Independent Auditor's Report

Board of Directors
Shared Support, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of Shared Support, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule(s), we evaluated whether the supplemental schedule(s), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Shared Support, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a 401(k) plan covering all full-time employees of Shared Support, Inc. (the Organization) who have attained age 18 and completed one year of service (1,000 hours), excluding union employees whose employment is governed by a collective bargaining agreement and certain nonresident aliens who have no earned income from sources within the United States. Effective January 1, 2024 eligibility was modified to reduce the age requirement from age 18 to age 16. Eligible employees may enroll into the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year (January 1 or July 1). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

All eligible employees are given the opportunity to enroll in the Plan through a salary deferral election. Such amounts are deducted from the participant's compensation each payroll period. Participants may change their salary deferral election at any time during the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All contributions are subject to Internal Revenue Code limitations.

Employee rollover contributions are also permitted.

Eligible employees may elect to opt out of participating in the Plan. There is no provision in the Plan document for automatic enrollment.

Participant loans are not permitted.

Employer Contributions

For each period the participant contributes to the Plan, the employer contributes a safe harbor matching contribution equal to 100% of the participant's salary deferral that does

not exceed 4% of a participant's compensation. Safe harbor matching contributions are 100% vested at the time of contribution.

Each year, the Organization may make a discretionary profit-sharing contribution to eligible participant accounts. No profit-sharing contribution was made for the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, Plan earnings (losses), and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit credited to the participant's account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the choices provided under the Plan as listed on the supplemental schedule, Schedule of Assets (Held at End of Year). These are determined by the Plan sponsor, and participants may change their investment options daily.

Vesting and Forfeitures

Under the Plan's vesting schedule, participants are immediately vested in their contributions plus actual earnings thereon. Vesting of the employer's non-safe harbor contributions plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of service. The non-vested balance is forfeited upon termination of service. Forfeitures are used to reduce employer contributions and to pay administrative expenses. Forfeitures totaled $4,375 and $2,357, respectively for the years ended December 31, 2025 and 2024.

Payment of Benefits

Upon termination of service, if the participant's account balance exceeds $5,000, a participant may elect to receive his or her vested benefits paid as either a lump-sum amount equal to the value of his or her account or partial withdrawals. The payment will be made as soon as administratively feasible following termination of employment. Upon termination of service, if the participant's account balance does not exceed $5,000, a participant must receive his or her vested benefits paid as a lump-sum amount equal to the

value of his or her account, regardless of the consent to receive it. Hardship withdrawals may be made to purchase a residence, to assist in paying tuition, to prevent eviction or foreclosure, to make repairs to principal residences due to casualty losses, to pay for burial/funeral expenses, and to assist in paying expenses for hospitalization, doctor, or surgery not covered by insurance as allowed by the plan document and applicable federal regulations.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reporting amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

All investments of the Plan are participant directed. The Plan's investments are reported at fair value, except for the guaranteed interest account. The guaranteed interest account is a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, Plan custodian, and insurance company. See Note 3 for discussion of fair value and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Plan Benefits

Benefits are recorded when paid to participants.

Administrative Expenses

Costs of administering the Plan may be paid out of Plan assets unless paid by the Organization. Administrative expenses paid out of Plan assets for the years ended December 31, 2025 and 2024 were $35,212 and $28,707 respectively.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Investments and Fair Value Measurements

Authoritative guidance regarding Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value of hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Registered investment companies (Mutual Funds): *Valued at quoted market prices.*

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Total	Assets (Level 1)	(Level 2)	(Level 3)
Registered investment companies	$ 7,357,197	$ 7,357,197	$ -	$ -

	Assets at Fair Value as of December 31, 2024			
	Total	Assets (Level 1)	(Level 2)	(Level 3)
Registered investment companies	$ 5,761,713	$ 5,761,713	$ -	$ -

4. Investment Contract

The Plan's investments at contract value consist of a guaranteed interest account of Massachusetts Mutual Life Insurance Company (Mass Mutual). Effective on December 31, 2020, Empower Trust Company (Empower) acquired Mass Mutual's retirement business. Through this transaction, business written by Mass Mutual is reinsured by Empower Annuity Insurance Company of America (EAIC) and Great-West Life & Annuity Insurance Company (GWLA) for the years ended December 31, 2025 and 2024. Empower administers the business on Mass Mutual's behalf.

As of December 31, 2025 and 2024, the Plan held $97,603 and $170,527, respectively, in a guaranteed interest account, which is reported at contract value. The guaranteed interest account is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by EAIC and GWLA. The guaranteed interest account is provided through a group annuity contract issued by EAIC and GWLA. Under the contract, a crediting rate is established for a six-month period of time (a rate period), and all assets invested in the guaranteed interest account are credited with that rate. At the expiration of each rate period, a new crediting rate is declared.

The guaranteed interest account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets of the portion of the EAIC or GWLA general accounts that is used to determine the guaranteed interest account's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset at least annually and no more frequently than quarterly for some contracts. In general, guaranteed interest account crediting rates will typically show less volatility than current market rates. In a rising interest rate environment, credited rates will lag market rates because much of the contract's assets are backed by investments made in prior years with earnings that

reflect the lower rates that prevailed in those years. Over time, as new contributions are made and investments mature and are reinvested at current interest rates, rates could be expected to move toward market levels. Conversely, as market rates decrease, the guaranteed interest account crediting rates would also be expected to fall, but generally more slowly than market rates. At December 31, 2025 and 2024, the average yield earned by the Plan and average interest rate credited to participants was 1.85% and 1.95%, respectively.

Plan participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees.

Certain events may limit the Plan's ability to execute transactions at contract value. Such events include but may not be limited to a participant termination of employment due to: 1) removal of a group of participants from Plan coverage as a result of temporary absence; 2) change in position or other occurrence qualifying as a temporary break in service under the Plan; 3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under common control with the employer; or 4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale of discontinuance of all or any part of the Plan sponsor's business. Such events also include: 1) removal from the Plan of one or more groups or classifications of participants; 2) partial or complete Plan termination; or 3) Plan disqualification. The Plan Administrator does not believe that the occurrence of each of those events that would limit the ability of the Plan to transact at contract value with Plan participants is probable of occurring.

5. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan with cash or deferred arrangement (CODA). This plan document has been filed with the appropriate agency and has obtained an opinion letter dated June 30,

2020 from the Internal Revenue Service (IRS) stating that the Plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (Code) and that the related trust was tax-exempt. The Plan reflects plan amendments since 2020 and the Plan Administrator believes the Plan and the related trust are currently designed and being operated in compliance with the applicable requirements of the Code. The Plan annually files a Form 5500.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

The Plan invests in investment vehicles of the Plan's insurance contract issuer, Mass Mutual. Empower Trust Company provided recordkeeping and other administrative services to the Plan. As a result, these transactions qualify as party-in-interest transactions. All other transactions which may be considered party-in-interest transactions relate to normal Plan management and administrative services, and the related payment of fees. Party-in-interest transactions totaled $31,202 and $26,660, respectively for the years ended December 31, 2025 and 2024.

8. Information Certified by the Plan's Custodians

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the Plan's custodian, Empower Trust Company, and the Plan's insurance contract issuer, Massachusetts Mutual Life Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements. The custodian certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and the statements of changes in net assets available for benefits for the years ended December 31,

2025 and 2024 and the information reflected on the supplemental schedule as of December 31, 2025.
