# Independent Auditor's Report

To the Plan Administrator of
Mountain Community Health Partnership Inc. 401(k) Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mountain Community Health Partnership Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) Audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mountain Community Health Partnership Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mountain Community Health Partnership Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mountain Community Health Partnership Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mountain Community Health Partnership Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions, or events, considered in the aggregate, that raise substantial doubt about Mountain Community Health Partnership Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

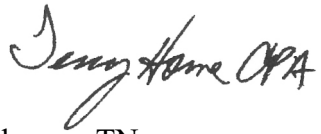

**Other Matter-Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all materials respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

## Note 1 - Description of Plan

The following description of the Mountain Community Health Partnership Inc. 401(k) Plan, formerly Bakersville Community Medical Clinic, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan established by Mountain Community Health Partnership Inc., formerly Bakersville Community Medical Clinic, Inc. ("Company") effective January 1, 2015 for the benefit of its employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective October 26, 2022 to update the Plan and Company names.

### Contributions

Participants may contribute to the Plan via salary deferrals and may change their contribution percentage at their discretion. The maximum annual contribution allowed in a calendar year for each participant is prescribed by federal statutes ($23,500 in 2025 and $23,000 in 2024). Additional catch-up contributions are permitted for participants who are age 50 or older by the end of the calendar year in which the catch-up contributions are made.

The Plan is a Qualified Automatic Contribution Arrangement (QACA) Safe Harbor Plan. The Company elected to contribute 4% of eligible compensation. Discretionary contributions may be made in an amount determined by the Company for each Plan year. No discretionary contributions were made for 2025.

### Participant Account

Each participant's account is credited with the participant's contribution, the applicable Company contributions, and investment earnings. Allocations of contributions are based on participant compensation, and allocations of earnings are based on each participant's account balance. Upon retirement or termination, a participant is entitled to the vested balance in his/her account. A participant may elect to direct the investment allocation of his/her account or to allow an investment manager to direct the investments.

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers, plus actual earnings thereon. Vesting in the remainder of the account balance is based on the years of service as follows:

| Years of Service | Vesting |
|---|---|
| Less than two | 0% |
| Two or more | 100% |

Participants are 100% vested in the event of death, total disability, or on or after the date the participant reaches normal retirement age.

Forfeited Nonvested Account Balances

Forfeitures of nonvested account balances may be used by the Company towards administrative expenses and future contributions to the Plan. At December 31, 2025 and 2024, forfeited nonvested accounts were $0 and $14,402, respectively. During the Plan years ended December 31, 2025 and 2024, forfeitures of $14,909 and $20,684, respectively, were used to offset Plan expenses.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either life annuities, lump sum, or in installments. In addition, participants may withdraw any part of their vested account in the event of undue financial hardship relating to medical, tuition, and funeral expenses of a primary beneficiary. In the event of termination, an inactive participant may elect to receive a distribution if their account is 100% vested.

Contributions receivable

Contributions receivable are recorded when determined contributions of the employer and employees are not received by the investment custodian until a subsequent reporting period. An allowance is provided when necessary to recognize potentially uncollectible receivables and amounts deemed worthless are written off. There were contributions receivable of $0 and $25,248 at December 31, 2025 and 2024, respectively. Management of the Plan has determined that no allowance for uncollectible receivables was necessary at December 31, 2025 and 2024.

Notes receivable from participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser value of $50,000 or 50% of their vested account balance. The term of the loan must not exceed five years Principal and interest on these loans are paid ratably via payroll deductions. At December 31, 2025 and 2024, the Plan had loans receivable from participants totaling $78,668 and $58,662, respectively.

## Note 2 – Summary of Significant Accounting Policies

Basis of accounting
The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP) using the accrual method of accounting. U.S. GAAP is embodied in the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), which is the authoritative source of U.S. accounting and reporting standards for nongovernmental entities.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates, and such differences could be material. Significant estimates used in preparing these financial statements include those used to establish the fair values of investments.

Valuation of investments
The investments in the funds are presented at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized gains and losses are recorded for changes in the fair value of mutual fund investments during the year. Realized gains and losses are recorded when investments are sold. Realized and unrealized gains and losses for each reporting period are combined and presented as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

## Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts would continue to be held by the Plan's trustee until all benefits are distributed to the participants.

## Note 4- Benefits payable to former participants

The portion of net assets which had been processed for payment to persons who requested withdrawals but had not yet been paid by the Plan was $0 at both December 31, 2025 and 2024.

## Note 5 – Description of Information Certified by the Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information was provided and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Plan's trustee/custodian:

| | 2025 | 2024 |
|---|---|---|
| Investments, at fair value | $ 6,981,050 | $ 5,400,191 |
| Notes receivable from participants | 78,668 | 58,662 |
| Investment Income (Loss) | $ 986,255 | |

## Note 6 – Fair Value Measurements

The Plan adopted the Fair Value Measurement and Disclosure topic of the FASB ASC, which establishes a framework for measuring value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The investments in registered investment companies are based on quoted market prices. Investments in pooled separate accounts are determined by reference to the fair value of corresponding publicly-traded mutual funds. Investments in collective investment trusts/collective trust funds are stated at fair value as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at net asset value (NAV) as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There have been no changes in the methodologies used during the year ended December 31, 2025.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **December 31, 2025** | | | | |
| Registered Investment Companies | $ 6,734,269 | $ 0 | $ 0 | $ 6,734,269 |
| Pooled Separate Accounts | $ 0 | $ 25,229 | $ 0 | $ 25,229 |
| Investments measured at NAV* | | | | $ 221,552 |
| Total | $ 6,734,269 | $ 25,229 | $ 0 | $ 6,981,050 |
| **December 31, 2024** | | | | |
| Registered Investment Companies | $ 5,152,078 | $ 0 | $ 0 | $ 5,152,078 |
| Pooled Separate Accounts | $ 0 | $ 20,296 | $ 0 | $ 20,296 |
| Investments measured at NAV* | | | | $ 227,817 |
| Total | $ 5,152,078 | $ 20,296 | $ 0 | $ 5,400,191 |

*In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

## Note 7 – Investments Measured Using NAV per Share as a Practical Expedient

Collective investment trusts/collective trust funds for which fair value is measured using NAV per share as a practical expedient as of December 31, 2025 and 2024 are $221,552 and $227,817, respectively. There are no unfunded commitments or redemption notices. The redemption frequency is daily.

## Note 8 – Income Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020, that the prototype plan agreement was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan adheres to guidance issued by the Codification with respect to accounting for uncertainty in income taxes. This guidance clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return including positions that the organization is exempt from income taxes or not subject to income taxes or unrelated business income. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years prior to the current and two most recent tax years.

## Note 9 – Related Party Transactions

Certain plan investments are shares of mutual funds and annuities managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, who are the trustees/custodians as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

## Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and that amounts reported in the statements of net assets available for benefits.

## Note 11 – Subsequent Events

The Company has evaluated subsequent events for the Plan through September 17, 2026, the date these financial statements were issued. Management has not identified any items requiring recognition or disclosure.
