Independent Auditors' Report

The Participants and Plan Administrator
Bradford White Corporation Medical Benefits Plan
Ambler, Pennsylvania

Opinion

We have audited the financial statements of Bradford White Corporation Medical Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and plan benefit obligations for the years ended December 31, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

(1) Description of Plan

The following summary of the Bradford White Corporation Medical Benefits Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is a self-insured reimbursement welfare benefit plan that provides health, dental, and prescription drug benefits for eligible employees. All contributions to the Plan are made by Bradford White Corporation (the Company). Employee groups covered under the Plan are salaried and union hourly employees of the Company and certain retirees. Eligible salaried employees may become participants upon 30 consecutive days of full-time employment. Eligible hourly employees may become participants upon 90 days of active employment within a six-month period. Participants may become eligible for retiree benefits upon retirement from active employment if they were members of United Automobile, Aerospace and Agricultural Implement Workers of America Local 1002 (U.A.W.) and eligible for pension benefits provided by the Company. Some retirees are required to contribute to the Plan to continue their eligibility. Covered medical, dental, and prescription drug expenses incurred on or after the date of participation in the Plan are subject to reimbursement.

Dependents of participants may receive benefits under the Plan if they are enrolled by the participant. Coverage of a dependent may be delayed if the dependent is not enrolled within 31 days of the later of the date of the employee's eligibility for participation or the date the person attains dependent status as defined in the Plan. Benefits of participants and their dependents generally cease if the participants' employment is terminated. Extended coverage is provided to a participant on leave of absence under the Family and Medical Leave Act and to former employees and former dependents to the extent required by the Consolidated Omnibus Reconciliation Act of 1985, as amended.

The medical and dental expenses are subject to deductibles, percentage limits on amounts that will be covered, restrictions on the number of visits to the physician or dentist for certain types of medical and dental expense, annual dollar limits on certain expenses, lifetime caps, and other restrictions as defined in the Plan. The Plan also has an annual catastrophic limit for medical expenses that caps the "out-of-pocket expenses" of the participant and any enrolled dependents for covered medical expenses. There are separate per-person and per-family limits.

The Plan has a stop loss insurance arrangement in an effort to limit its exposure for medical and prescription drug claims for individual participant claims over $600,000.

As part of the contracts in place since 2007, U.A.W. employees hired on or after March 26, 2007 are not eligible to receive retiree medical insurance.

(1) Description of Plan, Continued

The Company is the named fiduciary for plan administration.

Plan Costs and Expenses

All costs and expenses associated with the administration of the Plan are paid by the Company.

Funding Policy

The Plan is funded through payments made by the Company from its general assets.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Claim payments are recorded when paid by the third-party claims processor.

Claims Incurred But Not Reported

The total claims incurred but not reported (IBNR) for the Plan at year end are estimated by the Company based upon historical trend data provided by Administration Systems Research Corporation and Independence Administrators.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, IBNR, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

Postretirement Benefits

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributable to employee service rendered to December 31. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Company and from existing plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, the valuation for December 31, 2025 and 2024 was principally determined using an assumed discount rate of 5.23% and 5.50%, respectively. For December 31, 2025 and 2024, an annual rate of increase for covered health care benefits related to Pre-65/Post-65 participants, 8.50%/10.70% and 8.10%/9.40%, respectively, was assumed, gradually decreasing to 4.50% by the year 2035, and remaining at that level thereafter. Additionally, the Plan caps future individual premium payments.

The health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the health care trend rates were increased 1% in each year, then at December 31, 2025 and 2024, the postretirement benefit obligation would increase by approximately $5.23 million and $4.80 million, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the benefit obligations.

Stop Loss

Premiums for stop loss insurance are paid by the Company. Stop loss refunds totaling $0 and $570,774 for 2025 and 2024, respectively, are netted with claims paid in the accompanying statements of changes in net assets available for benefits.

Continued…

(2) Summary of Significant Accounting Policies, Continued

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued.

(3) Tax Status

The trust established under the Plan to hold the Plan's assets is a Voluntary Employee Beneficiary Association under Section 501(c)(9) of the Internal Revenue Code (IRC), and accordingly, the trust's net investment income is exempt from income taxes. Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements of the IRC. No federal or state income taxes have been recorded in 2025 and 2024 for unrelated business taxable income.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, claims are to be paid in the order submitted by participants.

(5) Risk and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

(6) Medicare Part D

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 715, *Compensation – Retirement Benefits*, allows the recognition of a Federal subsidy to sponsors of postretirement health care benefit plans that provide a prescription drug benefit that is at least actuarially equivalent to Medicare Part D.

The Plan's actuaries have determined that the Plan provides a benefit that is at least actuarially equivalent to Medicare Part D. As a result, the Company is entitled to and has received the subsidy.

According to FASB ASC 715, the subsidy will neither impact the Plan's actuarially calculated accumulated postretirement benefit obligation nor the changes in the benefit obligation as the Plan itself is not directly entitled to the subsidy.
