Independent Auditors' Report

To the Plan Administrator of
Weyerhaeuser 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Weyerhaeuser 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Weyerhaeuser 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Weyerhaeuser 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Weyerhaeuser 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Weyerhaeuser 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Weyerhaeuser 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEYERHAEUSER 401(k) PLAN

Financial Statements and Supplemental Schedule

December 31, 2025 and 2024

(With Report of Independent Auditors)

Independent Auditors' Report

To the Plan Administrator of
Weyerhaeuser 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Weyerhaeuser 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Weyerhaeuser 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Weyerhaeuser 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Weyerhaeuser 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Weyerhaeuser 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Weyerhaeuser 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Weyerhaeuser 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description and Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Salaried or hourly employees of Weyerhaeuser Company (the Company) or a participating subsidiary, defined as a corporation in which the Company or one of its subsidiaries own voting stock, are eligible to participate in the Plan. Employees subject to collective bargaining agreements are eligible only if the terms of their agreement expressly provide for participation.

The Plan is administered by the Administrative Committee made up of certain Company employees. The Investment Committee has investment oversight and responsibility for all investment matters. Vanguard Fiduciary Trust Company acts as the trustee, recordkeeper, and investment manager for the Plan. Vanguard investment transactions qualify as party-in-interest transactions. Invesco acts as the investment manager for the Weyerhaeuser Stable Value Fund. Weyerhaeuser Stable Value Fund investments may be invested in Invesco Group Trust for Retirement Savings funds, a group trust for which Invesco National Trust Company serves as trustee and investment manager. As a result, Invesco investment transactions qualify as party-in-interest transactions.

The Plan includes both a Pre-tax and Roth contribution option. Pre-tax contributions are made on a pre-tax basis and later distributions, including earnings thereon, are taxed upon withdrawal. Roth contributions are made on an after-tax basis and later distributions, including earnings thereon, may be withdrawn tax-free subject to certain Internal Revenue Service limitations. Roth and Pre-tax contributions are combined for the purposes of determining maximum eligible Plan contributions under Internal Revenue Code (IRC) guidelines.

(b) Contributions

The Plan includes a qualified cash or deferred arrangement described in Section 401(k) of the IRC that allows participants to designate any whole percent up to 75% of their eligible compensation to be contributed to the Plan, subject to certain limitations imposed under the IRC. Newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral percentage of 3%. The deferral percentage increases by 1% each April until a 15% deferral is reached and may be changed at any time. Employees may opt out of automatic enrollment within 60 days after their hire date and may discontinue contributions at any time. Participants may roll over funds representing distributions from other qualified retirement plans.

The Company matching contribution is discretionary as determined by the Weyerhaeuser Company Board of Directors (the Board). For salaried employees and certain hourly employees with salaried benefits, the current Company matching contribution is 50% on the first 6% of eligible compensation contributed by each participant in each pay period. For employees with hourly benefits, the current Company matching contribution is generally 50% on the first 5% of eligible compensation contributed

by each participant in each pay period, unless otherwise specified in the Plan Document. In addition to the Company matching contribution, a Company discretionary matching contribution can be made by action of the Board. Non-elective contributions are made for salaried and non-union hourly employees hired or rehired on or after January 1, 2014. The non-elective contribution is equal to 5% of the participant's eligible compensation. Union-represented hourly employees may be eligible for a non-elective contribution. The amount of contribution and the effective date for hires and rehires to receive the non-elective contribution is specified in Schedule B of the Plan Document.

Company matching contributions and non-elective contributions are invested in accordance with each participant’s investment direction in effect at the time.

(c) Participant Accounts

An individual account is maintained for each plan participant to reflect their share of the Plan’s income and losses, participant contributions, Company contributions, and withdrawals. Allocations of income and losses are based on the number of units of the various investment funds assigned to each participant’s account on a daily basis. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant account.

Participants are eligible to take out a loan if they are an active participant and have a vested account balance. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. At the time the loan is made, up to 50% of the vested account balances under the Plan will be considered security for the loan. The interest rate applicable to the loan is determined by the Plan. The procedure for determining the loan interest rate is subject to change at the discretion of the Plan Administrator. Principal and interest is paid ratably through payroll deductions. The interest rates on loans outstanding at December 31, 2025 ranged from 8.0% to 9.5%.

