INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees
Raulli and Sons, Inc. The Employees' Profit
Sharing & Retirement Plan
Syracuse, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Raulli & Sons, Inc. The Employees' Profit Sharing & Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedules H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

RAULLI AND SONS, INC. THE EMPLOYEES' PROFIT SHARING & RETIREMENT PLAN

December 31, 2025 and 2024

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Raulli and Sons, Inc. The Employees' Profit Sharing & Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan covering substantially all employees of Raulli and Sons, Inc. (the Company). Certain employees are eligible to participate in the prevailing pension supplement contributions upon commencement of employment. Employees are eligible to participate in the 401(k) elective deferrals upon attaining the age of 21 and completing one year of service defined as working 1,000 hours during the Plan year and are employed on the last day of the Plan year. Upon meeting these eligibility requirements employees are also entitled to receive an allocation of the Company's discretionary matching contributions and discretionary profit sharing contributions. Entry dates into the Plan are on the first day of the Plan year and the first day of the seventh month of the Plan year. The Plan's Trustees are responsible for the oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan is subject to the provisions of ERISA.

Contributions: Contributions are subject to limitations determined by the Internal Revenue Service (IRS). Participants may contribute tax-deferred and after-tax Roth dollars through a payroll deduction equal to the lesser of 100% of annual compensation or the maximum amount allowed by the Internal Revenue Code (IRC). Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, the participant may make "catch-up" contributions as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company also makes contributions to the Plan in an amount equal to the sum of:

(1) wage rate contributions for participants working on projects covered by prevailing wage rate schedules issued by the New York State Department of Labor under Article 8, Section 220, of the New York State Labor Law or by the U.S. Department of Labor under the Davis-Bacon Act; and/or any other state department of labor;

(2) a discretionary Company matching contribution based on a percentage of a participant's elective deferral; and

(3) any additional amount determined by the Board of Directors in its discretion provided the participant worked at least 1,000 hours during the Plan year and is employed on the last day of the Plan year.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Contributions--Continued: Company contributions for the year ended December 31, 2025 and 2024 amounted to $338,601 and $298,801, respectively.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. If a different percentage is not chosen by the participant, the percentage will automatically increase each year by 1% up to a maximum of 10%.

Participant Accounts: Each participant's account is credited with wage rate contributions, the participant's elective salary deferral contribution, and allocations of the Company's discretionary matching and profit sharing contributions, Plan earnings and losses, and certain plan expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are vested immediately in their elective deferral and prevailing pension supplement contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit sharing contributions and the earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service.

Forfeitures: Participants that have terminated employment and who were not fully vested in the employer contributions forfeit the non-vested portion of the employer contribution and earnings thereon. Forfeitures are available to reduce subsequent Company matching and profit sharing contributions or to restore participant account balances. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $-0- and $5,872, respectively. Forfeitures used to reduce employer contributions totaled $18,134 and $-0- for the years ended December 31, 2025 and 2024, respectively.

Receivables--Notes From Participants: Participants may borrow from their vested account balance a minimum of $1,000 with the maximum amount being the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance at any time in the preceding 12 months. Terms of the loans require repayment over a period not extending beyond five years from the date of the loan. The loans are secured by the balance in the participant's vested account and bear interest at a rate that would be charged under similar circumstances by persons and institutions in the business of making loans. Principal and interest are paid ratably through payroll deductions.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the participant's vested account balance in either a lump-sum amount or equal installment payments over a period of years as elected by the participant. For termination of service for other reasons, and if a participant's vested account balance is greater than $1,000, a participant may receive the value of his or her account in either a lump-sum payment or in installment payments, as elected by the participant. If a participant's vested account balance is $1,000 or less, and the participant fails to make a distribution election, a lump-sum amount will be paid to the participant without their consent.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note D for discussion of fair value measurements. The Plan's insurance fixed account is stated at contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's losses and gains on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Receivables--Notes From Participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Events Occurring After Reporting Date: Plan management has evaluated events and transactions that occurred between December 31, 2025 and September 25, 2026, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by the Plan management.

NOTE C--INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years then ended included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya Retirement Insurance and Annuity ("Voya"), the custodian of the Plan, and furnished to the Plan Administrator.

NOTE C--INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN (UNAUDITED)--Continued

The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the assets below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule relating to the following assets:

	December 31, 2025	December 31, 2024
Participant directed investments, at fair value:		
Money market account	$ -0-	$ 5,872
Pooled separate accounts	26,985,139	24,227,065
	$ 26,985,139	$ 24,232,937
Participant directed investments, at contract value:		
Insurance company general account	$ 1,453,520	$ 1,367,247
Receivables--notes from participants	$ 48,011	$ 32,885

Voya also certified to the completeness and accuracy of $3,369,323 and $3,841,116 of net appreciation in fair value of investments, $37,983 and $37,438 of interest and dividends and $3,226 and $1,835 of interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, respectively.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Money market fund: The fair value of the money market fund approximates carry value due to the nature of the instrument.

Pooled separate accounts: Investments in pooled separate accounts are investments in registered investment companies and are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares (participation units) held at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

The following table sets forth by Level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 26,985,139	$ -0-	$ -0-	$ 26,98,139

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 5,872	$ -0-	$ -0-	$ 5,872
Pooled separate accounts	24,227,065	-0-	-0-	24,227,065
Total investments at fair value	$ 24,232,937	$ -0-	$ -0-	$ 24,232,937

NOTE E--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract with Voya. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2025 and 2024 was $1,453,520 and $1,367,247, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. Voya is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed annually for resetting. The guaranteed investment contract does not permit the contract issuer to terminate the agreement prior to providing the required advance notice, as outlined in the contract.

NOTE E--INVESTMENT CONTRACT WITH INSURANCE COMPANY--Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) certain amendments to a plan document (including complete or partial plan termination or merger with another plan), (2) changes to plan prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of a plan sponsor or other plan sponsor events that cause a significant withdrawal from a plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, has occurred or is probable.

NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants accounts. Therefore, related transactions qualify as party in interest transactions. Certain Plan investments are pooled separate accounts managed by Voya. Voya is the custodian of the Plan, as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees paid by the Plan for investment management and contract administrative services are customary for the services provided. The Plan Sponsor pays directly other fees related to the Plan's operations.

Fees deducted from Plan participants' accounts totaling $9,382 and $15,856 for the years ended December 31, 2025 and 2024, respectively, represent participant loan and other administrative fees.

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H--TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Datair Employee Benefit Systems, Inc. ("Datair"). The IRS has determined and informed the prototype plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the related trust continues to be tax-exempt as of December 31, 2025.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's Statements of Net Assets Available for Benefits.

NOTE J--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2025 and 2024 financial statements to the respective Form 5500:
