Independent Auditor's Report

The Retirement Plan Committee and Plan Administrator of the
Trinidad Benham Corp. Qualified Employee Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Trinidad Benham Corp. Qualified Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audits opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025 and 2024

1. **Summary of Significant Plan Provisions**

The following description of the Trinidad Benham Corp. Qualified Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

a. **General** – The Plan is a defined contribution plan for the benefit of employees of Trinidad/Benham Corp. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. **Eligibility** – All employees, except union, nonresident alien, consulting employees covered under a written consulting agreement, and leased employees, are eligible to participate in the Plan with no waiting period. Entry dates are the first day of each calendar month.

c. **Contributions** – Participants may contribute to the Plan through payroll deductions and eligible rollover contributions. New employees are automatically enrolled in the Plan and set to contribute 2% of eligible compensation unless the eligible employee affirmatively elects otherwise. The deferral percentage will automatically increase by 1% every year to a maximum of 4%. Participants can contribute from 1% to 60% of their eligible compensation. The Plan allows participants who are eligible to make deferrals and who have attained age 50 before the close of any given Plan year to make catch-up contributions. The Employer matches contributions in an amount equal to 50% of a participant's contribution up to a maximum of 4% of their eligible compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

d. **Participant accounts** – Each participant's account is credited with the participant's and Employer contributions and allocations of Plan earning/losses, and is charged with applicable withdrawals and an allocation of administrative expenses. Allocations are based on participant's earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. **Vesting** – At all times, each participant has fully vested rights in their own contributions, plus earnings/losses thereon. A participant shall be fully vested in contributions made by the Employer, plus earnings/losses thereon, when the participant attains retirement age, becomes disabled or upon death. If a participant terminates employment other than because of retirement, disability, or death, they are entitled to the vested portion of their account balance. The Plan's vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

f. **Investment options** – The investment of all contributions made to the Plan is directed by the participants. Participants may change their investment selections at any time.

Notes to Financial Statements

December 31, 2025 and 2024

1. **Summary of Significant Plan Provisions (cont.)**

   g. **Forfeitures** – Forfeitures arise from the portion of the participant's account to which they are not entitled upon termination. Forfeitures are used to offset the Employer's matching contributions or to pay administrative expenses of the Plan. All forfeitures available at year-end are utilized to reduce the Employer's matching contribution. The Employer's matching contributions for the years ended December 31, 2025 and 2024 were reduced by forfeitures of $32,392 and $35,598, respectively. Forfeitures of $1,580 were utilized to pay administrative expenses for the year ended December 31, 2025.

   h. **Notes receivable from participants** – Participants may borrow from their Plan accounts in amounts ranging from $1,000 to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years, or up to ten years if for the purchase of a primary residence. The notes are secured by the participant's account. Notes bear interest at a rate based on the prevailing market interest rates. Principal and interest are paid through payroll deductions.

   i. **Payment of benefits** – Participants or their beneficiaries, as applicable, are entitled to receive a distribution of their account balance when they retire at age 65 or later, if they become permanently disabled, upon death, or upon separation from service with the Employer. Participants may elect upon termination of employment to defer payment of their account balance if it exceeds $7,000. If a participant's account balance is equal to or less than $1,000, the account will be automatically distributed in the form of a lump sum payment. Any distribution greater than $1,000 that is made to a participant without the participant's consent and before the participant's normal retirement age will be rolled over to an individual retirement account designated by the Plan administrator. The Plan also allows for in-service withdrawals for participants meeting certain age or hardship requirements.

   j. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. **Summary of Significant Accounting Policies**

   a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

   b. **Estimates** – The preparation of financial statements in conformity GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

   c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Notes to Financial Statements

December 31, 2025 and 2024

2. **Summary of Significant Accounting Policies (cont.)**

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents.

e. **Payment of benefits** – Benefits are recorded when paid.

f. **Administrative expenses** – Certain administrative expenses of the Plan were voluntarily paid by the Employer and are not included in the Plan's financial statements. Fees related to loans are charged directly to the participant's account. Other administrative expenses are allocated to participants' accounts.

3. **Investments**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

a. Investments at fair value as shown on the accompanying statement of net assets available for benefits of $45,308,524 and $37,133,962 as of December 31, 2025 and 2024, respectively.

b. Interest and dividends as shown on the accompanying statement of changes in net assets available for benefits of $1,517,433 (excluding $74,247 in interest from notes receivable from participants) for the year ended December 31, 2025.

c. Net change in fair value of investments as shown on the accompanying statement of changes in net assets available for benefits of $5,045,695 for the year ended December 31, 2025.

d. All investment transactions that occurred during the year ended December 31, 2025.

e. All information included in the supplemental schedules, excluding participant loans.

The Plan provides for investment in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024:

Money market fund: This investment is valued at the fair value of the underlying investments, which are valued based on quoted market prices on the last business day of the Plan year. The underlying investments' objective is to achieve a $1 per share value.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

Common collective trust fund: This investment is stated at fair value based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value.

