INDEPENDENT AUDITOR'S REPORT

September 15, 2026

To the Plan Administrator of
Kering Americas, Inc. Retirement and Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Kering Americas, Inc. Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. THE PLAN

The following description of the Kering Americas, Inc. Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined contribution plan established to provide benefits to eligible employees of Kering Americas, Inc. and Alexander McQueen Trading America, Inc. (collectively, the "Company"). The Plan is administered by management of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Transamerica Retirement Solutions Corporation is the record-keeper of the Plan.

Eligibility

As defined in the Plan document, all employees of the Company who are age 21 or older are automatically enrolled at a 3% contribution rate upon hire. All employees are eligible to participate in the Plan, except for the following:

- Leased employees
- Employees of the Company who are not a member of the affiliated service group
- Interns and temporary employees

Once an employee has completed one year of service, defined as 1,000 hours, he or she is eligible for the Company's match and discretionary contributions. Eligible employees may begin contributing to the Plan on the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements. Eligible employees may begin to receive matching contributions and discretionary contributions, if any, on the first day of the payroll period coinciding with or next following the date on which an employee meets the eligibility requirements, or as soon as administratively feasible thereafter.

Contributions

Each year, participants may elect to contribute a percentage of their annual wages on a pre-tax basis to the Plan. Effective July 1, 2025, the Plan was amended to permit Roth ("after tax") deferrals by eligible participants. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

During the Plan years ended 2025 and 2024, the Company provided a matching contribution equal to 4% of an eligible participant's compensation. The Company may also make a discretionary contribution; however, there were no discretionary contributions made into the Plan during 2025 or 2024. The Company's contributions are subject to limitations imposed by federal laws for qualified retirement plans.

1. THE PLAN (Continued)

Vesting
Participants are immediately 100% vested in their contributions, rollover contributions, catch-up contributions and actual earnings/losses thereon. Employer matching and discretionary contributions and earnings/losses thereon vest 25% per year beginning with the second year of service, and are fully vested after five years.

Participant Accounts
Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Company matching contributions, an allocation of discretionary contributions, if any, and actual earnings (losses) thereon. Each participant's account is charged with the actual amount of distributions taken and an allocation of administrative expenses.

Investment Options
Participants may elect to have their contributions and Company contributions invested in a variety of investment funds, including various mutual funds, a personal choice retirement account, and a guaranteed annuity contract.

Payment of Benefits
Upon terminations of employment after the attainment of age 65 or for reasons of disability or death, the participant or his or her beneficiary shall receive the full value of his or her accounts. However, if termination of employment is for reasons other than the attainment of age 65, disability or death, the participant shall receive only the value of the vested funds in his or her account.

Forfeited Accounts
At December 31, 2025 and 2024, forfeited non-vested accounts approximated $650,000 and $1,200,000, respectively. Forfeited non-vested accounts are used primarily to offset plan expenses or reduce future employer contributions. During 2025 and 2024, approximately $2,085,000 and $625,000 of forfeited non-vested accounts were used to reduce employer contributions, respectively.

Administrative Expenses
The Plan permits the payment of plan expenses to be made from plan assets. Substantially all administrative expenses associated with the Plan are paid by plan participants as a reduction of investment income allocated to participant accounts.

Notes Receivable From Participants
Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of $50,000 or 50% of the value of the vested portion of the participant's accounts and greater than $1,000. The maximum repayment terms of loans are 5 years for general purpose loans and 10 years for principal residence loans. The amounts borrowed are transferred from the investment funds in which the participant's accounts are currently invested. Repayment and interest thereon are credited to the participant's current investment funds through payroll deductions made each pay period. The loans are secured by the vested balance in the participant's account and bear interest ranging from 4.25% to 9.50%. The interest rate for loans is based on the prime rate at the time of the loan plus one percentage point.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

In accordance with U.S. GAAP, fixed annuity contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Risk and Uncertainties

The Plan provides investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

Use of Estimates

U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value based upon quoted market prices at the Plan's year end. Interest bearing cash held within investments is stated at amortized cost, which approximates its fair market value. Fully benefit responsive guaranteed annuity contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's interest in the guaranteed annuity contract is held with Transamerica Life Insurance Company (TLIC). Funds under these contracts that have been allocated and applied to purchase annuities are excluded from the Plan's assets. Purchased annuities are contracts under which the insurance company is obligated to pay benefits to named participants or their beneficiaries. The fund is fully benefit-responsive, which means withdrawals from the fund may be made for qualifying benefit payments, including participant-directed transfers. Participants can transfer funds from the fund to other non-competing investment options. Amounts transferred from the fund may not subsequently be transferred to a competing fixed option or withdrawn for 90 days. Participant contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Semi-annually, TLIC declares an interest rate that applies to contributions received during the period. TLIC guarantees the interest rate until the end of the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Certain events may limit the Plan's ability to transact at contract value with TLIC. Such events may include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that may limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Changes in the fair value of investments, including realized/unrealized gains and losses on assets sold during the year or held at year-end, are reflected in the statements of changes in assets available for benefits as net appreciation or depreciation in the fair value of investments. Purchases and sales of securities are reflected on a trade day basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements
Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

There were no changes in valuation techniques during 2025 or 2024.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

3. CERTIFIED INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company and TLIC, the Plan's custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

	2025	2024
Investments	$ 383,937,367	$ 337,634,552
Notes receivable from participants	$ 6,806,193	$ 7,274,609
Total net investment income	$ 55,014,343	$ 41,408,218
Interest income on notes receivable from participants	$ 578,044	$ 521,118

Schedule of Assets (Held at End of Year) – Schedule I

4. FAIR VALUE MEASUREMENTS

At December 31, 2025, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$373,383,199	$ -	$ -	$373,383,199
Personal Choice Retirement Account – Mutual Funds	618,510	-	-	618,510
	$374,001,709	$ -	$ -	$374,001,709

At December 31, 2024, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$328,080,988	$ -	$ -	$328,080,988
Personal Choice Retirement Account – Mutual Funds	641,723	-	-	641,723
	$328,722,711	$ -	$ -	$328,722,711

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested in the Company's contributions.

6. TAX STATUS

The Plan adopted a pre-approved plan document offered by Transamerica Retirement Solutions LLC. The pre-approved plan received an Internal Revenue Service (IRS) Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds managed by Transamerica Life Insurance Company. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan also allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants with these loans and the Plan qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 15, 2026, which is the date the financial statements were available to be issued.
