INDEPENDENT AUDITORS' REPORT

To the Plan Trustees
Baker Roofing Company 401(k) Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Baker Roofing Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Baker Roofing Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Baker Roofing Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baker Roofing Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baker Roofing Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baker Roofing Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAKER ROOFING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of Plan

The following description of Baker Roofing Company 401(k) Plan (the "Plan") provides only general information for the Plan sponsored by Baker Roofing Company (the "Company"). Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan became effective on January 1, 1996 as a trusteed profit sharing 401(k) salary deferred thrift plan. The Plan covers all non-union employees of the Company who have completed six consecutive months of service or 12 months have passed since date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 1, 2024, the Plan was amended whereby employees of Baker Home Exteriors, LLC are eligible to participate in the Plan.

Contributions
Each year, participants may contribute up to the maximum amount allowed by the Internal Revenue Service ("IRS") of pre-tax or after-tax ("Roth") annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan adopted the optional SECURE Act 2.0 provision which increased the catch-up contribution limit for participants aged 60 to 63 to the greater of $10,000 or 50% more than the regular catch-up amount in 2025. Participants may contribute up to the maximum amount allowed by the IRS.

The Plan permits rollover contributions from other qualifying retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also provides for safe harbor matching contributions whereby the Company will match 100% of a participant's elective deferrals up to 3% of the participant's compensation, plus 50% of the next 2% of the participant's elective deferrals. Additional profit sharing amounts may also be contributed at the discretion of the Company's board of directors.

Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, plan earnings, and administrative expenses and, at the discretion of the plan administrator, forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately 100% vested in the salary reduction amount and the Company's safe harbor match contributed to the Plan. Vesting in the Company's additional discretionary contribution portion of their accounts is based on years of credited service. Participants become fully vested after completing six years of credited service.

1. Description of Plan (Continued)

Forfeited Accounts
At December 31, 2025, forfeited non-vested accounts totaled $278. Forfeited accounts may first be used to pay administrative expenses, with any remaining balance to be used to reduce Company contributions as permitted by the Plan's provisions. During the year ended December 31, 2025, the Plan used $250 of forfeited accounts to pay plan expenses and $984 of forfeited accounts to reduce the employer matching contribution.

Payment of Benefits
Generally, the participant becomes eligible to receive benefits on their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. The Plan also permits early retirement upon reaching age 55 and after completing four years of service. For retirement, death, or disability, the participant may receive 100% of their account balance in a lump sum amount. Effective April 1, 2025, the Plan was amended to allow terminated employees receiving a benefit payment before the normal retirement age with a vested account balance in excess of $5,000, to elect to receive their benefit payment as a lump sum or a partial distribution. Additionally, death benefits in excess of $5,000 can be distributed as a lump sum, annual installment, or partial distribution. The Plan also permits qualified disaster recovery distributions and related withdrawals for participants affected by federally declared disasters, as permitted under SECURE 2.0.

Hardship Withdrawals
Upon approval by the plan administrator, a participant may withdraw all or part of their elective contributions for immediate and severe financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 less the highest outstanding loan balance in the last 12 months minus the loan balance on the date a new loan is made. A participant can only have two loans outstanding at a time. The loans are secured by the balance in the participants' accounts and bear fixed interest rates of prime + 1.0% (7.75% at December 31, 2025) as of the date of the new loan. Principal and interest are paid ratably through payroll deductions. Outstanding loans to participants were $1,598,985 and $1,500,828 at December 31, 2025 and 2024, respectively.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Significant Accounting Policies (Continued)

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents
The Plan considers all invested cash balances to be cash equivalents.

Investment Valuation and Income Recognition
Investments are comprised of a fully benefit-responsive investment contract, collective investment trust funds, mutual funds, and a pooled separate account. The Plan's investments are reported at fair value except for its fully benefit-responsive investment contract, which is valued at contract value (see Note 8). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in the value of investments are allocated to the participant accounts based on participant holdings in each fund.

Payment of Benefits
Benefits are recorded when paid.

Plan Expenses
Certain Plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

3. Federal Income Taxes

The Plan is a qualified Non-Standardized Pre-Approved Profit Sharing Plan that received a determination letter from the IRS on November 14, 2022 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America, the custodian of the Plan, and Empower Trust Company, LLC, the trustee of the Plan, (collectively "Empower"), and was not subject to audit for the years ended December 31:

	2025	2024
Collective Investment Trust Funds	$ 24,254,079	$ 8,760,218
Mutual Funds	33,192,992	44,354,319

Notes Receivable from Participants	1,598,985	1,500,828
Net Change in Value of Investments	$ 5,814,522	
Interest and Dividends	2,517,941	
Interest Income on Notes Receivable from Participants	120,403	

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
December 31, 2025:			
Mutual Funds	$33,192,992	$	$33,192,992

Investments Measured at Net Asset Value			24,254,079
Investments at Fair Value	$33,192,992	$ 4,047,122	$61,494,193

6. Fair Value Measurements (Continued)

December 31, 2024:			
Mutual Funds	$44,354,319	$	$44,354,319
Total Assets in Fair Value Hierarchy	44,354,319		44,354,319
Investments Measured at Net Asset Value			8,760,218
Investments at Fair Value	$44,354,319	$	$53,114,537

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 Inputs are based on significant other observable inputs such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 3 investments in the Plan.

6. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements
The fair value of the pooled separate account is based on the quoted market value of the underlying assets obtained from independent pricing services.

7. Collective Investment Trust Funds

The Plan invests in various funds within the Great Gray and T. Rowe Price Collective Investment Trusts (the "Trusts"). Great Gray Trust Company, LLC and T. Rowe Price Trust Company serve as the trustees and are responsible for maintaining and administering the Trusts and their various Funds.

These investments are valued using the net asset value ("NAV") of units of the collective investment trust funds. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust funds, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments.

The Funds' units are valued daily using NAV. NAV is calculated by dividing the total fair value of the assets in each fund less its liabilities, by the total number of units outstanding at the time of computation. Investment income earned is reinvested in each Fund and included in the determination of unit values. The funds sell new units and repurchase outstanding units on a daily basis. The Funds require a plan sponsor to provide advance written notice of five business days for plan sponsor directed withdrawals which will exceed $1 million or 10% of the assets invested in each Fund.

8. Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract ("FBRIC") with Empower. This product seeks to achieve consistent returns to support a competitive crediting rate.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. Empower credits interest daily to the group contract holder on a portfolio basis. Principal and interest for participant-initiated benefit payments are fully guaranteed by the entire general account assets of Empower.

The average yield earned by the plan for the FBRIC can be derived by averaging the quarterly gross interest rates for the fund over the year. The average was 2.45% and 2.66% for 2025 and 2024, respectively.

As described in Note 2, because this contract is fully benefit-responsive, it is included in the financial statements at contract value as reported to the Plan by Empower. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

9. Party-in-Interest Transactions

Plan investments are managed by Empower, the custodian and trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to the custodian, trustee, and other parties-in-interest for contract administration, advisory and professional services amounted to $170,990 for the year ended December 31, 2025. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

10. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 14, 2026, which is the date the financial statements were available to be issued.

In December 2022, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2022 ("SECURE Act 2.0") that continued the retirement system reform previously passed in 2020. Certain provisions of the SECURE Act 2.0 are effective at various dates through 2026, with the plan amendment for the adoption of SECURE Act 2.0 due by December 31, 2026.

As part of SECURE Act 2.0, effective January 1, 2026, catch-up contributions made by high-income earners will be designated as Roth contributions.

Effective July 1, 2026, the Plan was amended whereby employees of Heritage Metal, LLC are eligible to participate in the Plan.
