Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Direct Travel 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and November 30, 2025, and the related statement of changes in net assets available for benefits for the period from December 1, 2025 to December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and November 30, 2025, and for the period from December 1, 2025 to December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Direct Travel 401(k) Plan (the "Plan"), effective December 1, 1997 and subsequently amended and restated July 28, 2022, provides only general information. Participants and all others should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Direct Travel, Inc. (the "Company") who are age 18 years or older and who have completed one consecutive month of employment, excluding union and leased employees. The entry date for eligible participants is on the first day of the month following or coinciding with obtaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In September 2025, the Plan was amended to change the fiscal year end from November 30th to December 31st. The change was effective December 1, 2025.

Trustee and Administration of the Plan

The trustee of the Plan is ADP Retirement Trust Services, LLC (the "Trustee"). The administrator of the Plan is the Company. The Trustee holds the assets of the Plan in accordance with the service provider contract with the Company. The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company are considered eligible for participation, except for union employees and leased employees. Employees must be 18 years of age and complete one month of service to participate in the Plan. An eligible employee can enter the Plan the first day of the month following the date requirements are met.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Elective contributions may be designated as pre-tax or after-tax Roth 401(k) contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the Internal Revenue Service (IRS).

Newly eligible employees who do not affirmatively elect to have a specific deferral percentage contributed or opt out of deferring into the Plan will automatically have 3 percent of their annual eligible compensation deferred into the Plan. Employee contributions to the Plan are made through regular payroll deductions.

The Company may elect to make discretionary matching contributions on behalf of employees based on a defined percentage of the employees' eligible compensation, as determined by the Board of Directors. The Company has the right to designate all or a portion of the matching contributions as qualified. Matching contributions are funded each pay period. To the extent discretionary matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59 ½. The Company made discretionary matching contributions equal to 50.0 percent of the first 5.0 percent of each participant's eligible compensation up to a maximum of 2.5 percent of the participant's eligible compensation during the period ended December 31, 2025. The discretionary matching contributions were $235,974, net of forfeitures applied of $2,176, for the period ended December 31, 2025.

Note 1. Plan Description (continued)

Contributions

The Company may also elect to make discretionary profit-sharing contributions on behalf of the employees for a Plan year. There were no profit-sharing contributions made during the period ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with plan losses and an allocation of the administrative expenses. Allocations are based on the participants' compensation of account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balance into various investment options offered by the Plan.

Benefit Payments

On termination of service due to death, disability, or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the Plan document. The Plan administrator must approve any such hardship withdrawals.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

The employer's discretionary matching and profit-sharing contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	- %
1	25
2	50
3	75
4	100

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures can be used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2025 and November 30, 2025, forfeited account balances totaled $85,376 and $83,551 respectively.

Note 1. Plan Description (continued)

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. Participants may have a maximum of two loans outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with prevailing rates ranging from 4.25 percent to 10.50 percent, as determined monthly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions and mature at various dates through April 2038. Loans in the amount of $5,440 were deemed a distribution during the period ended December 31, 2025.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP.)

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The money market fund is valued at fair value based on quoted market prices. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the period (or date purchased if during the period) and selling price (if sold during the period) or period-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on an accrual basis. Dividends are recognized on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Various administrative costs are paid by the Company. In addition, fees related to the processing of certain participant-directed transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net realized and unrealized gains on investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 3. Information Certified by ADP Retirement Trust Services, LLC

The Plan administrator has elected the method of annual reporting permitted by ERISA and accordingly, ADP Retirement Trust Services, LLC, a qualified institution, has certified that the following investment and participant notes receivable information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and November 30, 2025,
- Investment income and interest from participant notes receivable as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from December 1, 2025 to December 31, 2025.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting standards, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's rules and regulations for reporting and disclosure under ERISA.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4. Fair Value Measurements (continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and November 30, 2025:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2025

Money market fund	7,342,353	7,342,353		
Total	$ 132,511,344	$ 132,511,344	$ -	$ -

Note 5. Tax Status

The Plan is a pre-approved plan. The pre-approved plan has most recently received a favorable opinion letter dated October 6, 2020 from the IRS indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

The Plan is required to operate in conformity with the Internal Revenue Service Code (the Code) to maintain its tax qualification. The Plan has been amended since receiving the most recent determination letter; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. As such, the Plan administrator believes the Plan continues to be qualified for federal income tax-exempt status.

Generally accepted accounting standards require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Exempt Party-in-Interest and Related Party Transactions

ADP Retirement Services is the Plan's recordkeeper and, accordingly transactions with ADP Retirement Services qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. For the period ended December 31, 2025, no fees were paid to ADP Retirement Services.

Wells Fargo Advisors has an agreement with the Plan to provide investment-consulting services and accordingly transactions with Wells Fargo Advisors qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. During the period ended December 31, 2025, no advisory fees were paid to Wells Fargo Advisors.

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 7. Subsequent Events

The financial statements and related disclosures include the evaluation of events up through and including September 15, 2026, which is the date the financial statements were available to be issued.

In January 2026, the Global Transportation Group, LLC 401(k) Plan was merged with the Plan. Accordingly, aggregate assets of approximately $5.8 million were transferred into the Plan.

In July 2026, the Journey House Travel Service, Inc. 401(k) Profit Sharing Plan was merged with the Plan. Accordingly, aggregate assets of approximately $0.8 million were transferred into the Plan.