4. **Fair Value Measurements (cont.)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual funds	$ 42,466,117	$ -	$ -	$ 42,466,117
Money market fund	1,000,663	-	-	1,000,663
Total assets in the fair value hierarchy	$ 43,466,780	$ -	$ -	43,466,780
Investments measured at NAV*				1,841,744
Investments at fair value				$ 45,308,524
December 31, 2024				
Mutual funds	$ 34,834,819	$ -	$ -	$ 34,834,819
Money market fund	473,346	-	-	473,346
Total assets in the fair value hierarchy	$ 35,308,165	$ -	$ -	35,308,165
Investments measured at NAV*				1,825,797
Investments at fair value				$ 37,133,962

*Certain investments that are measured at NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitments	Frequency	Notice Period
Common collective trust fund	$ 1,841,744	$ 1,825,797	N/A	Daily	None

Notes to Financial Statements

December 31, 2025 and 2024

5. **Tax Status**

The Plan is utilizing a non-standardized pre-approved profit sharing plan document (the "Plan Document"), which received an opinion letter dated June 30, 2020, in which the IRS stated the Plan Document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). As allowed by the IRS, the Plan is relying on the opinion letter of the Plan Document for its own qualification. Although the Plan Document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. **Parties-in-Interest Transactions**

Fidelity is the trustee and third-party administrator of the Plan. The Plan pays Fidelity for its services. Inasmuch as Fidelity serves as trustee and third-party administrator of the Plan's assets, Fidelity is by definition a party-in-interest and, as a result, all investments and investment transactions with Fidelity Investments were with a party-in-interest. Frost, PLLC ("Frost") serves as auditor of the Plan. The Plan pays Frost for its services. Inasmuch as Frost serves as auditor of the Plan, Frost is by definition a party-in-interest. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

7. **Delinquent Participant Contributions**

The Plan sponsor determined that during the 2024 Plan year, certain participant contributions and loan repayments were not remitted within the required time frame specified by the DOL's regulations, which have been reported on the accompanying Schedule H, line 4a – Schedule of Delinquent Participant Contributions in the amount of $89,481. The Plan sponsor funded lost earnings to the Plan and made corrections outside of the Voluntary Fiduciary Correction Program.

8. **Subsequent Events Evaluation Date**

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2025 financial statement date and determined there were no significant events necessary for disclosure through September 22, 2026, which is the financial statement issuance date.

Communication With Those Charged With Governance

To the Retirement Plan Committee and Plan Administrator of the
Trinidad Benham Corp. Qualified Employee Savings Plan
Denver, Colorado

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of the Trinidad Benham Corp. Qualified Employee Savings Plan (the "Plan") as of and for the year ended December 31, 2025, and have issued our report thereon dated September 22, 2026. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated February 16, 2026, our responsibility, as described by professional standards, is to conduct our audit in accordance with the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. The most sensitive accounting estimate affecting the financial statements is management's estimate of the fair value of the common collective trust fund. This investment is stated at fair value based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value. Because we performed an ERISA Section 103(a)(3)(C) audit, we did not review any factors or assumptions used to develop the estimate of the value of this investment. As summarized in Note 3 to the financial statements, we did not perform any auditing procedures related to investments.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to:

- Note 3 – Investments
- Note 4 – Fair Value Measurements
- Note 6 – Parties-in-Interest Transactions
- Note 7 – Delinquent Participant Contributions

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of the Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered During the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances, or disclosures, and the financial statements as a whole. There were no such uncorrected misstatements noted during our audit.

Other Matters

The ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

* * * * * *

This report is intended solely for the information and use of the Retirement Plan Committee, Plan administrator, and management of the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

We would like to thank all of the personnel of Trinidad/Benham Corp. for their assistance during the audit. We appreciate the opportunity to present these comments and are available to discuss these matters further at your convenience.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated February 16, 2026, for the preparation and fair presentation of the financial statements (and disclosures) in accordance with GAAP.

2. The financial statements referred to above are fairly presented in conformity with GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedules referred to above are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

3. We acknowledge our responsibility for administering the Plan and determining the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

4. We acknowledge our responsibility for the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements, notes, and supplemental schedules that are free from material misstatement, whether due to fraud or error.

5. We acknowledge our responsibility for the design, implementation, and maintenance of the system of internal control to prevent and detect fraud.

6. The methods, data, and significant assumptions used by us in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement, or disclosure that is reasonable in the context of the applicable financial reporting framework. The methods and significant assumptions used to estimate fair values are properly disclosed in Note 4. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

7. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in ASC 820.

8. All related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of GAAP.

9. Transactions with parties-in-interest, as defined in Section 3(14) of ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, related parties have been appropriately disclosed.

Information Provided

22. We have provided you with:

    a. Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements and supplemental schedules, such as financial records and related data, plan instruments, trust agreements, insurance contracts, as applicable, or investments contracts, as applicable, and amendments to such documents entered into during the year.

    b. The most current Plan instruments for the audit period, including all amendments as listed below:
