INDEPENDENT AUDITORS' REPORT

Board of Trustees
Century, LLC Profit Sharing/
401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Century, LLC Profit Sharing/401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Fidelity Management Trust Company, a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT, CONTINUED

Auditors' Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF THE PLAN

The following description of the Century LLC Profit Sharing/401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Fidelity Management Trust Company ("Fidelity") is the active trustee of the Plan.

General

The Plan is a profit sharing plan with a 401(k) feature covering all employees of Century, LLC and certain affiliated companies (collectively, the "Company"). Employees who have completed 3 months of service are eligible to participate in the employee deferral and employer matching contributions. Employees must complete 1 year of service in order to participate in nonelective employer contributions. Eligible employees enter the Plan on the first day of each month. The Plan is designed to comply with Section 401(a) and the regulations thereunder of the Internal Revenue Code of 1986 (the "Code") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by a committee of five individuals appointed by the Company.

Contributions/Investment Options

Eligible employees may make voluntary contributions through payroll deductions in any amount on a tax deferred basis pursuant to the Code. The employee contributions are matched by the Company in an amount determined by the Company for each plan year (50% of the first 5% of employee contributions in 2025). Upon enrollment in the Plan, participants may direct their contributions and the Company's contributions among the various investment options offered through the Plan's trustee or through self-directed brokerage accounts. Participants may change their options at any time.

The Company may contribute discretionary amounts, which are allocated to eligible employees regardless of whether the employee elects to make 401(k) contributions.

Each participant's account is credited with the participant's 401(k) contribution and the allocation of (1) Company contributions, (2) plan earnings, and (3) forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' account balances, except for the discretionary Company contributions, which are based on eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Notes Receivable From Participants

Participants may borrow against their plan account a minimum of $1,000 or up to a maximum of $50,000 or 50% of their vested balance, whichever was less. The loans bear interest at a fixed rate determined by the trustee, based on current fixed interest rates for commercial loans (range of 5.25% to 10.50% at both December 31, 2025 and 2024). The loans are payable no less frequently than quarterly and are secured by the balance in the participant's account. Principal and interest are paid through payroll deduction and credited to the participant's account. Upon termination, retirement, or death, any outstanding loan balance is converted to a hardship withdrawal.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of credited service. A participant is 100% vested after 6 years of credited service in the nonelective employer contribution account and 5 years of credited service in the employer matching account.

Distributions to Participants

Upon termination of service, a participant may elect to receive a lump-sum distribution of his or her vested account balance after the end of the accounting period in which the termination occurs or may defer distribution until a later date. As of December 31, 2025 and 2024, no undistributed participant balances existed for participants who requested such distributions prior to the respective year ends.

Hardship distributions may be made to participants under certain conditions.

Forfeitures

Company contributions and earnings thereon which become forfeited as a result of any benefit payment or withdrawal provisions of the Plan shall be used to reduce Company contributions for the year following the plan year in which the forfeitures occur. As of December 31, 2025 and 2024, unallocated forfeitures approximated $2,000 and $13,000, respectively. In 2025, $16,400 of forfeited amounts were used to reduce Company contributions.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. All unallocated assets of the Plan will be allocated to participant accounts and distributed in a manner as allowed under the Plan.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Administration of Plan Assets

The Plan's trustee invests the contributions received, as well as interest and dividend income, and makes distributions to participants.

Operating Expenses

Certain expenses of the Plan are paid by the Company. Fees are assessed on participant-directed transactions within the Plan and are charged to the participant's account. Other fees related to record keeping are allocated to participants' accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments

Investments in registered investment companies are carried at fair value, determined using year-end quoted market prices in active markets. The fair value of the common/collective trust is based on the net asset value (NAV) per unit as a practical expedient. The NAV is based upon the value of the underlying assets owned, minus its liabilities, and then divided by the number of units outstanding. Investments in self-directed brokerage accounts consist of investments in common stocks, registered investment companies, and interest-bearing cash accounts, which are carried at fair value. The fair values of common stock and registered investment companies are determined using year-end quoted market prices in active markets. The fair values of interest-bearing cash accounts are based on carrying values due to the short-term nature of the accounts.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan agreement.

Income Recognition

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Distributions to Participants

Distributions are recorded when paid.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through August 18, 2026, the date which the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustments to or disclosure in the financial statements.

(3) COMMON/COLLECTIVE TRUST

The common/collective trust consists of an investment in the Putnam Stable Value Fund (PSVF). The fair value of the PSVF is based on the NAV per unit as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The NAV is based upon the underlying assets owned, minus its liabilities, and then divided by the number of units outstanding. The PSVF's primary investment objective is to preserve principal and achieve income through a diversified portfolio of high-quality investment contracts. The PSVF invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The PSVF also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The PSVF invests at least 5% of its assets in high-quality money market instruments, cash, cash equivalents, and stable value funds with investment policies and other provisions similar to those of the PSVF, and may invest without limit in these investments. The PSVF is expected to have a constant contract value of $1 per unit, although there is no assurance that it will remain constant at $1 per unit.

(3) COMMON/COLLECTIVE TRUST, CONTINUED

Participants may ordinarily direct an in-service withdrawal or a withdrawal of their investment at contract value on any business day. Withdrawals made in order to accommodate a participant-directed exchange to another investment option within the Plan may be made on any business day, provided that the exchange is not directed into a competing fund. Withdrawals for events other than normal benefit payments or plan-permitted investment option transfers are subject to a market value adjustment or to a contract charge or penalty. Withdrawals directed by the Company must be preceded by 12 months' written notice to management of the PSVF. At December 31, 2025, the Plan had no unfunded commitments to the PSVF.

(4) FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. Fair values may not represent actual values of assets and liabilities that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Accounting Standards Codification Topic 820, "Fair Value Measurement" (ASC 820) establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The Plan uses appropriate valuation methods based on the available inputs to measure the fair value of its assets and liabilities.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

The fair values of registered investment companies are based on year-end quoted market prices in active markets.

Self-Directed Brokerage Accounts

Investments in self-directed brokerage accounts consist of investments in common stock, registered investment companies, and interest-bearing cash accounts, which are carried at fair value. The fair values of common stock and registered investment companies are determined using year-end quoted market prices in active markets. The fair values of interest-bearing cash accounts are based on carrying values due to the short-term nature of the accounts.

Common/Collective Trust

The fair value of the common/collective trust is based on the NAV per unit as a practical expedient. The NAV is based upon the value of the underlying assets owned, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The fair values of financial instruments (assets) measured on a recurring basis at December 31 were as follows:

		Fair Value Measurements at Reporting Date Using		
	Assets Measured at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

(5) TAX STATUS

The Plan is a pre-approved plan offered by Fidelity, the trustee of the Plan. The Internal Revenue Service has determined and informed the trustee by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the trustee of the Plan believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the trustee of the Plan believes that the Plan was qualified and the related trust was tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

(6) INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as certified by the trustee.

- Investments as shown in the statements of net assets available for plan benefits as of December 31, 2025 and 2024.

- Investment activity (net appreciation) in fair value of investments, interest, and dividends as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2025.

- Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain of the Plan's investments are managed by the Plan's trustee and qualify as party-in-interest transactions. The fees paid to the investment groups in 2025 were recorded as a reduction in net appreciation in fair value of investments and as fees.
