during the period from January 1, 2024 to February 29, 2024, which was used to pay various expenses of the Plan. The account had no balance at March 1, 2024, the date of the transfer of assets to FMTC.

Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, FMTC, the current trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the period from March 1, 2024 to December 31, 2024. TFLIC, the previous trustee of the Plan, has certified the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2023, and the related investment activity reported in the statement of changes in net assets available for benefits for the period from January 1, 2024 to February 29, 2024.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The Plan adopted a pre-approved plan offered by FMTC. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In accordance with ASC 275 Risks and Uncertainties, the Plan Sponsor discloses certain investments based on participant choices that may accumulate to a significant percentage of total net assets concentrated at the end of the Plan year. As of December 31, 2024 and 2023, three and one investments represented a concentration of greater than 10% of the Plan's net assets available for benefits, respectively.

10. Delinquent Participant Contributions

For the years ended December 31, 2024 and 2023, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, which totaled $69,534, were not corrected as of December 31, 2024. Untimely remittances of $32,312 were identified on the Schedule of Delinquent Participant Contributions in a prior year and were not corrected prior to January 1, 2024. The prior year untimely remittances were not corrected in 2024. Additionally, the Company will be compensating participants for lost earnings resulting from the delay in contributions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	$ 11,640,643	$ 10,873,594
Excess contributions payable	28,519	32,720
Participant contributions receivable	(15,523)	-
Employer contributions receivable	(2,090)	-
Net assets per Form 5500	$ 11,651,549	$ 10,906,314

The following is a reconciliation of the net change in net assets available for benefits per the financial statements for the year ended December 31, 2024, to Form 5500:

Net change in net assets available for benefits per financial statements	$ 767,049
Add: current year excess contributions payable	28,519
Less: prior year excess contributions payable	(32,720)
Less: current year participant contributions receivable	(15,523)
Less: current year employer contributions receivable	(2,090)
Net income per Form 5500	$ 745,235

12. Operational Deficiency

Certain employees who became eligible to participate in the Plan during the blackout period following the transfer of assets to FMTC on March 1, 2024 were not automatically enrolled in the Plan in accordance with the Plan document. Plan management is working to identify the impacted employees and will remit a corrective contribution, along with any earnings, in accordance with the IRS prescribed self-correction program. Plan management does not believe this operational deficiency is significant to the financial statements and expects to be able to correct the matter before December 31, 2025.