(d) Vesting

Participants are fully vested in their own contributions and earnings thereon. Participants vest in matching and non-elective contributions and earnings thereon over six years of vesting service according to the following schedule:

Years of vesting service	Percent vested
Less than two years of service	—%
Two years of service	20%
Three years of service	40%
Four years of service	60%
Five years of service	80%
Six or more years of service	100%

Company contributions and earnings thereon also become fully vested upon one of the following events:

- at normal or early retirement age under the employer’s defined benefit pension plan,
- at age 65,
- upon death or total and permanent disability while employed at the Company,

- upon termination of service due to a plant closure,
- upon termination of the Plan, or
- upon involuntary termination of service, except for violations of certain employee conduct standards outlined in the Plan.

If a participant is not fully vested in matching and non-elective contributions upon severance of employment and does not return to active employment with the Company within five years, the participant forfeits any unvested matching and non-elective contributions. Forfeitures are used to reduce future Company contributions or to pay Plan administrative expenses to the extent permitted by applicable law. During 2025, approximately $5,090,000 of forfeitures were used to reduce Company contributions and pay Plan administrative expenses. There were approximately $1,873,000 and $3,614,000 of unallocated forfeitures as of December 31, 2025 and 2024, respectively.

(e) Investment Options

Participants are allowed to change their investment election for future contributions at any time. Participants have the option to invest up to 100% of their contributions, in 1% increments, in any of the investment options provided by the Plan. If a participant does not specify the investment fund in which to invest deferral, rollover, or employer contributions, the contributions will be invested in the Vanguard Target Retirement Trust I closest to the participant's retirement date, assuming a retirement age of 65.

Participants may reallocate funds in their accounts among the investment options offered by the Plan on a daily basis.

(f) Valuation Frequency

Account balances are valued on a daily basis.

(g) Payment of Benefits

Participant contributions made before 1983 and earnings thereon may be withdrawn at any time upon request. Participant contributions made after 1982 and amounts in the rollover portion of accounts may be withdrawn for financial hardship subject to restrictions under the IRC and the Plan. Participant contributions may also be withdrawn after participants reach age 59½ with the exception of the Nonelective Contribution Account. The vested interest in Company matching contributions, previously offered performance share contributions, and rollover portions of the account may be withdrawn two full calendar years after the date of the contribution or rollover, after five years of service or after reaching age 59½. Additional distribution options may be available to participants who participated in a plan that was merged into the Plan; these options are described in the Plan documents.

Participants whose vested account balance does not exceed $5,000 shall receive a distribution of their entire interest in the Plan upon retirement, total and permanent disability or other severance from employment. In the event of a mandatory distribution greater than $1,000 and less than $5,000, if the participant does not elect to have such distribution paid directly to an Eligible Retirement Plan specified by the participant in a direct rollover (in accordance with the direct rollover provisions of the Plan) or to receive the distribution directly, then the Plan Administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator. The determination as to whether a participant's account exceeds $5,000 shall be made by the Plan Administrator, and a distribution can be received per Plan terms. The nonvested portions of participants' accounts are forfeited upon distribution of the accounts or after a five-year period of severance, whichever is earlier.

(h) Expenses of the Plan

Participants pay a flat fee of $33 per year for costs to administer the Plan. Participants pay an additional fee to process requests for hardship withdrawals and Qualified Domestic Relations Orders. Brokerage fees, stock transfer taxes, and other investment management fees directly incurred by the trustee in buying and selling any assets of each fund are paid by the Plan out of such fund as a part of the cost of such assets, or as a reduction of the proceeds received from the sale of such assets. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Fees paid by the Plan to Invesco for the investment management services provided in the year ended December 31, 2025 were approximately $188,000.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

(b) Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are valued at contract value. See also *Note 5: Plan Assets*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on an ex-dividend basis. The change in fair value of assets from one period to the next and realized gains and losses are recorded as net appreciation or depreciation in fair value of investments. Total investment income of the Plan is presented in *Note 5: Plan Assets, Part (c) Investment Income.*

(c) Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the *Statements of Net Assets Available for Benefits*.

(d) Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was considered necessary as of December 31, 2025 or 2024.

(g) Valuation of Plan Investments

The fair value of Plan investments is based upon the information available at year end. Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is based upon the amount that would be received in an orderly transaction between market participants on the reporting date. Investments are not valued based upon a forced or distressed sale scenario. Instead, both observable and unobservable inputs that reflect assumptions applied by market participants when setting the exit price of an investment in an orderly transaction within the principal market of that investment are considered.

