Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Keymark-Kasson & Keller, Inc. 401K Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Keymark-Kasson & Keller, Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Keymark-Kasson & Keller, Inc. 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keymark-Kasson & Keller, Inc. 401K Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audits of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keymark-Kasson & Keller, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keymark-Kasson & Keller, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplementary Schedule Required by ERISA

The supplementary Schedule H, Line 4i - Schedule of Assets (Held At End Of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description Of Plan

The following description of the Keymark-Kasson & Keller, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted August 1, 1985 and is a defined contribution 401(k) plan established to provide retirement benefits for employees of Keymark Ventures, Inc. and Kasson & Keller, Inc. and participating affiliates (the Companies). Eligible employees become participants in the Plan following three months of eligible service and attainment of age 18, as defined in the Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 50% of eligible compensation as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain Internal Revenue Code limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies may make matching contributions equal to a discretionary percentage, of the participant's salary reductions, to be determined by the Companies. The Plan also includes a Safe Harbor Matching contribution equal to 100% of the Participant's Elective Deferrals not to exceed 4% of the Participant's Compensation.

Participants' accounts - Each participant's account is credited or charged, as applicable, with the participant's contribution, allocations of the Companies' contributions, if any, earnings (losses), payments, forfeitures, withdrawals, expenses, or other distributions made to or from such accounts during the period. Allocations are based on participant earnings or account balances in accordance with the terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions, rollover contributions, safe harbor contributions, and investment earnings thereon. A participant's vested interest in the Companies' discretionary contributions, if applicable, is defined by the Plan document and is based on the number of years of continuing service. A participant is 100% vested after six years of credited service.

Payment of benefits - On termination of service or separation of service, due to death, disability, or retirement, a participant or their beneficiary will be entitled to receive a distribution of their total vested account balance. Benefits will be paid in accordance with the terms of the Plan.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are made in accordance with the terms of the Plan.

Note 1: Description Of Plan (Continued)

Plan termination - Although they have not expressed any intention to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, each participant's account will become fully vested and be distributed in accordance with the Plan Agreement.

Forfeited accounts - At December 31, 2025 and 2024, the Plan had forfeitures from terminated, non-vested participant accounts of $306 and $295, respectively. These amounts can be used to offset Plan expenses or reduce employer contributions. During the years ended December 31, 2025 and 2024, forfeitures, which include earnings, were used to pay plan expenses and reduce employer contributions to the Plan in the amount of $-0- and $2,075, respectively.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2: Summary Of Significant Accounting Policies (Continued)

Dividend income is recorded when earned based on the ex-dividend date. Interest is recorded when earned on the accrual basis. Purchases and sales of securities are reflected on a trade date basis. Gains or losses on sales of securities are based on the actual cost of the securities sold. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan has adopted a prototype non-standard profit-sharing plan which has received an opinion letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits or changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits as of December 31, 2025 and 2024, the investment activities included in the statements of changes in net assets available for benefits for the years then ended and the accompanying notes to the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Reliance Trust Company, the Trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments and notes receivable from participants of $20,900,775 and $16,867,574 at December 31, 2025 and 2024, respectively, and related investment income of $2,523,929 and $1,803,369 for the years ended December 31, 2025 and 2024, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodology used for assets at fair value at December 31, 2025 and 2024:

Mutual Funds: Valued based on quoted market prices.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Fair Value Measurements At Reporting Date Using:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
December 31, 2025				
Mutual Funds	$ 20,348,500	$ -	$ -	$ 20,348,500
Total Investments	$ 20,348,500	$ -	$ -	$ 20,348,500

Total Investments	$ 16,340,112	$ -	$ -	$ 16,340,112

Net Income Per Schedule H Of Form 5500	$ 4,040,171

Note 6: Related Party Transaction

The Companies provide the Plan with certain accounting and administrative services for which no fees are charged.

Note 7: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2025, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through September 24, 2026, which is the date the financial statements were available to be issued.
