Keplr Vision 401(k) Plan
Bloomington, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Keplr Vision 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Keplr Vision 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keplr Vision 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keplr Vision 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keplr Vision 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keplr Vision 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan:

The following description of the Keplr Vision 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective January 1, 2020, the Plan is sponsored by Chestnut Optical Midco, Inc. (the "Plan Sponsor"). There are various participating employers in the Plan.

General

The Plan was established to provide retirement benefits for employees of the Company. Eligible employees become participants in the Plan following three months of service. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan contains an elective 401(k) deferred compensation component. Eligible participants may elect to contribute up to 90% of their eligible compensation, subject to limitations to the 401(k) component of the Plan. The Plan is subject to a non-elective, safe-harbor matching contribution of 4%. The Plan Sponsor's safe-harbor matching contributions for the plan year ended December 31, 2025 were $5,046,462.

Rollover contributions are permitted under the Plan and shall be accepted from participants and non-participants, regardless of whether they have satisfied the eligibility requirements set forth in the Plan. There were $690,944 of rollover contributions received by the Plan during the plan year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, and the earnings attributable to the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Participant Notes Receivable

Participants may borrow from their accounts according to the Plan document. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 1 – Description of Plan – Continued:

Vesting

Participants are immediately vested in their 401(k) and ROTH 401(k) contributions, which also include rollover contributions, and safe-harbor employer matching contributions, plus actual earnings thereon. That portion of the participants' account attributable to discretionary employer contributions is fully vested after completion of six years of service. Amounts forfeited by terminating participants of the Plan are to be used to reduce the Plan's ordinary and necessary administrative expenses for the Plan year. Any remaining forfeitures are then to be used to reduce Employer contribution obligations for such plan year.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited accounts totaled $-0- and $-0-, respectively. Amounts forfeited by terminating participants of the Plan will be used to reduce the Plan's ordinary and necessary administrative expenses and/or employer contributions.

Distributions to Participants

Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum or in installments. Distributions may be deferred until the later of the participant's actual retirement date or the attainment of age 65, if the value of the distribution is not less than $5,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 73, unless the participant is not a 5% owner of the Company and is still employed by the Company. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to their vested account balance.

Plan Amendments

During the plan year ended December 31, 2025, the Plan was amended to include the prior service of and include the employees of certain employers purchased and merged into the Plan Sponsor.

Note 2 – Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 – Summary of Accounting Policies – Continued:

Investment Valuation and Income Recognition
The Plan's investments are held in a trust. The custodian values all investments at fair value. Investments are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Assets Available for Benefits
Net assets available for benefits at both December 31, 2025 and 2024 included $-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Note 3 – Tax Status:

The Plan Document was restated on January 1, 2020 and obtained its latest determination letter during 2020 (prototype Plan Document), in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's Sponsor believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 – Investments:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total investments as shown in the accompanying statements of net assets available for benefits of $102,436,695 and $80,715,913 as of December 31, 2025 and 2024, respectively.
b. Total investment income (loss) as shown in the accompanying statement of changes in net assets available for benefits is $14,709,338 for the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

See independent auditor's report.

Note 5 – Common Collective Trust Fund:

The Plan has a fully benefit-responsive common collective trust fund ("stable value fund). The custodian maintains the contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The stable value fund is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2025 and 2024 was $1,594,940 and $1,559,798, respectively. The crediting interest rate is based on a formula agreed to with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The stable value fund does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

Note 6 – Fair Value Measurement:

The Plan has determined the fair value of certain assets and liabilities through application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

Mutual funds and money market mutual funds listed on a national market or exchange are valued at the last sales price, or if there is no sale and the market is still considered active at the last transaction price before year end.

Fair values of assets and liabilities measured on a recurring basis as of December 31, 2025 and 2024, are as follows:

		Fair Value Measurements at Reporting Date Using		
2025	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 100,841,755	$ 100,841,755	$	$ -

		Fair Value Measurements at Reporting Date Using		
2024	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 79,156,115	$ 79,156,115	$	$ -

Note 7 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 – Related Party Transactions and Party-In-Interest Transactions:

Certain Plan investments are shares of mutual funds managed by various fund companies. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor absorbs some of the administrative costs of the Plan.

Note 9 – Uncertain Tax Positions:

Accounting principles generally accepted in the United States of America require the Plan's management evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by applicable taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years prior to 2022 are closed.

Note 10 – Subsequent Events:

No events have occurred subsequent to December 31, 2025 which would require accrual or disclosure in these financial statements. This evaluation was made as of September 25, 2026, the date these financial statements were available to be issued.