Investments are valued based upon the observability of exit pricing inputs. The Plan measures the fair value for certain investments that are not exchange traded and do not have a readily determinable fair value using net asset value as a practical expedient. As such, these assets are excluded from the fair value hierarchy classification. For all other investments where fair value does not use net asset value as a practical expedient, the classification is based upon the lowest level input that is significant to the fair value measurement of the investments in their entirety. The fair value hierarchy followed is outlined below:

Level 1: Inputs are unadjusted quoted prices for identical assets and liabilities traded in an active market.

Level 2: Inputs are quoted prices in non-active markets for which pricing inputs are observable either directly or indirectly at the reporting date.

Level 3: Inputs are derived from valuation techniques in which one or more significant inputs or value drivers are unobservable.

Investments with readily available quoted prices in an active market or those for which fair value can be measured from actively quoted prices will have a higher degree of market price observability and thus, a lesser degree of judgment applied when measuring fair value than those with unobservable pricing inputs.

(3) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of plan termination, participants will become fully vested in their accounts.

(4) Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated May 25, 2017, stating that the Plan qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of Section 401(a) of the IRC, and as a result, is exempt from federal income taxes under Section 501(a) of the IRC. Employees who participate in the Plan

are subject to federal income tax on distributions from the Plan in accordance with the provisions of Section 402 of the IRC.

Generally accepted accounting principles in the U.S. require plan management to evaluate Plan tax positions and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Assets

(a) Synthetic Guaranteed Investment Contracts

The Weyerhaeuser Stable Value Fund is a fully benefit-responsive synthetic guaranteed investment contract (Synthetic GIC) which meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals the principal balance of the Contracts plus accrued interest at the stated contract rate, less payments received and contract charges by issuers. Synthetic GICs are investments that simulate the performance of a traditional guaranteed investment contract using Invesco fixed income bank collective trust funds and benefit-responsive wrapper contracts issued by insurance companies to provide market and cash flow protection at stated interest rates. The contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Under the terms of the Synthetic GIC, the crediting interest rates are determined monthly based on the insurance companies' applicable rate schedules.

(b) Investment Valuation at Fair Value

Plan assets at fair value include the value of fund assets plus any accrued income. Investments in shares of registered investment company funds are reported at fair value based on quoted market prices. Investments in collective trust funds use net asset value as a practical expedient to determine the fair value and are not classified in the fair value hierarchy. There are no redemption restrictions on investments using net asset value as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes valuation methods are appropriate and consistent with other market participants, the use of different

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Additional fair value information related to the investments held by the Plan as of December 31, 2025 and 2024 is as follows (dollar amounts in thousands):

Fair Value Measurements of the Plan as of December 31, 2025

	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Totals
Registered investment company funds	$ 237,057			$ 237,057
Investments measured using net asset value as a practical expedient:				
Collective trust funds				2,272,154
Total investments measured at fair value				$ 2,509,211

Fair Value Measurements of the Plan as of December 31, 2024

	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Totals
Registered investment company funds	$ 226,734			$ 226,734
Investments measured using net asset value as a practical expedient:				
Collective trust funds				2,041,044
Total investments measured at fair value				$ 2,267,778

(c) Investment Income

The following table presents the investment income in the Plan for the year ended December 31, 2025 (dollar amounts in thousands):

Net appreciation in fair value of investments	$ 346,877
Dividend income	15,191
Interest income	3,564
Net investment income	$ 365,632

(6) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 (dollar amounts in thousands):

	2025	2024
Net assets available for benefits, per the financial statements	$ 2,652,080	$ 2,422,591
Add: deemed distributions on participant loans	56	25
Net assets per Form 5500	$ 2,652,136	$ 2,422,616

The following is a reconciliation of the changes in net assets from the financial statements to the Form 5500 for 2025 (dollar amounts in thousands):

Change in net assets available for benefits per the financial statements	$ 229,489
Add: change in deemed distributions on participant loans	31
Net income per Form 5500	$ 229,520

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period. The most notable difference is the Synthetic GIC which is reported as a single investment in the financial statements in accordance with U.S. generally accepted accounting principles; whereas the underlying securities are reported in their natural investment categories, primarily collective trusts, in the Form 5500 according to Form 5500 reporting requirements.

(7) Information Certified by Qualified Institutions
