Independent Auditor's Report

To the Plan Administrator
C Squared Systems, LLC 401K Plan
Auburn, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of C Squared Systems, LLC 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of C Squared Systems, LLC 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of C Squared Systems, LLC 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Financial Statements

The financial statements of C Squared Systems, LLC 401K Plan as of December 31, 2024 were audited by Anstiss & Co., P.C., who merged with Grassi & Co., CPAs, P.C. as of January 1, 2025, and whose report dated October 10, 2025, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C Squared Systems, LLC 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C Squared Systems, LLC 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C Squared Systems, LLC 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

C Squared Systems, LLC 401K Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of the Plan

The following description of C Squared Systems, LLC 401K Plan ("the Plan") provides only general information. Participants should refer to the "Summary Plan Description" and the Plan document for a more complete description of the Plan's provisions. Copies are available from the Plan Administrator.

General and Amendments

The Plan is a defined contribution plan covering all eligible employees of C Squared Systems, LLC 401K Plan ("the Company" or "Plan Sponsor"). The Plan was established on November 1, 2003, restated effective on September 1, 2015, amended on January 1, 2019, to allow Roth deferral and rollovers in the Plan, as well as add auto enrollment for new participants at a rate of 4%. The Plan was further amended on May 3, 2022 to change the Plan definition of wages to amounts defined under IRS Code 3401(a) and increase auto enrollment deferral percentage to 6%. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor has appointed investment custodian, John Hancock Life Insurance Company to hold the Plan's assets and execute transactions for the years ended December 31, 2025 and 2024.

Eligibility

Employees become eligible to participate in the Plan upon the first day of the month after reaching the age of twenty-one and work at least one month.

Contributions

The Plan provides for employee pre-tax contributions. Participants may contribute up to 100% of their pre-tax eligible W-2 compensation, which includes pre-tax elective deferral contributions. Pre-tax contributions are subject to limitations under federal law of $23,500 and $23,000 for the Plan years ending December 31, 2025 and 2024, respectively. In 2019, the Plan adopted the automatic deferral feature for participants who do not opt out or decide on amounts to defer. The Plan also accepts certain eligible rollover contributions from other qualified plans.

The Plan permits participants who will attain age 50 or older by the end of the calendar year and who are making deferral contributions to make catch-up contributions of $7,500 for the Plan years ended December 31, 2025 and 2024. In addition, pursuant to provisions of SECURE 2.0, participants who attain ages 60 through 63 during the calendar year are eligible to make enhanced "super catch-up" contributions beginning in 2025, subject to higher IRS-prescribed limits.

For the years ended December 31, 2025 and 2024, employer matching contributions were 33% of the first 6% of the participants eligible compensation that was contributed. The Company can also make discretionary profit-sharing contributions. For the years ended December 31, 2025 and 2024, no profit sharing contributions were made.

Note 1 – Description of the Plan (continued)

Vesting
Participants are immediately 100% vested in their deferral contributions plus actual earnings thereon. Employer contributions and earnings are vested based on years of service. A year of service is defined as one calendar year with at least 1,000 hours of service. For discretionary employer matching and profit-sharing contributions, employees will become 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service. A participant will be fully vested upon an occurrence of death or disability or if the participant's date of hire is after normal retirement age.

Participant Accounts
Each participant's account is credited with Company contributions and participant contributions and allocations of Plan earnings and losses, which are charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their Plan accounts in amounts attributable to the participant's vested balance. A participant may borrow a maximum of 50% of their vested account balance up to $50,000. The minimum loan is $1,000 and only one loan can be outstanding at any time. The loan balance is secured by the participant's account and the interest rate is fixed at the inception of the loan in an amount equal to prime interest plus 1%. Current loans outstanding bear interest rates of 4.25% to 9.50% per annum, and mature on various dates through July 2039.

Plan Investments
The Plan's investments were held on a custodial basis by the Plan trustee, John Hancock Life Insurance in various pooled separate accounts and a common collective trust. Participants had the option to allocate their individual accounts among various investment alternatives and to make transfers throughout the years ended December 31, 2025 and 2024, as specified under the Plan document.

Benefits and Withdrawals
If a participant's vested benefit is $5,000 or less at the date of termination, the entire vested amount will be paid out as a lump-sum payable. On termination of services due to death, retirement at age 59½, or disability, the participants or their beneficiaries may elect distribution in an amount equal to the value of his or her vested account in a lump sum distribution. In-service withdrawals are only allowed when the participant reaches the age of 59½. Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Note 1 – Description of the Plan (continued)

Forfeitures

If a participant terminates employment, any unvested portion of his or her account is forfeited to the Plan. Such forfeitures will be applied to reduce the out-of-pocket contributions of the Plan Sponsor or pay Plan administrative expenses. The following is a summary of forfeiture activity.

	2025	2024
Forfeitures available at beginning of year	$ 339	$ 261
Current forfeitures	44,867	15,731
Forfeitures used for contributions	(42,865)	(15,653)
Forfeitures available at end of year	$ 2,341	$ 339

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value based on quoted redemption values on the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value policy below for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as investments held as of December 31, 2025.

Note 2 – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

FASB ASC 820-10, "*Fair Value Measurements,*" applies to reported balances that are required or permitted to be measured at fair value under an existing accounting pronouncement. ASC 820-10 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2025 and 2024.

Pooled separate accounts: Valued at the net asset value (NAV) of the underlying assets (mutual funds) that are traded on active markets, held in pooled separate accounts by the Plan.

Note 2 – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)
Common collective trust: Valued at NAV of units, as provided by the trustee and used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The portfolio attempts to obtain prices from one or more third party pricing vendors or brokers to value its investments and when current market prices or quotations are not readily available or reliable, securities will be valued in good faith. Factors used in determining value vary by security type and may include market or security specific events, changes in interest rates and credit quality.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant ceases to make repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions
Contributions from the Plan Sponsor accrued as of December 31, 2025 and 2024 are based upon the contribution formula. Participants' contributions are recorded in the period in which their payroll deductions are withheld.

Benefits Paid Directly to Participants
Benefits payments are recorded when paid.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Plan Sponsor and are excluded from these financial statements. All participant related administrative expenses and fees for maintenance of individual loans and distributions are deducted from the participants' respective accounts. Investment-related expenses are included in either net appreciation of fair value of investments or administrative fees. The fees paid by the Plan for the year ended December 31, 2025, were $88,083.

Note 3 – Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, in addition to the information contained in Note 4 – Fair Value of Investments and in the Supplemental Schedule – Schedule of Assets Held at End of Year, the custodian, John Hancock Life Insurance Company (John Hancock), certified that the following data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2025 and 2024 are complete and accurate.

	2025	2024
Investments at fair value	$12,809,422	$10,831,763
Notes receivable from participants	75,859	143,447
Investment income	1,979,642	
Interest on notes receivable from participants	9,994	
Administrative expenses	88,083	

The Plan's independent auditors did not perform auditing procedures with respect to this information other than comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value of Investments

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2025 and 2024.

December 31, 2025	Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Common collective trust*	$ 83,419	$ -	$ -	$ -
Pooled separate accounts*	12,726,003	-	-	-
Total	$ 12,809,422	$ -	$ -	$ -

Note 4 – Fair Value of Investments (continued)

December 31, 2024	Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Common collective trust*	$ 132,488	$ -	$ -	$ -
Pooled separate accounts*	10,699,275	-	-	-
Total	$ 10,831,763	$ -	$ -	$ -

* In accordance with ASC 820-10 (see Note 2), certain investments that were measured fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

Note 5 – Exempt Party-in-Interest Transactions

Certain Plan investments as of December 31, 2025 and 2024 include shares of funds managed by John Hancock Life Insurance Company, the custodian of investments held, as defined by the Plan, and, therefore, transactions executed by the custodian qualify as party-in-interest transactions. Fees are also paid by the Plan and its sponsor for investment management fees and services.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Note 7 – Excess Distribution Payable

At December 31, 2025, the Plan recorded an excess distribution payable of $9,046 related to corrective distributions required as a result of Actual Deferral Percentage ("ADP") testing. The amount represents excess elective deferrals and related earnings that were required to be distributed to certain participants to satisfy the Plan's nondiscrimination requirements. The corrective distributions were processed subsequent to year-end. No excess distribution payable was recorded at December 31, 2024.

Note 8 – Tax Status

The Company adopted a non-standardized profit sharing/401K plan through Downeast Pension Services Inc., utilizing a pre-approved plan document sponsored by EPIC Advisors, Inc.. The Plan has obtained an opinion letter, issued to EPIC Advisors, Inc. from the IRS dated June 30, 2020, stating that the Plan document is acceptable under section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as SECURE 2.0. These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on increasing retirement plan participation and enhancing retirement savings opportunities. The provisions have various effective dates beginning in 2023 and continuing thereafter. Since SECURE 2.0 includes both required and optional provisions, the Plan Administrator evaluates and adopts provisions as deemed appropriate. During the year ended December 31, 2025, the Plan implemented the enhanced catch-up contribution limits for eligible participants ages 60 through 63. Management continues to evaluate the impact of other applicable SECURE 2.0 provisions on the Plan.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 10 – Subsequent Events

FASB ASC 855-10, *"Subsequent Events,"* defines further disclosure requirements for events that occur after the balance sheet date but before financial statements are issued. In accordance with ASC 855-10, the Plan's Sponsor has evaluated events subsequent to December 31, 2025 through September 16, 2026, which is the issuance date of this report.

There has been no material event noted during this period that would either impact the results reflected in this report or the Plan's results going forward.
